An epic, award-winning biography of Malcolm X that draws on hundreds of hours of personal interviews and rewrites much of the known narrative. Les Payne, the renowned Pulitzer Prize-winning investigative journalist, embarked in 1990 on a nearly

thirty-year-long quest to create an unprecedented portrait of Malcolm X, one that would separate fact from fiction. The result is this historic, National Book Award-winning biography, which interweaves previously unknown details of Malcolm X's life—from harrowing Depression-era vignettes to a moment-by-moment retelling of the 1965 assassination—into an extraordinary account that contextualizes Malcolm X's life against the wider currents of American history. Bookended by essays from Tamara Payne, Payne's daughter and primary researcher, who heroically

completed the biography after her father's death in 2018, *The Dead Are Arising* affirms the centrality of Malcolm X to the African American freedom struggle.

The classic collection of major speeches, now bundled with an audio download of Malcolm X delivering two of them. Malcolm X remains a touchstone figure for black America and in American culture at large. He gave African Americans not only

their consciousness but their history, dignity, and a new pride. No single individual can claim more important responsibility for a social and historical leap forward such as the one sparked in America in the sixties. When, in 1965, Malcolm X was gunned down on the stage of a Harlem theater, America lost one of its most dynamic political thinkers. Yet, as Michael Eric Dyson has observed, "he remains relevant because he spoke presciently to the issues that matter today: black identity, the politics

of black rage, the expression "Coming Home to Roost" speech of black dissent, the politics ("God's Judgment of White America"), delivered after the importance of consolidating varieties of expressions within black communities—different ideologies and politics—and bringing them together under a banner of functional solidarity." The End of White World Supremacy contains four major speeches by Malcolm X, including: "Black Man's History," "The Black Revolution," "The Old Negro and the New Negro," and the famous "The Chickens Are

assassination of John F. Kennedy. Several of the speeches include a discussion with the moderator, among whom Adam Clayton Powell, or a question-and-answer with the audience. This new edition bundles with the book an audio download of Malcolm's stirring delivery of "Black Man's History" in Harlem's Temple No.7 and "The Black Revolution" in the Abyssinian Baptist Church.

Les Payne, the renowned Pulitzer Prize-winning investigative journalist, embarked in 1990 on a nearly thirty-year-long quest to interview anyone he could find who had actually known Malcolm X—all living siblings of the Malcolm Little family, classmates, street friends, cellmates, Nation of Islam figures, FBI moles and cops,

and political leaders around the world. His goal was ambitious: to transform what would become over a hundred hours of interviews into an unprecedented portrait of Malcolm X, one that would separate fact from fiction. The result is this historic biography that conjures a never-before-seen world of its protagonist, a work whose title is inspired by a phrase Malcolm X used when he saw his Hartford followers stir with purpose, as if the dead were truly arising, to overcome the obstacles of racism. Setting

Malcolm's life not only within parents: his father, Earl, a the Nation of Islam but circuit-riding preacher who against the larger backdrop of was run over by a street car American history, the book in Lansing, Michigan, in 1929, traces the life of one of the and his mother, Louise, who twentieth century's most continued to instill black politically relevant figures pride in her children after "from street criminal to Earl's death. Filling each devoted moralist and chapter with resonant drama, revolutionary." In tracing Payne follows Malcolm's Malcolm X's life from his exploits as a petty criminal Nebraska birth in 1925 to his in Boston and Harlem in the Harlem assassination in 1965, 1930s and early 1940s to his Payne provides searing religious awakening and vignettes culled from conversion to the Nation of Malcolm's Depression-era Islam in a Massachusetts youth, describing the penitentiary. With a influence of his Garveyite biographer's unwavering

determination, Payne corrects the historical record and delivers extraordinary revelations—from the unmasking of the mysterious NOI founder “Fard Muhammad,” who preceded Elijah Muhammad; to a hair-rising scene, conveyed in cinematic detail, of Malcolm and Minister Jeremiah X Shabazz’s 1961 clandestine meeting with the KKK; to a minute-by-minute account of Malcolm X’s murder at the Audubon Ballroom. Introduced by Payne’s daughter and primary researcher, Tamara Payne, who, following her

father’s death, heroically completed the biography, *The Dead Are Arising* is a penetrating and riveting work that affirms the centrality of Malcolm X to the African American freedom struggle. *The Autobiography of Malcolm X*

The author of *Baldwin’s Harlem* looks at the evolving culture, politics, economics, and spiritual life of Detroit—a blend of memoir, love letter, history, and clear-eyed reportage that explores the city’s past, present, and

future and its significance to the African American legacy and the nation's fabric. Herb Boyd moved to Detroit in 1943, as race riots were engulfing the city. Though he did not grasp their full significance at the time, this critical moment would be one of many he witnessed that would mold his political activism and exposed a city restless for change. In Black Detroit, he reflects on his life and this landmark place, in search of understanding why Detroit is a special place for black people. Boyd reveals how Black Detroiters were prominent in the city's historic, groundbreaking union movement and—when given an opportunity—were among the tireless workers who made the automobile industry the center of American industry. Well paying jobs on assembly lines allowed working class Black Detroiters to ascend to the middle class and achieve financial stability, an accomplishment not often attainable in other industries. Boyd makes clear that while many of these middle-class jobs have disappeared, decimating the population and hitting blacks hardest, Detroit survives thanks to the emergence of companies

such as Shinola—which represent the strength of the Motor City and its continued importance to the country. He also brings into focus the major figures who have defined and shaped Detroit, including William Lambert, the great abolitionist, Berry Gordy, the founder of Motown, Coleman Young, the city's first black mayor, diva songstress Aretha Franklin, Malcolm X, and Ralph Bunche, winner of the Nobel Peace Prize. With a stunning eye for detail and passion for Detroit, Boyd celebrates the music, manufacturing, politics, and culture that make it an American original.

Malcolm X Speaks Station Hill Press
Malcolm X was an African-American Muslim minister and human rights activist. To his admirers he was a courageous advocate for the rights of blacks, a man who indicted white America in the harshest terms for its crimes against black Americans; detractors accused him of preaching racism and violence. He has been called one of the greatest and most influential African Americans in history. His father was killed when he was six and his mother was placed in a mental hospital when he

was thirteen, after which he lived in a series of foster homes. In 1946, at age twenty, he went to prison for larceny and breaking and entering. While in prison, he became a member of the Nation of Islam (NOI), changing his birth name Malcolm Little to Malcolm X because, he later wrote, Little was the name that "the white slavemaster ... had imposed upon [his] paternal forebears." After his parole in 1952 he quickly rose to become one of the organization's most influential leaders, serving as the public face of the controversial group for a dozen years. In his autobiography,

Malcolm X wrote proudly of some of the social achievements the Nation made while he was a member, particularly its free drug rehabilitation program. The Nation promoted black supremacy, advocated the separation of black and white Americans, and rejected the civil rights movement for its emphasis on integration. By March 1964, Malcolm X had grown disillusioned with the Nation of Islam and its leader Elijah Muhammad. Expressing many regrets about his time with them, which he had come to regard as largely wasted, he embraced Sunni Islam. After a

period of travel in Africa and the Middle East, which included completing the Hajj, he also became known as el-Hajj Malik el-Shabazz. He repudiated the Nation of Islam, disavowed racism and founded Muslim Mosque, Inc. and the Organization of Afro-American Unity. He continued to emphasize Pan-Africanism, black self-determination, and black self-defense.
