This Biological Psychology, 11th Edition is edited by James W. Kalat. This Eleventh Edition textbook of Biological Psychology is the most widely used text in the course area, and for good reason: an extremely high level of scholarship, clear and occasionally humorous writing style, and precise examples. Throughout all eleven editions, Kalat's goal has been to make biological psychology accessible to psychology students, not just to biology majors and pre-meds.

*Biological Psychology - James W. Kalat - Google Books*

It's focused - logically so - on biological explanations of behaviour and/or psychological issues, and presented entertainingly and enthusiastically so by James W. Kalat. It covers a wide array of topics, and is probably too detailed (especially in later chapters) to be considered as 'only' an introductory to biological psychology.
