Structured Questions in Certificate Biology Philip Allan

Reinforce students' understanding throughout their course; clear topic summaries with sample questions and answers will improve exam technique to achieve higher grades Written by examiners and teachers, Student Guides:

- Help students identify what they need to know with a concise summary of the topics examined in the AS and A-level specification
- Consolidate understanding with exam tips and knowledge check questions
- Provide opportunities to improve exam technique with sample graded answers to exam-style questions
- Develop independent learning and research skills
- Provide the content for generating individual revision notes

Biology for the IB Diploma Nelson Thornes

Exam Board: AQA Level: A-level Subject: Biology First Teaching: September 2015 First Exam: June 2016 Reinforce students' understanding throughout their course with clear topic summaries and sample questions and answers to help your students target higher grades.

Written by experienced teacher Pauline Lowrie, our Student Guides are divided into two key sections, content guidance and sample questions and answers. Content guidance will: - Develop students' understanding of key concepts and terminology; this guide covers topics 7 and 8: genetics, populations, evolution and ecosystems; the control of gene expression. - Consolidate students' knowledge with 'knowledge check questions' at the end of each topic and answers in the back of the book. Sample questions and answers will: - Build students' understanding of the different question types, so they can approach questions from topics 7 and 8 with confidence. - Enable students to target top grades with sample answers and commentary explaining exactly why marks have been awarded.

(with Suggested Answers) Hodder Education

DT These highly successful revision guides have been brought right up-to-date for the new A Level specifications introduced in September 2000. DT Oxford Revision Guides are highly effective for both individual revision and classroom summary work. The unique visual format makes the key concepts and processes, and the links between them, easier to memorize. DT Students will save valuable revision time by using these notes instead of condensing their own. DT In fact, many students are

choosing to buy their own copies so that they can colour code or highlight them as they might do with their own revision notes.

Philip Allan

AQA AS/A Level Year 1 Biology Student Guide: Topics 3 and 4 Philip Allan

The Effective Teaching of Biology aims to identify the special dimensions of the subject, how it contributes to the curriculum as a whole and why the teaching of biology differs from the teaching of other subjects. Current legal and safety requirements are provided together with practical teaching ideas and sources of information. The book also covers contemporary issues which are the subject of extensive debate, such as the changing patterns of assessment of pupils, the use of living organisms in school and the nature of learning difficulties which pupils experience.
