coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers- including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics-a trusted source for

While the book is laced with such self-deprecating humor, Bleszinski also bluntly addresses the challenges that have long-faced the gaming community, including sexism and a lack of representation among both designers and the characters they create. Control Freak is a hilarious, thoughtful,

its brutality. Teamed with FBI agent Will Brannock, Julia delves into an investigation that soon unearths more bodies—all mutilated in the same way, all left with a gruesome souvenir of a killer's ruthless rage . . . The only way to stop the slaughter is to predict the next victim. But when you're dealing with vengeance at its most ruthless, one

Legacy of Masks Ex-prosecutor Mary Crow didn't expect a hero's welcome when she returned home to Pisgah County, North Carolina. But what she did expect was the job she'd been promised in the D.A.'s office.

Instead she found she'd worn out her welcome before she even arrived—and that she has more than a few enemies among the supporters of the corrupt sheriff she'd caught sidelining in murder years before. The new sheriff was one of Mary's childhood schoolmates, timid and nerdy Jerry Cochran. Only Cochran is neither nerdy nor timid anymore. And

---

when a young girl is found brutally murdered and everyone, including the girl's parents and the police, is sure the killer is a young, mystical Ani Zaguhi Cherokee named Ridge Standingdeer, Mary's first case in her own law firm slams her into the heart of a controversy. As a prosecutor, Mary was used to tenaciously tracking down the guilty. Now she finds herself on the other side of the law, defending a client she's sure is innocent against a merciless system, a bigoted town...and an even more ruthless killer. With her old lover Jonathan Walkingstick, Mary will have to go where she's never gone before—a place where a psychopath with the perfect mask and a shocking secret is waiting to add Mary herself to his growing collection of silent victims.
