Few writers portray Native American life and history as

richly, authentically, and insightfully as Robert J. Conley. Conley represents an important voice of the Cherokee past. The novels in his Real People series combine powerful characters, gripping plots, and vivid descriptions of tradition and mythology to preserve Cherokee culture and history. In Cherokee Dragon, the tenth novel in the series, Robert Conley explores the life of Dragging Canoe, the last great war chief of the united Cherokee tribe. In the late eighteenth century, as the

English settlers begin steadily encroaching upon the Cherokee lands, the Nation divided among several towns and many chiefs unites in a series of battles. But the united front is not one that lasts: Dragging Canoe's belief that they must fight the settlers to preserve their lands and their culture is far from universal.

These eight stories reveal a world that's both recognizable and strange: cities of anxiety and violence, where quiet inhabitants lead outwardly banal lives that conceal sinister interiors. The premises, both fantastic and surreal, are also eerily plausible;

they often follow the logic of dreams where the real can appear in disguise. Though geographically rooted, the setting – from Ottawa to Toronto and the South of France – take on an ephemeral dimension: the geography is of the subconscious. With his darkly philosophical bent and sly humour, Alexis has fashioned an underworld and limned it with light. Despair quakes with life and sings with the imaginative brilliance of one of the most accomplished new talents writing today.
