creative projects for clothing, accessories, and home items that can be made in a weekend or less. Some, like the Quick Garden Gloves and Ruby's Bloomers, take a few hours; others, like the Weekend-Away Travel Bag and Trapeze Sundress, require a day or two—but all of them capture that weekend feeling. And because weekends are often the most fun when they're social, Ross features ideas that encourage us to share our stitching and our time, such as a recipe for soup to simmer while sewing, then serve to guests later in the day, and tips for transporting a sewing machine to a friend's house for an afternoon of social stitching. The sewing instructions are beautifully illustrated.

unique figure among American men of affairs - men who have done things. To have been an eye-witness of iron and steel development from the conversion of the first barrel of Lake Superior ore to a period when over sixty million tons come down the Lakes and other millions are smelted in the Upper Lake region, is something few have experienced. To have been connected with the pig iron industry when only six hundred thousand tons were made a year and be still connected with it when nearly forty million tons have been produced in this same period, is an honor that probably no one else can claim. Everyday Cheapskate No matter when and where it ' s done, the love—and dangers—of hunting will always remain. For more than forty million Americans who hunt, here is the ideal companion. Vincent T. Sparano, a lifelong devotee of hunting stories—and himself a

hunter—presents these timeless tales, each a thrilling account of man and beast. Twenty-five stories reveal the adventure, the spirit, the fear, and the danger involved in hunting—from the truly terrifying “ The Croc That Wouldn ’ t Die ” to the nearly unbelievable “ Nightmare Hunt, ” in which a hunter is mauled by bears, and survives. There are tales of tigers and rams, of deer and cougars. There is the classic story of a moose hunt in the wilds of Alaska in 1897. But another side to hunting is also here—the camaraderie, the friendship, and the responsibility of one hunter for another. Throughout the book runs a constant theme: the loyalty of men sharing a common goal. And within that framework is another loyalty of the hunter and his dog. No collection of hunting stories would be complete without a selection that skillfully and touchingly portrays the feelings between human and animal. And no story reveals it with more dignity than “ Nat ’ s Dog. ” A full collection covering the range of stories and experiences of hunters, Classic Hunting Tales gives keen insight to the outdoors and all who dwell there.
