Also included here are the latest materials, such as new variations on PVC vinyl and polymer-coated, wrought-iron look-alikes. SUGAR IS TAKING OVER OUR LIVES.

But why? And is it only those sweet, refined white crystals that are causing us problems, or could there be more to the story?Let's be honest: The problem isn't just

sugar itself. It's the refined, nutrient-poor carbohydrates that carry tons of calories, but no real nutrition. In our world, these are the easiest foods to grab on the go, but they leave us fat, sick, tired, and downright unhappy. The effect that sugar, "hidden" carbs, and refined, processed foods have on our bodies goes far beyond our waistlines. We can't focus, we can't sleep, we have irrational mid-afternoon cravings, and we can't even make it through the day without wanting—or needing—to prop up our energy levels with caffeine or even more sugar! What can we do to break free from this cycle? The 21-Day Sugar Detox is here to help. The 21-Day Sugar Detox is a clear-cut, effective, whole-foods-based nutrition action plan that will reset your body and your habits! Tens of thousands of people have already used this groundbreaking guide to shatter the vicious sugar stronghold. Now it's your turn! Use the easy-to-follow meal plans and more than 90 simple recipes in this book to bust a lifetime of sugar and carb cravings in just three weeks. Three levels of the program make it approachable for anyone, whether you're starting from scratch or from a gluten-free, grain-free, and/or Paleo/primal lifestyle. The 21-Day Sugar Detox even includes special modifications for athletes (endurance, CrossFit, HIIT-style, and beyond), pregnant/nursing moms, pescetarians, and people with

autoimmune conditions. What you'll experience on this program will be different from a lot of other "diet" programs out there that promote extremely restricted eating; encourage you to consume only shakes, juices, or smoothies; or rely heavily on supplements and very-low-calorie or very-low-fat diets to ensure success. The goal of any detox program should be to support your body in naturally cleansing itself of substances that create negative health effects—and that's exactly what The 21-Day Sugar Detox does. By focusing on quality protein, healthy fats, and good carbs, this program will help you change not only the foods you eat, but also your habits around food, and even the way your palate reacts to sweet foods. You'll likely complete the program and continue eating this way much of the time thereafter because you'll feel so amazing. After changing your everyday eating habits, you will begin to gain a new understanding of how food works in your body—and just how much nutrition affects your entire life. There's no reason to wait!

When Lorine Niedecker died in 1970, the British poet and critic Basil Bunting eulogized her warmly. "In England," he wrote, "she was, in the estimation of many, the most interesting woman poet America has yet produced." Aesthetically linked with the New York Objectivist poets,

Niedecker remained committed to her community in rural Wisconsin despite the grinding poverty that dogged her throughout her life. Largely self-taught, Niedecker formed attachments through her voracious reading and correspondence, but she also delighted in the disruptive richness of vernacular usage and in the homegrown, improvisational aesthetics that thrived within her immediate world. Niedecker wrote from a highly attenuated concern with biological, cultural, and political sustainability and, in her stridently modernist poems, anticipated many of the most urgent concerns in twenty-first-century poetics. In *Radical Vernacular*, Elizabeth Willis collects essays by leading poets and scholars that make a major contribution to the study of an important but long

overlooked American poet. This pathbreaking volume contains essays by seventeen leading scholars: Rae Armantrout, Glenna Breslin, Michael Davidson, Rachel Blau DuPlessis, Ruth Jennison, Peter Middleton, Jenny Penberthy, Mary Pinard, Patrick Pritchett, Peter Quartermain, Lisa Robertson, Elizabeth Robinson, Eleni Sikelianos, Jonathan Skinner, Anne Waldman, Eliot Weinberger, and Elizabeth Willis.

Classic Book Reviews and Timely Stories By:

Charles J. Scott We all want to learn from perceptive, intelligent, and experienced individuals we admire so that we may live better lives ourselves. Obviously, we need good guidance and a positive influence on our thought processes for this purpose. That's why we read great books from knowledgeable sources and listen to our role models. Because he likes to reflect on the books he has read and incorporate the favorable impressions they have made on him into his daily activities, author Charles Scott developed the habit of writing a series of book reviews and short stories to commemorate the occasion. The reviews have provided him with a diving platform, or a jumping-off point of departure, for making sound decisions and evaluating his actions. Consequently, the resulting stories represent a celebration of the life

and times in which he has lived. They are meant to celebrate humanity in an otherwise uncertain world throughout the ages.

More than just a pair of days, a weekend is also a state of mind—a feeling of relaxation and freedom to immerse ourselves fully in a favorite activity. In *Weekend Sewing*, designer Heather Ross presents creative projects for clothing, accessories, and home items that can be made in a weekend or less. Some, like the Quick Garden Gloves and Ruby 's Bloomers, take a few hours; others, like the Weekend-Away Travel Bag and Trapeze Sundress, require a day or two—but all of them capture that weekend feeling. And because weekends are often the most fun when they ' re social, Ross features ideas that encourage us to share our

stitching and our time, such as a recipe for soup to simmer while sewing, then serve to guests later in the day, and tips for transporting a sewing machine to a friend ' s house for an afternoon of social stitching. The sewing instructions are beautifully illustrated.

Conan der Barbar Classic Collection 2 Black & Decker Complete Photo Guide

No matter when and where it ' s done, the love—and dangers—of hunting will always remain. For more than forty million Americans who hunt, here is the ideal companion. Vincent T. Sparano, a lifelong devotee of hunting stories—and himself a hunter—presents these timeless tales, each a thrilling account of man and beast. Twenty-five stories reveal the adventure, the spirit, the fear, and the danger involved in hunting—from the truly terrifying “ The Croc That Wouldn ' t Die ” to the nearly unbelievable “ Nightmare Hunt, ” in which a hunter is mauled by bears, and survives.

There are tales of tigers and rams, of deer and cougars. There is the classic story of a moose hunt in the wilds of Alaska in 1897. But another side to hunting is also here—the camaraderie, the friendship, and the responsibility of one hunter for another. Throughout the book runs a constant theme: the loyalty of men sharing a common goal. And within that framework is another loyalty of the hunter and his dog. No collection of hunting stories would be complete without a selection that skillfully and touchingly portrays the feelings between human and animal. And no story reveals it with more dignity than “Nat’s Dog.” A full collection covering the range of stories and experiences of hunters, *Classic Hunting Tales* gives keen insight to the outdoors and all who dwell there. Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. We publish books about shotguns, rifles, handguns, target shooting, gun collecting, self-defense, archery, ammunition, knives, gunsmithing, gun repair, and

While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.
