Overcome by his desire for revenge against a traitor who left a fellow team member dead, the cyborg Xris learns where his enemy has been hiding under an assumed name but is forced to team up with him when a new threat prevails.

*Gone to Earth* Random House

In this raw and honest memoir, Jen Noonan authentically shares her journey to start and complete a family. Leading readers on a roller coaster of triumphs and losses, she richly details her experience working with the Colorado Center for Reproductive Medicine, one of the nation's leading reproductive endocrinology clinics. Readers walk away

with a deeper understanding of the physical and emotional process of trying to build a family through medication, Intrauterine Inseminations, and In Vitro Fertilization. *Due Time* strikes a chord with millions of men and women worldwide attempting to build a family. It is a must read for anyone who has struggled to conceive a child, is currently struggling to conceive, has experienced a miscarriage, wants to support a loved one, or wishes to gain knowledge about infertility.

*Madhouse at the End of the Earth* Beckham Publications Group, Inc.

An “ epic and intimate ” (David M. Kennedy) portrait of four generations of the Morgenthau family, a dynasty of power brokers and public officials with an outsize—and previously unmapped—influence extending from daily life in

---

New York City to the shaping of the American Century “ Magisterial . . . a vivid retelling of critical domestic and world events over two centuries. ” —Dr. Fiona Hill After coming to America from Germany in 1866, the Morgenthau made history in international diplomacy, in domestic politics, and in America ’ s criminal justice system. With unprecedented, exclusive access to family archives, award-winning journalist and biographer Andrew Meier vividly chronicles how the Morgenthau amassed a fortune in Manhattan real estate, advised presidents, advanced the New Deal, exposed the Armenian genocide, rescued victims of the Holocaust, waged war in the Mediterranean and Pacific, and, from a foundation of private wealth,

built a dynasty of public service. In the words of former mayor Ed Koch, they were “ the closest we ’ ve got to royalty in New York City. ” Lazarus Morgenthau arrived in America dreaming of rebuilding the fortune he had lost in his homeland. He ultimately died destitute, but the family would rise again with the ascendance of Henry, who became a wealthy and powerful real estate baron. From there, the Morgenthau went on to influence the most consequential presidency of the twentieth century, as Henry ’ s son Henry Jr. became FDR ’ s longest-serving aide, his Treasury secretary during the war, and his confidant of thirty years. Finally, there was Robert Morgenthau, a decorated World War II hero who would become the

---

longest-tenured district attorney in the history of New York City. Known as the “ DA for life, ” he oversaw the most consequential and controversial prosecutions in New York of the last fifty years, from the war on the Mafia to the infamous Central Park Jogger case. The saga of the Morgenthau has lain half hidden in the shadows for too long. At heart a family history, Morgenthau is also an American epic, as sprawling and surprising as the country itself.

*Lilly Noble & Actual Magic* Life Remotely

In the tradition of Iron and Silk and Touch the Dragon, Jamie Zeppa’s memoir of her years in Bhutan is the story of a young woman’s self-discovery in a foreign

land. It is also the exciting début of a new voice in travel writing. When she left for the Himalayan kingdom of Bhutan in 1988, Zeppa was committing herself to two years of teaching and a daunting new experience. A week on a Caribbean beach had been her only previous trip outside Canada; Bhutan was on the other side of the world, one of the most isolated countries in the world known as the last Shangri-La, where little had changed in centuries and visits by foreigners were restricted. Clinging to her bags full of chocolate, hair conditioner and Immodium, she began the biggest challenge of her life, with no idea she would fall in love with the country and

---

with a Bhutanese man, end up spending nine years in Bhutan, and begin a literary career with her account of this transformative journey. At her first posting in a remote village of eastern Bhutan, she is plunged into an overwhelmingly different culture with squalid Third World conditions and an impossible language. Her house has rats and fleas and she refuses to eat the local food, fearing the rampant deadly infections her overly protective grandfather warned her about. Gradually, however, her fear vanishes. She adjusts, begins to laugh, and is captivated by the pristine mountain scenery and the kind students in her grade 2 class. She also begins to discover for herself the spiritual serenity of Buddhism. A transfer to the government college of Sherubtse, where the housing conditions are comparatively luxurious and the students closer to her own age, gives her a deeper awareness of Bhutan's challenges: the lack of personal privacy, the pressure to conform, and the political tensions. However, her connection to Bhutan intensifies when she falls in love with a student, Tshewang, and finds herself pregnant. After a brief sojourn in Canada to give birth to her son, Pema Dorji, she marries Tshewang and makes Bhutan her home for another four years. Zeppa's personal essay about her culture shock on arriving in Bhutan won

---

the 1996 CBC/Saturday Night literary competition and appeared in the magazine. She flew home to accept the prize, where people encouraged her to pursue her writing. Her letters from Bhutan also featured on CBC's Morningside. The book that grew out of this has been published in Canada and the United States to ecstatic reviews, followed by British, German, Dutch, Italian and Spanish editions. Although cultural differences finally separated Jamie and Tshewang in 1997 while she was writing the book and she returned to Canada, she will always feel at home in Bhutan. Zeppa shares her compelling insights into this land and culture, but *Beyond the Sky* and the

*Earth* is more than a travel book. With rich, spellbinding prose and bright humour, it describes a personal journey in which Zeppa acquires a deeper understanding of what it means to leave one's home behind, and undergoes a spiritual transformation.

*The Seeds of New Earth* (the *Silent Earth*, Book 2) National Geographic One man's death will change the future. Only two people can save him - if they have the courage to trust each other. Elizabeth Barritt fought hard for the life she has, finally putting the ugly memories of a childhood trapped in the foster care system behind her. She has the chance to move forward, to reach out for a new, exciting future, surrounded

---

by the art that is her passion. All she has to do is take the first step. Enter Jackson Kane, who bursts into her life, literally out of thin air. He is a time traveler, on the hunt for a rogue agent. Colliding with Elizabeth is not on his agenda, as much as she intrigues him. When Kane is injured protecting Elizabeth from that agent, she makes a decision that will change her life, in ways she can't even begin to grasp. She takes him home. Once he is healed enough to travel, Kane goes after the agent, chasing him back to war-torn London. But his journey back takes a sideways turn, forcing Elizabeth to make another choice. She follows him into the past, to help him stop one man from changing their future. Together, they learn to trust. What they don't expect is the connection between them - a connection so strong they can't fight it, even as they try. Because how can it work, when their lives are centuries apart? \*Includes an exclusive preview of First Breath, Book Two of the Love in Time series.

[Song of the Wings Coloring Book](#) Free Your Words Savannah is a young woman set out to make a difference in the world. But she plans to do it alone. With no family to connect with and no man in her life, she is ready, willing and able to face the challenges life has to offer. She is fearless, or so she thinks. She has planned her life out carefully never realizing that the best plans are sometimes altered. This story is about her journey as her life's plan changes its course. The mountains of Calabria:

ancient, beautiful, harsh, enchanting, and austere. Luciano Martello was born in this land, into a desperate, stubborn poverty that was passed on from one generation to the next. The only way to escape the cycle of poverty is to emigrate. This is the story of an ordinary man with an unyielding determination to provide his family a chance at a life of plenitude no matter the cost. A man with a monomaniacal obsession: America! His efforts to reach the promised land are met with frustration and bitterness. He soon learns that immigrating to America in the mid twentieth century is not as simple as it was in his father's time. He must first obtain the money to finance the voyage, survive the horrors of

World War II, and suffer the consequences of avenging his sister's death to restore the family's honor.

Black Earth Armchair Traveller

"That Black Earth is an extraordinary work is, for anyone who has known Russia, beyond question."—George Kennan "A compassionate glimpse into the extremes where the new Russia meets the old," writes Robert Legvold (Foreign Affairs) about Andrew Meier's enthralling new work.

Journeying across a resurgent and reputedly free land, Meier has produced a virtuosic mix of nuanced history, lyric travelogue, and unflinching reportage. Throughout, Meier captures the country's present limbo—a land rich in potential but on the brink of staggering back into tyranny—in an account that is by turns heartrending and celebratory, comic and terrifying. A 2003 New York Public Library Book to Remember. "Black Earth is

---

the best investigation of post-Soviet Russia since David Remnick's *Resurrection*. Andrew Meier is a truly penetrating eyewitness."—Robert Conquest, author of *The Great Terror*; "If President Bush were to read only the chapters regarding Chechnya in Meier's *Black Earth*, he would gain a priceless education about Putin's Russia."—Zbigniew Brzezinski "Even after the fall of Communism, most American reporting on Russia often goes no further than who's in and who's out in the Kremlin and the business oligarchy. Andrew Meier's *Russia* reaches far beyond . . . this Russia is one where, as Meier says, history has a hard time hiding. Readers could not easily find a livelier or more insightful guide."—Adam Hochschild, author of *King Leopold's Ghost* and *The Unquiet Ghost: Russians Remember Stalin* "From the pointless war in Chechnya to the

wild, exhilarating, and dispiriting East and the rise of Vladimir Putin, the former KGB officer—it's all here in great detail, written in the layers the story deserves, with insight, passion, and genuine affection."—Michael Specter, staff writer, *The New Yorker*; co-chief, *The New York Times* Moscow Bureau, 1995-98. "[Meier's] knowledge of the country and his abiding love for its people stands out on every page of this book....But it is his linguistic fluency, in particular, which enables Mr. Meier to dig so deeply into Russia's black earth."—*The Economist* "A wonderful travelogue that depicts the Russian people yet again trying to build a new life without really changing their old one."—William Taubman, *The New York Times* Book Review. *Heaven on Earth* Haus Publishing  
A bi-racial boy named Christian, spends an interesting day learning about race, color

Hairnigans. Friendship. Big Dreams. The previously scheduled life Maya Hatton planned has been interrupted for an emergency broadcast announcement. A news station manager threatens to destroy over twenty years of brand and image building with a new contract from hell. Her husband Roddreccus moved into the rental property and refuses to move home without explanation. Instead of finding confidence, fun, and freedom as she enters her mid-fifties she 's faced with crises. Fans believed she had it all together but her dream team lost a member, a villain hijacked her fairy tale marriage and now she needs to remember how to be the Maya everyone thinks she is or lose the best thing she ever had.

Natural Sistahs series is written by an African American author whose chosen her natural hair since 1998. While one of many indie published black authors she considers her books appropriate for the women's fiction category though most would be shelved in the black fiction, black books, African American women's fiction, or black women's fiction section in most physical bookstores.

The Catch Me If You Can GIG PowHer Press

Some fourteen hundred years after the Prophet Muhammad first articulated God's law-the shari'a-its earthly interpreters are still arguing about what it means. Hard-liners reduce it to amputations, veiling, holy war, and stonings. Others say that it is humanity's only guarantee of a just society. And as colossal acts of terrorism made the word "shari'a" more controversial than ever during the past decade, the legal historian and human rights lawyer Sadakat Kadri realized that many people in the West harbored ideas

---

about Islamic law that were hazy or simply wrong. Heaven on Earth describes his journey, through ancient texts and across modern borders, in search of the facts behind the myths. Kadri brings lucid analysis and enlivening wit to the turbulent story of Islam's foundation and expansion, showing how the Prophet Muhammad's teachings evolved gradually into concepts of justice. Traveling the Muslim world to see the shari'a's principles in action, he encounters a cacophony of legal claims. At the ancient Indian grave of his Sufi ancestor, unruly jinns are exorcised in the name of the shari'a. In Pakistan's madrasas, stern scholars ridicule his talk of human rights and demand explanations for NATO drone attacks in Afghanistan. In Iran, he hears that God is forgiving enough to subsidize sex-change operations- but requires the execution of Muslims who change religion. Yet the stories of compulsion

and violence are only part of a picture that also emphasizes compassion and equity. Many of Islam's first judges refused even to rule on cases for fear that a mistake would damn them, and scholars from Delhi to Cairo maintain that governments have no business enforcing faith. The shari'a continues to shape explosive political events and the daily lives of more than a billion Muslims. Heaven on Earth is a brilliantly iconoclastic tour through one of humanity's great collective intellectual achievements-and an essential guide to one of the most disputed but least understood controversies of modern times. Morgenthau Harlequin Books  
A bold expos é of the controversial secret that has potentially dire consequences in many African American communities. Delivering the first frank and thorough

investigation of life “ on the down low ” (the DL), J. L. King exposes a closeted culture of sex between black men who lead “ straight ” lives. King explores his own past as a DL man, and the path that led him to let go of the lies and bring forth a message that can promote emotional healing and open discussions about relationships, sex, sexuality, and health in the black community. Providing a long-overdue wake-up call, J. L. King bravely puts the spotlight on a topic that has until now remained dangerously taboo. Drawn from hundreds of interviews, statistics, and the author ’ s firsthand knowledge of DL behavior, *On the Down Low* reveals the warning signs African American women need to know. King also discusses the potential health consequences

of having unprotected sex, as African American women represent an alarming 64 percent of new HIV infections. Volatile yet vital, *On the Down Low* is sure to be one of the most talked-about books of the year. “ A survey by the Centers for Disease Control in Atlanta found that nearly a quarter of black HIV-positive men who had sex with men consider themselves heterosexual. ”

An in-depth exploration of Ukraine through encounters with the many different people who live there. “ Will someone pay for the spilled blood? No. Nobody. ” Mikhail Bulgakov composed this ominous and prophetic phrase in Kiev amid the turmoil of the Russian civil war. Since then, Ukrainian borders have shifted constantly, and its people have suffered numerous military foreign interventions. Ukraine has only existed as an independent state since 1991, and what exactly it was before then is controversial among its people as well as its European neighbors. In *Black Earth: A Journey through the Ukraine*, journalist and celebrated travel writer Jens Mü hling takes readers across the country amid the ousting of

former president Viktor Yanukovich and the Russian annexation of Crimea. Mü hling delves deep into daily life in Ukraine, narrating his encounters with Ukrainian nationalists and old communists, Crimean Tatars and Cossacks, smugglers, and soldiers. *Black Earth* connects all these stories to convey an unconventional and unfiltered view of Ukraine, a country at the crossroads of Europe and Asia and the center of countless conflicts. In this paperback edition, a new preface is included that takes into account recent developments up to the 2022 war between Russia and Ukraine.
