Paul "Chuck Norris" Yurkin has never been one to give up. A product of the inner city projects, he pulled himself up by the bootstraps and enlisted in the Marine Corps-serving proudly in Desert Storm before beginning a fifteen-year career with the Myrtle Beach police force. But when he saw the efforts of his

policing failing to create any positive change, it wasn't long before Yurkin became jaded by the system as a whole. Seeking a new life for himself and his daughters, he met up with a private contracting firm and began training for a trip to sunny Afghanistan, where he would work on training the fledgling Afghan National Police. In the midst of two weeks of training in Virginia, he earned the nickname that would stick with him for years to come-and met three best friends that remained by his side through dangerous missions, misadventures, and the frustrations of being stationed abroad. In *Memoirs of a Security Contractor*, Yurkin tells the true story of his time as a security contractor in Afghanistan in candid detail-in an eye-opening tale of determination, friendship, and never giving up.

We Fought the Road is the story of the building of the Alaska-Canada Highway during World War II. More than one third of the 10,607 builders were black; thought to be incapable of performing on a war front by many of their white commanding officers. Their task--which required punching through wilderness on a route blocked by the Rocky Mountains and deadly permafrost during the worst winter on record--has been likened to the

building of the Panama Canal. Unlike most accounts that focus on the road's military planners, We Fought the Road is boots-on-the-ground and often personal, based in part on letters from the "Three Cent Romance," the successful courtship via mail discovered in the authors' family papers

long journey comes to life as breaking news headlines that entertain and engage dreamers of all ages. This novel storytelling is based on Joe's firsthand experience as well as from friends and mentors who worked closely with Walt during the 1930's through the 1960's. Readers will enter the circle of nearness of Walt Disney's life journey as he transform's and revolutionizes movie cartoons into a powerful new art form. Walt becomes the Founding Father of modern movie animation with the release of his first full length feature film, Snow White. This was the prelude of Walt's

bigger dream to create something totally new under the sun. Driven by endless curiosity and courage, Walt Disney's dreams gave birth to the greatest real estate developments and tourist attractions in history with Disneyland and Walt Disney World. Today Walt's impossible dream is still growing. For all those people who helped make his dream come true with the opening of Disneyland in 1955, Walt created a special place called Club 33. Joe Cosgrove was there the day the Club opened in 1967. Club 33 was a secluded hideaway in the Happiest Place on earth for many years until the LA Times wrote a feature titled: "The Most Exclusive Club in the World." Joe reveals some fascinating Club 33 stories during its early secret years. This is also the story of other extraordinary dreamers, visionaries, leaders, innovators and heroes whose lives one day serendipitously intersected with Joe Cosgrove. These ordinary people who did extraordinary things include Joshua Meador, Harrison "Buzz" Price, Bob Hope, Ronald Reagan, Steve Allen, Charles E. Fuller and Billy Graham who are just some of the personalities in this wide reaching story of notable people

who help change our world for the better. WALT DREAMERS ME celebrates the American heritage of individual liberty with headline making news of exceptional individuals motivated by the highest possible standards of excellence who created innovations that greatly changed our imagination, our culture and our world for the better. These true life adventure headline stories are filled with heroes, mentors, tricksters, sidekicks, scoundrels and scallywags just like those we read about in the newspaper every day. These very universal caricatures are seen

in the classic stories in the Bible. Walt Disney brought these caricatures to life in such films as Snow White, Pinocchio and Cinderella. It is our intention that our readers accompany each person headlined in order to relate to each of them in a new powerful and personal way.

My Overdue Book: Too many stories not to tell: spells out the varied episodes in the life of a man who spent decades working in

Hollywood. He began as a little boy in Cincinnati impressed early on by the broadcasting magic of radio and then TV in the middle of twentieth century America. His drive to get into broadcasting culminates in an early success that gets interrupted by an unexpected sidebar in The US Army and a subsequent tour as an Infantryman in Vietnam in the late 1960's. His yearlong excursion in "Fun City East," with its repeated life and death experiences, had lifelong effects on this soldier-of-media. Following his wanderings through the jungles of Vietnam, Bright's interactions with many of America's top public figures throughout his decades in radio and television come to life with intriguing stories that are

personal, professional, positive and negative. It's life without a filter! Readers across generations will share and co-experience numerous real life feelings and emotions with writer Bright as his winding trail of life opens in front of them. book endorsement for peter bright; i always thought that peter bright and i had many things in common; we both grew up in ohio, we both had careers in the live event and variety side of television, and the few times we had times to talk i thought we shared a mutual philosophy toward the ups and downs of life. but it wasn't until i read his "overdue" book that i realized just what a rich and storied life peter has had and how much more deeply he had experienced the highs and lows, particularly during his years in the military, than i ever could have imagined. it really amazes me just how little we know about people we think we know, and just how much more we appreciate who they are when we are fortunate enough to have that background filled in by someone as articulate and able to express both facts and feelings as peter has in this book. when i started to read it, i thought all of those common events that we shared would be an interesting parallel track to my life and as such i would have a great frame of reference, but as i read on, i realized just what an amazing story peter has to tell and just how well he tells it. ken
