Eyecharts, Audio & Video lessons in the book chapters. William H. Bates discovered Natural Eyesight Improvement, 'The Bates Method'. He discovered the natural principles, normal function of the eyes (visual system) and applied natural methods, relaxation to return the eyes, eye muscles, nerves, mind/brain, body (entire visual system) to normal function with healthy eyes and clear vision. He cured; unclear close and distant vision, astigmatism, crossed, wandering eyes, cataracts, glaucoma, and other conditions. Natural Eyesight Improvement was practiced years before Dr. Bates discovered it. It is the normal, natural function of the eyes. Hidden from the public by eye surgeons, Optometrists, Optical businesses for over 100 years because this method works, is easy, anyone can learn, teach it, including children. It produces healthy eyes, clear vision and frees the patient from the need to purchase eyeglasses, drugs, unnecessary eye surgery. Yes, it can and has reversed cataracts! Dr. Bates worked his entire life treating people successfully with Natural Eyesight Improvement. When he cured the eyes, vision of many patients, medical students and other doctors in the hospital where he worked with natural treatments, without use of eyeglasses, surgery, drugs and proved his method is fact, that some of the old theories of eye function are incorrect; the eye surgeons that preferred to sell eyeglasses, surgery, drugs became angry and expelled him. (See: 'Reason and Authority' & 'Dr. Bates Lecture' in Better Eyesight Magazine: November, 1919, April, 1923 & Articles in his book.) Dr. Bates then opened his own office, a Clinic in Harlem, New York City. He treated thousands of people by natural methods, including many of the poor people that had little money. He kept his price for medical treatment low and also provided no charge office visits 'Free Clinic Days' for people that could not afford to pay for a visit to an Ophthalmologist. His treatments were successful. He cured the young and old, people of all ages, nationalities, cured a variety of eye conditions. The Bates Method is so simple and effective that many of his cured patients, 'often children' then went on to cure their friends, family, parents, teachers and other children of defective vision including crossed, wandering eyes. Read the 'true story of the two little girls that restored a blind mans eyesight' in the Oct. 1925 Magazine Issue. Dr. Bates recorded 11 years of work in his clinic, his patients and their varied treatments in his Better Eyesight Magazines, Books and Medical Articles. Dr. Bates Better Eyesight Magazines contain many Natural Treatments, a variety of Activities, Directions, Articles describing how Dr. Bates, Emily Lierman Bates, (his Clinic assistant, wife) and other eye Doctors, School Teachers, Bates Method Students, Bates Teachers, Children and Parents used Natural Treatments to remove, correct, prevent many different eye problems. Country Gentleman, the Magazine of Better Farming Aperture Direct

The first comprehensive survey of a pioneering artist, encompassing photographs, film and video, architectural models, pavilion installations, conceptual projects for magazine pages, drawings and prints, and writings. Dan Graham is one of the most significant figures to emerge from the 1960s moment of Conceptual art, with a practice that pioneered a range of art forms, modes, and ideas that are now fundamental to contemporary art. The thrust of his practice has always pointed beyond: beyond the art object, beyond the studio, beyond the medium, beyond the gallery, beyond the self. Beyond all these categories and into the realm of the social, the public, the democratic, the mass produced, the architectural, the anarchic, the humorous. Graham's early work, Homes for America—a series of snapshots of suburban New Jersey tract housing accompanied by short parodic texts, made as a page layout for Arts magazine—announced a critical art grounded in the everyday, and it merged the artist's interest in cultural commentary with art's most advanced visual modes. His 1984 "video-essay" Rock My Religion traced a continuum of separatism and collective ecstasy from the American religious sect the Shakers to hard-core punk music. This volume, which accompanies a major retrospective organized by the Museum of Contemporary Art, Los Angeles, offers the first comprehensive survey of Graham's work. The book's design evokes magazine format and style, after Graham's important conceptual work from the 1960s in that medium. Generously illustrated in color and black and white, Dan Graham: Beyond features eight new essays, two new interviews with the artist, a section of reprints of Graham's own writing, and an animated manga-style "life of Dan Graham" narrative. It examines Graham's entire body of work, which includes designs for magazine pages, drawing, photographs, film and video,

and architectural models and pavilions. Essays: Chrissie Iles on Graham's performance work • Bennett Simpson on Graham's interest and works in rock music • Beatriz Colomina on Graham's architectural pavilions • Rhea Anastas on Graham's early formation and short-lived operation of the John Daniels Gallery • Mark von Schlegell on Graham's interest in science fiction • Mark Francis on Graham's Public Space/Two Audiences (1976) • Alexandra Midal on Graham's conceptual works for magazine pages and magazine design • Philippe Vergne on Graham's puppet opera Don't Trust Anyone Over Thirty (2004) • Kim Gordon interview with Graham on their collaborations and music • Rodney Graham interview with Graham on jokes and humor in art

Cathie Black is the wise, funny mentor that every woman dreams of having. She was a pioneer in advertising sales at a time when women didn't sell; served as president and publisher of the fledgling USA Today; and, in her current position as the president of Hearst Magazines, persuaded Oprah to launch a magazine. In 2006 she was named one of Fortune's "50 Most Powerful Women in American Business" for the seventh consecutive year. Now, in the exuberant, down-to-earth voice that is her trademark, Cathie explains how she achieved "the 360° life"—a blend of professional accomplishment and personal contentment—and how any woman can seize opportunity in the workplace. No matter where you are in your career, Basic Black offers invaluable lessons that will help you land the job, promotion, or project you're vying for. At the core of the book are Cathie's candid, personal stories. She walks us through her decision to risk dropping a huge ad agency that handled the USA Today campaign in favor of a small boutique agency run by a wild man. (It was a smash.) She admits that her sometimes brusque style once led to a mutiny of staffers at Ms. (She learned to be more flexible in her managerial style.) She offers a clear-eyed look at what happened during the twenty-eight months between the launch and the close of the much-buzzed-about Talk magazine. And throughout, she offers fascinating glimpses of media and business personalities, such as Rupert Murdoch, Tina Brown, Frank Bennack, Vic Ganzi, former CosmoGirl! editor Atoosa Rubenstein, Bonnie Fuller, and the legendarily difficult Al Neuharth, founder of USA Today. Above all, Basic Black is motivating. It provides a close-up look at the keen judgment, perseverance, and optimism that have propelled Cathie Black to the top of her game, along with the kind of straight-up practical advice you get in a one-on-one session with a career coach. You'll find out how to handle job interviews, which rules to break, and why you should make your life a grudge-free zone. Equally important, you'll be inspired to pursue your passions and achieve your very best.

"It's a good thing that this is only the first book of a trilogy, because after getting to know Tabitha, you won't want to leave her at the end. . . . Written intimately as if you're peering into the mind of a close friend, this book is a true testament to the stresses on women today and how great girlfriends (and grandmothers) are often the key to our sanity." — Good Morning America The first novel in a captivating three-book series about modern womanhood, in which a young Black woman must rely on courage, laughter, and love—and the support of her two longtime friends—to overcome an unexpected setback that threatens the most precious thing she's ever wanted. Tabitha Walker is a black woman with a plan to "have it all." At 33 years old, the checklist for the life of her dreams is well underway. Education? Check. Good job? Check. Down payment for a nice house? Check. Dating marriage material? Check, check, and check. With a coveted position as a local news reporter, a "paper-perfect" boyfriend, and even a standing Saturday morning appointment with a reliable hairstylist, everything seems to be falling into place. Then Tabby receives an unexpected diagnosis that brings her picture-perfect life crashing down, jeopardizing the keystone she took for granted: having children. With her

dreams at risk of falling through the cracks of her checklist, suddenly she is faced with an impossible choice between her career, her dream home, and a family of her own. With the help of her best friends, the irreverent and headstrong Laila and Alexis, the mom jeans-wearing former "Sexy Lexi," and the generational wisdom of her grandmother and the nonagenarian firebrand Ms. Gretchen, Tabby explores the reaches of modern medicine and tests the limits of her relationships, hoping to salvage the future she always dreamed of. But the fight is all consuming, demanding a steep price that forces an honest reckoning for nearly everyone in her life. As Tabby soon learns, her grandmother's age-old adage just might still be true: Black girls must die exhausted.

2014 Locus Awards Finalist, Nonfiction Category In this hip, accessible primer to the music, literature, and art of Afrofuturism, author Ytasha Womack introduces readers to the burgeoning community of artists creating Afrofuturist works, the innovators from the past, and the wide range of subjects they explore. From the sci-fi literature of Samuel Delany, Octavia Butler, and N. K. Jemisin to the musical cosmos of Sun Ra, George Clinton, and the Black Eyed Peas' will.i.am, to the visual and multimedia artists inspired by African Dogon myths and Egyptian deities, the book's topics range from the "alien" experience of blacks in America to the "wake up" cry that peppers sci-fi literature, sermons, and activism. With a twofold aim to entertain and enlighten, Afrofuturists strive to break down racial, ethnic, and social limitations to empower and free individuals to be themselves.
