Gone For Good is the
first in a new mystery
series from award-
winning author

Joanna Schaffhausen, featuring Detective Annalisa Vega, in which a cold case heats up. The Lovelorn Killer murdered seven women, ritually binding them and leaving them for dead before penning them gruesome love letters in the local papers. Then he disappeared, and after twenty years with no trace of him, many believe that he's gone for good. Not Grace Harper. A grocery store manager by day, at night Grace uses her snooping skills as part of an amateur sleuth group. She believes the Lovelorn Killer is still living in the same neighborhoods that he hunted in, and if she can figure out how he selected his victims, she will have the key to his identity.

Detective Annalisa Vega lost someone she loved to the killer. Now she's at a murder scene with the worst kind of déjà vu: Grace Harper lies bound and dead on the floor, surrounded by clues to the biggest murder case that Chicago homicide never solved. Annalisa has the chance to make it right and to heal her family, but first, she has to figure out what Grace knew—how to see a killer who may be standing right in front of you. This means tracing his steps back to her childhood, peering into dark corners she hadn't acknowledged before, and learning that despite everything the killer took, she has still so much more to lose. A Third Scarpetta

Omnibus Penguin Retired schoolteacher Gwen Franklin has a new pet project—and a sideline in sleuthing. But this new case has a dangerous sting in the tail . . . Gwen's calendar has been filling up ever since she was hounded by her best friend, Nora, into starting 2 Sisters Pet Valet Services. Now they've been invited to attend the annual Clear the Shelter event, hosted by Portland's very own blonde bombshell newscaster, Babs Prescott. Babs is convinced she's top dog among local celebrities, but it's clear that someone disagrees when Babs' body is found following a downtown press conference. A story this juicy would be headline news at any time, but

especially once local crime reporter Shelby Tucker is arrested for the murder. Gwen was Shelby ' s high school teacher, and she ' s sure her former pupil is innocent. But in that case, who was itching to take Babs out of the spotlight for good? As Nora and Gwen investigate, they find personal mysteries at odds with Babs ' public persona, all leading to a killer who ' s not pussyfooting around . . .

Hornet's Nest

Thomas & Mercer
From New York Times bestselling author Patricia Cornwell comes Ripper: The Secret Life of Walter Sickert, a comprehensive and intriguing expos of one of

the world's most chilling cases of serial murder--and the police force that failed to solve it. Vain and charismatic Walter Sickert made a name for himself as a painter in Victorian London. But the ghoulish nature of his art--as well as extensive evidence--points to another name, one that's left its bloody mark on the pages of history: Jack the Ripper. Cornwell has collected never-before-seen archival material--including a rare mortuary photo, personal correspondence and a will with a

mysterious autopsy clause--and applied cutting-edge forensic science to open an old crime to new scrutiny. Incorporating material from Portrait of a Killer: Jack the Ripper--Case Closed, this new edition has been revised and expanded to include eight new chapters, detailed maps and hundreds of images that bring the sinister case to life.

(People) from New York Times bestselling author J.A. Jance, Ali Reynolds learns that no good deed goes unpunished. More than ten years after the sudden end of her high-profile broadcasting career, Ali Reynolds has made a good life for herself in her hometown of Sedona, Arizona. She has a new house, a new husband, and a flourishing cybersecurity company where her team of veritable technological wizards hunts

down criminals one case at a time. But the death of an old friend brings Ali back to the last story she ever reported: a feel-good human interest piece about a young man in need of a kidney to save his life, which quickly spiraled into a medical mismanagement scandal that landed a prestigious local doctor in prison for murder. Years may have passed, but Dr. Edward Gilchrist has not forgotten those responsible for his downfall—especially not Ali

Reynolds, who exposed his dirty deeds to the world. Life without parole won't stop him from getting his revenge. Tattooed on his arm are the initials of those who put him behind bars, and he won't stop until every person on that Annihilation List is dead. In this gripping suspense novel from "one of the finest practitioners of the suspenseful thriller" (The Strand Magazine), Ali Reynolds and his team race against the clock

to stop this ruthless killer—before her own name is crossed out for good. The world's bestselling crime writer Patricia Cornwell presents the extraordinary eighteenth novel in the

Kay Scarpetta series, in which Kay Scarpetta is confronted with a case that could ruin her professionally and personally. Kay Scarpetta has been training at the Dover Port Mortuary, mastering the art of 'virtual autopsy' - a groundbreaking procedure that could soon revolutionise forensic science. And it is not too long before these new skills urgently need to be put into practice. A

young man drops dead, apparently from a heart condition, eerily close to Scarpetta's home. But when his body is examined the next morning, there are stunning indications that he may have been alive when he was zipped inside a pouch and locked in the cooler. When the revolutionary 3D radiology scans reveal more shocking details about internal injuries

unlike any Scarpetta has ever seen, she realizes that this is a case of murder - and that she is fighting a cunning and uniquely cruel enemy. Now it is a race against time to discover who and why before more people die. But that time is running out . . .

A woman has vanished while digging a dinosaur bone bed in the remote wilderness of Canada. Somehow, the only evidence has made its way to the inbox of Chief Medical Examiner Kay

Scarpetta, over two thousand miles away in Boston. She has no idea why. But as events unfold with alarming speed, Scarpetta begins to suspect that the paleontologist’s disappearance is connected to a series of crimes much closer to home: a gruesome murder, inexplicable tortures, and trace evidence from the last living creatures of the dinosaur age. When she turns to those around her, Scarpetta finds that the danger and suspicion

have penetrated even her closest circles. Her niece Lucy speaks in riddles. Her lead investigator, Pete Marino, and FBI forensic psychologist and husband, Benton Wesley, have secrets of their own. Feeling alone and betrayed, Scarpetta is tempted by someone from her past as she tracks a killer both cunning and cruel. Cat's Meow Penguin
"When it comes to the forensic sciences, nobody can touch Cornwell." —New York Times Book

Review [PLEASE BOX:] CHAOS From the Ancient Greek (or khá os) A vast chasm or void. Anarchy. The science of unpredictability. On a late summer evening in Cambridge, Massachusetts, Dr. Kay Scarpetta and her investigative partner, Pete Marino, respond to a call about a dead bicyclist near the Kennedy School of Government. It appears that a young woman has been attacked with almost superhuman force. Even before Scarpetta ' s headquarters has been officially

notified about the case, Marino and Scarpetta ' s FBI agent husband, Benton Wesley, receive suspicious calls, allegedly from someone at Interpol. But it makes no sense. Why would the elite international police agency know about the case or be interested? It soon becomes apparent that an onslaught of harassment might be the work of an anonymous cyberbully named Tailend Charlie, who has been sending cryptic communications to Scarpetta for over a week. Even Lucy, her brilliant tech-savvy niece, can ' t trace who it is or

how this person could have access to intimate information. When a second death shocks Scarpetta to her core, it becomes apparent she and those close to her are confronted with something far bigger and more dangerous than they 'd ever imagined.

The Last Precinct

Penguin
In Scarpetta, Patricia Cornwell has a character as strong as any in popular fiction" —Wall

Street Journal New York Times bestselling author Patricia Cornwell delivers the newest engrossing thriller in her high-stakes series starring medical examiner Dr. Kay Scarpetta. Depraved Heart: "Void of social duty and fatally bent on mischief." —Mayes v. People, 806 III. 306 (1883) Dr. Kay Scarpetta is working a suspicious death scene in Cambridge,

Massachusetts when an emergency alert sounds on her phone. A video link lands in her text messages and seems to be from her computer genius niece Lucy. But how can it be? It ' s clearly a surveillance film of Lucy taken almost twenty years ago. As Scarpetta watches she begins to learn frightening secrets about her niece, whom she has loved and

raised like a daughter. That film clip and then others sent soon after raise dangerous legal implications that increasingly isolate Scarpetta and leave her confused, worried, and not knowing where to turn. She doesn't know whom she can tell—not her FBI husband Benton Wesley or her investigative partner Pete Marino. Not even Lucy. In this new novel,

Cornwell launches these unforgettable characters on an intensely psychological odyssey that includes the mysterious death of a Hollywood mogul's daughter, aircraft wreckage on the bottom of the sea in the Bermuda Triangle, a grisly gift left in the back of a crime scene truck, and videos from the past that threaten to destroy Scarpetta's

entire world and everyone she loves. The diabolical presence behind what unfolds seems obvious—but strangely, not to the FBI. Certainly that's the message they send when they raid Lucy's estate and begin building a case that could send her to prison for the rest of her life.
