Youth's Companion
Joseph Conrad (1857-1924)
is widely considered one the
great modern writers in
English literature. This
21-volume set contains
titles, originally published
between 1976 and 1990 as
well as a biography from
1957 written by one of his
closest friends. The first 18
books are a set of
concordances and indexes
to Conrad's printed works,
which were part of a project
directed by Todd K. Bender
at the University of
Wisconsin-Madison, USA
and are among the first
attempts to use the power of
computers to enhance our
reading environment and
assist in lexicography,
scholarly editing, and
literary analysis. The set
also contains a meticulously

compiled bibliography of
writings on Joseph Conrad,
as well as an original and
powerful analysis of his
major work.
