The explosive conclusion to the New York Times bestselling series. In Dalton Fury's Execute Authority, Kolt "Racer" Raynor and his Delta Force squadron are in Greece, providing VIP security for the newly elected—and deeply controversial—American president on his desperate mission to hold the NATO alliance together. Then, the unimaginable happens. Just as the president is arriving, an assassin's bullet takes the life of the Greek prime minister. The

president is safe, but Raynor recognizes the killer—Rasim Miric—by his grisly signature: a bullet through his target's left eye. The hunt for the assassin ends when Miric, to all appearances, blows himself up in an explosion that levels an apartment block, but Raynor refuses to accept that the sniper is really dead. Miric's grudge is with America, and one American in particular—the Delta Force operator who cost him an eye, Kolt Raynor. Raynor believes that Miric's killing spree is only just beginning, and his suspicions are proved true when Miric is photographed crossing the border into the United States. Forbidden by law from operating on American soil, Raynor will have to bend the rules until they break, risking everything in order to run the assassin down before he can strike again. But what Raynor doesn't realize is that Rasim Miric is also hunting him.

dramatic, behind-the-scenes chronicle, Howard Wasdin takes readers deep inside the world of Navy SEALs and Special Forces snipers, beginning with the grueling selection process of Basic Underwater Demolition/SEAL (BUD/S)—the toughest and longest military training in the world. After graduating, Wasdin faced new challenges. First there was combat in Operation Desert Storm as a member of SEAL Team Two. Then the Green Course: the selection process to join the legendary SEAL Team Six, with a curriculum that included practiced land warfare to unarmed combat. More than learning how to pick a lock, they learned how to blow the door off its hinges. Finally as a member of SEAL Team Six he graduated from the most storied and challenging sniper program in the country: The Marine's Scout Sniper School. Eventually, of the 18 snipers in SEAL Team Six, Wasdin became the best—which meant one of the best snipers on the planet. Less than half a year after sniper school, he was fighting for his life. The mission: capture or kill Somali warlord Mohamed Farrah Aidid. From rooftops, helicopters and alleys, Wasdin hunted Aidid and killed his men whenever possible. But everything went quickly to hell when his small band of soldiers found themselves fighting for their lives, cut off from help, and desperately trying to rescue downed comrades during a routine mission. The Battle of Mogadishu, as it became known, left 18 American soldiers dead and 73 wounded. Howard Wasdin had both of his legs nearly blown off while engaging the enemy. His dramatic combat tales combined with inside details of becoming one of the world's deadliest snipers make this one of the most explosive military memoirs in years.
