Black Appetite. White Food. invites educators to explore the nuanced manifestations of white privilege as it exists within and beyond the classroom. Renowned speaker and author Jamila Lyiscott provides ideas and tools that teachers, school leaders, and professors can use for awareness, inspiration, and action around racial injustice and inequity. Part I of the book helps you ask the hard questions, such as whether your pedagogy is more aligned with colonialism than you realize and whether you are really giving students of color a voice. Part II offers a variety of helpful strategies for analysis and reflection. Each chapter includes personal stories, frank discussions of the barriers you may face, and practical ideas that will guide you as you work to confront privilege in your classroom, campus, and beyond.

Black, White, and Southern Princeton University Press

Jun'ichir Tanizaki's *In Black and White* is a literary murder mystery in which the lines between fiction and reality are blurred. The writer Mizuno has penned a story about the perfect murder. His fictional victim is modeled on an acquaintance, a fellow writer. When Mizuno notices just before the story is about to be published that this man's real name has crept into his manuscript, he attempts to correct the mistake, but it is too late. He then becomes terrified that an actual murder will take place—and that he will be the main suspect. Mizuno goes to great lengths to establish an alibi, venturing into the city's underworld. But he finds himself only more entangled as his paranoid fantasies, including a mysterious "Shadow Man" out to entrap him, intrude into real life. A sophisticated psychological and metafictional mystery, *In Black and White* is a masterful yet little-known novel from a great writer at the height of his powers. The year 1928 was a remarkable one for Tanizaki. He wrote three exquisite novels, but while two of them—*Some Prefer Nettles* and *Quicksand*—became famous, *In Black and White* disappeared from view. All three were serialized in *Osaka* and *Tokyo* newspapers and magazines, but *In Black and White* was never published as an independent volume. This translation restores it to its rightful place among Tanizaki's works and offers a window into the author's life at a crucial point in his career. A critical afterword explains the novel's context and importance for Tanizaki and Japan's literary and cultural scene in the 1920s, connecting autobiographical elements with the novel's key concerns, including Tanizaki's critique of Japanese literary culture and fiction itself.

Red, White, and Black little bee books

A memoir of hard lessons learned in the racially segregated and sometimes outright racist NBA of the early '60s by celebrated NBA player and the first Black Coach of the Year, Ray Scott. Introduced by Earl "the Pearl" Monroe. "There's a basic insecurity with Black guys my size," Scott writes. "We can't hide and everybody turns to stare when we walk down the street. ... Whites believe that their culture is superior to African-American culture. ... We don't accept many of [their] answers, but we have to live with them." Ray Scott was part of the early wave of Black NBA players like Bill Russell, Wilt Chamberlain, and later Kareem Abdul-Jabbar, who literally changed how the game of professional basketball is played—leading to the tremendously popular financial blockbuster the NBA is today. Scott was a celebrated 6'9" forward/center after being chosen by the Detroit Pistons as the #4 pick of the 1961 NBA draft, and then again after he was named head coach of the Pistons in October 1972, winning Coach of the Year in the spring of 1974—the first black man ever to capture that honor. Scott's is a story of quiet persistence, hard work, and, most of all, respect. He credits the mentorship of NBA player and coach Earl Lloyd, and talks about fellow Philly native Wilt Chamberlain and friends Muhammad Ali and Aretha Franklin, among many others. Ray has lived through one of the most turbulent times in our nation's history, especially the time of assassinations of so many Black leaders at the end of the 1960s. Through it all, his voice remains quiet and measured, transcending all the sorrows with his steadiness and positive attitude. This is his story, told in collaboration with the great basketball writer, former college player and CBA coach Charley Rosen.

A brother of the Order—a medieval secret society uniting noble families in a sacred bond—Sir Hugh de Payens has emerged from the First Crusade a broken man seeking to dedicate his life to God. But the Order has other plans for him: to uncover a deadly secret that could shatter the very might of the Church itself.

Seattle in Black and White Schocken

In a world where dating comes with many different emotions, methods, and opinions, it also comes with choices, decisions, and goals, which are all under your control. Social media and television have turned dating into a highly sexualized and overly complicated activity—a game of numbers. But it doesn't have to be. When Adonis and Heather Lenzy met, they had no idea their journey would later serve as a roadmap for others. Adonis is a pastor and speaker, and Heather is a forensic scientist. Their lives, although polar opposite, shared similarities of relational mistakes and failures. Both wanting something different this time, they sought guidance. Through their dating process, they were able to establish values, principles, and practical tips that today have produced a happy, healthy marriage, such as: - Sexual purity: You don't have to sleep together in order to be together. -Accountability: Who's got your back? -Expectations: What do you really want? -Communication: Talking through the good, the bad, and the ugly. -Having Fun: Dating should be fun! It's all up to you. Their moral and biblical approach, mixed with practical steps, will create a different and refreshing view of your dating potential. No matter your past experiences or mistakes, it's still possible to have a successful dating relationship today.

Black and White Beacon Press

The fascinating, "upfront and unapologetic" (Kirkus Reviews) memoir of Richard Williams, a businessman, tennis coach, and father to two of the greatest athletes and professional tennis champions of all time—Venus and Serena Williams. Born into poverty in Shreveport, Louisiana in the 1940s, Richard Williams was blessed by a strong, caring mother who remained his lifelong hero, just as he became a hero to Venus and Serena. From the beginning of his life, Richard's mother taught

him to live by the principles of courage, confidence, commitment, faith, and love. He passed the same qualities on to his daughters, who grew up loving their father and valuing the lessons he taught them. "I still feel really close to my father," says Serena. "We have a great relationship. There is an appreciation. There is a closeness because of what we've been through together, and a respect." A self-made man, Williams has walked a long, hard, exciting, and ultimately rewarding road during his life, surmounting many challenges to raise a loving family and two of the greatest tennis players who ever lived. *Black and White* is the extraordinary story of that journey and the indomitable spirit that made it all possible.

Black & White Simon and Schuster

This book reaches deep into the past of the city of Los Angeles and carries through to the dramatic events that have recently received global attention—the Rodney King beating and the uprising in South Central L.A. Tracing the evolution of an extraordinary biracial coalition in Los Angeles behind Mayor Tom Bradley, Raphael Sonenshein shows how "crossover" politics and racial violence coexist in urban America. While challenging the prevailing pessimism about biracial coalitions in general, he also compares their relative successes in Los Angeles to their disheartening failures in New York City. What emerges is a probing look at a crucial issue of politics in the United States: can whites and minorities find common ground?

Introducing *The Black and White Factory*, an interactive and entertaining picture book in the vein of Hervé Tullet's *Press Here* and *Mix It Up!* Welcome to the Black and White Factory! Penguin, zebra, and panda will take you on a top-secret tour to see some black and white products that are made here, like salt and pepper shakers, dice, half decks of playing cards (only spades and clubs!), chess pieces, and tuxedos, in addition to a few special experimental projects. There are a few rules, though: No messes. No colors. No surprises allowed. EVER. But when the tour gets to the bar code room, some color has seeped in! It's up to the reader to try and rub it off and tilt the book so that it comes off, but nothing works! The animals then use a giant cleaning contraption and need you to help blow into the nozzle to power the machine, and it starts to work! But there's too much color to clean, and it blows color all over the factory. And the animals love it! But of course, they'll have to change the rules a bit now: No messes, No colors, No surprises allowed. forEVER!

[Knights of the Black and White](#) Greenwillow Books

A story about the trials and triumphs of a Black chef from Queens, New York, and a White media entrepreneur from Staten Island who built a relationship and a restaurant in the Deep South, hoping to bridge biases and get people talking about race, gender, class, and culture. NAMED ONE OF THE BEST COOKBOOKS OF THE YEAR BY GARDEN & GUN • "Black, White, and The Grey blew me away." —David Chang In this dual memoir, Mashama Bailey and John O. Morisano take turns telling how they went from tentative business partners to dear friends while turning a dilapidated formerly segregated Greyhound bus station into The Grey, now one of the most celebrated restaurants in the country. Recounting the trying process of building their restaurant business, they examine their most painful and joyous times, revealing how they came to understand their differences, recognize their biases, and continuously challenge themselves and each other to be better. Through it all, Bailey and Morisano display the uncommon vulnerability, humor, and humanity that anchor their relationship, showing how two citizens commit to playing their own small part in advancing equality against a backdrop of racism.

Gideon Green in *Black and White* Verso Books

The New York Times best-selling book exploring the counterproductive reactions white people have when their assumptions about race are challenged, and how these reactions maintain racial inequality. In this "vital, necessary, and beautiful book" (Michael Eric Dyson), antiracist educator Robin DiAngelo deftly illuminates the phenomenon of white fragility and "allows us to understand racism as a practice not restricted to 'bad people'" (Claudia Rankine). Referring to the defensive moves that white people make when challenged racially, white fragility is characterized by emotions such as anger, fear, and guilt, and by behaviors including argumentation and silence. These behaviors, in turn, function to reinstate white racial equilibrium and prevent any meaningful cross-racial dialogue. In this in-depth exploration, DiAngelo examines how white fragility develops, how it protects racial inequality, and what we can do to engage more constructively.

Posits that the United States must solve "the Negro Problem" out of more than political self-interest; it must accept the Negro as an equal and participating member of society because it is the only right thing, the only decent thing, to do.

Not So Black and White Simon and Schuster

In this thought-provoking volume, David R. Roediger has brought together some of the most important black writers throughout history to explore the question: What does it really mean to be white in America? From folktales and slave narratives to contemporary essays, poetry, and fiction, black writers have long been among America's keenest students of white consciousness and white behavior, but until now much of this writing has been ignored. *Black on White* reverses this trend by presenting the work of more than fifty major figures, including James Baldwin, Derrick Bell, Ralph Ellison, W.E.B. Du Bois, bell hooks, Toni Morrison, and Alice Walker to take a closer look at the many meanings of whiteness in our society. Rich in irony, artistry, passion, and common sense, these reflections on what Langston Hughes called "the ways of white folks" illustrate how whiteness as a racial identity derives its meaning not as a biological category but as a social construct designed to uphold racial inequality. Powerful and compelling, *Black on White* provides a much-needed perspective that is sure to have a major impact on the study of race and race relations in America.

[Jane Foster's Black and White](#) Simon and Schuster

Jet, the darling good girl of the city, uses her shadow-power to battle the forces of evil. But her shadows also mask the fierce demons that only she, her mentor, and her former best friend - and now arch-nemesis - know about. Iridium is that former best friend: able to wield the power of light, she trained as a hero only to become one of the most infamous villains in the city - for what she feels are truly heroic reasons. Alternating between the present-day threat and their past exploits as friends, and later rivals, at the Superhero Academy, the novel brings these two women to vivid life, portraying the complexities of being a true hero in a world determined to categorise you in a neat box of good

or evil - black or white.

Black and White BoD — Books on Demand

In the rush to redefine the place of black Americans in contemporary society, many radical activists and academics have mounted a campaign to destroy traditional American history and replace it with a politicized version that few would recognize. According to the new radical orthodoxy, the United States was founded as a racist nation—and everything that has happened throughout our history must be viewed through the lens of the systemic oppression of black people. Rejecting this false narrative, a collection of the most prominent and respected black scholars and thinkers has come together to correct the record and tell the true story of black Americans in all its complexity, diversity of experience, and poignancy. Collectively, they paint a vivid picture of black people living the grand American experience, however bumpy the road may be along the way. But rather than a people apart, blacks are woven into the united whole that makes this nation unique in history. Featuring Essays by: John Sibley Butler Jason D. Hill Colman Cruz Hughes John McWhorter Clarence Page Wilfred Reilly Shelby Steele Carol M. Swain Dean Nelson Rev. Corey Brooks Stephen L. Harris Harold L. Black Stephanie Deutsch Yaya J. Fanusie Ian Rowe John Woods Joshua Michell

Shortly after his initiation into the Order of the Knights Templar, Sir Hugh de Payens is drawn into the turbulence of the First Crusade and joins with fellow members of the Order to uncover the roots of the secret society that has guided his family for generations.

Crisis in Black and White University of Chicago Press

Seattle was a very different city in 1960 than it is today. There were no black bus drivers, sales clerks, or bank tellers. Black children rarely attended the same schools as white children. And few black people lived outside of the Central District. In 1960, Seattle was effectively a segregated town. Energized by the national civil rights movement, an interracial group of Seattle residents joined together to form the Seattle chapter of the Congress of Racial Equality (CORE). Operational from 1961 through 1968, CORE had a brief but powerful effect on Seattle. The chapter began by challenging one of the more blatant forms of discrimination in the city, local supermarkets. Located within the black community and dependent on black customers, these supermarkets refused to hire black employees. CORE took the supermarkets to task by organizing hundreds of volunteers into shifts of continuous picketers until stores desegregated their staffs. From this initial effort CORE, in partnership with the NAACP and other groups, launched campaigns to increase employment and housing opportunities for black Seattleites, and to address racial inequalities in Seattle public schools. The members of Seattle CORE were committed to transforming Seattle into a more integrated and just society. Seattle was one of more than one hundred cities to support an active CORE chapter. Seattle in Black and White tells the local, Seattle story about this national movement. Authored by four active members of Seattle CORE, this book not only recounts the actions of Seattle CORE but, through their memories, also captures the emotion and intensity of this pivotal and highly charged time in America's history. Black and White Eerdmans Books For Young Readers

Farmers markets are much more than places to buy produce. According to advocates for sustainable food systems, they are also places to "vote with your fork" for environmental protection, vibrant communities, and strong local economies. Farmers markets have become essential to the movement for food-system reform and are a shining example of a growing green economy where consumers can shop their way to social change. Black, White, and Green brings new energy to this topic by exploring dimensions of race and class as they relate to farmers markets and the green economy. With a focus on two Bay Area markets—one in the primarily white neighborhood of North Berkeley, and the other in largely black West Oakland--Alison Hope Alkon investigates the possibilities for social and environmental change embodied by farmers markets and the green economy. Drawing on ethnographic and historical sources, Alkon describes the meanings that farmers market managers, vendors, and consumers attribute to the buying and selling of local organic food, and the ways that those meanings are raced and classed. She mobilizes this research to understand how the green economy fosters visions of social change that are compatible with economic growth while marginalizing those that are not. Black, White, and Green is one of the first books to carefully theorize the green economy, to examine the racial dynamics of food politics, and to approach issues of food access from an environmental-justice perspective. In a practical sense, Alkon offers an empathetic critique of a newly popular strategy for social change, highlighting both its strengths and limitations.

Tim Sale Hachette UK

In a major revision of accepted wisdom, this book, originally published by UNC Press in 1991, demonstrates that American social Christianity played an important role in racial reform during the period between Emancipation and the civil rights movement. As organizations created by the heirs of antislavery sentiment foundered in the mid-1890s, Ralph Luker argues, a new generation of black and white reformers--many of them representatives of American social Christianity--explored a variety of solutions to the problem of racial conflict. Some of them helped to organize the Federal Council of Churches in 1909, while others returned to abolitionist and home missionary strategies in organizing the NAACP in 1910 and the National Urban League in 1911. A half century later, such organizations formed the institutional core of America's civil rights movement. Luker also shows that the black prophets of social Christianity who espoused theological personalism created an influential tradition that eventually produced Martin Luther King Jr.
