I am writing this book because I have had many wondrous visions and spiritual experiences including a face to face talk with the Lord of Glory. I began hearing the voice of the Holy Spirit at the age of 18 even though I was not studying the Bible

or going to church. I must explain; I am not writing this book from the point of view of a historical, linguist, or a professional or a dogmatic religious Christian. I view scripture from a reality of many actual spiritual encounters including a face to face conversation with the Lord of Glory (Jesus the Christ) in which he qualified my understanding of organized religion by saying, 'what you say is true'. I had just made the statement, 'the people do not know you'. This would be because they follow the dictates of organized religion without having an actual relationship with the Spirit of God. This book is designed to expand your mind and give you a better understanding of the elusive and provocative subject of Bible prophecy at its conclusion, you will know the story, without question. This would include a unrepentable scientific explanation of creation, what really happened to Adam and Eve in the Garden of Eden, the purpose of Baptism and coded information found in the Bible. In today's world faith in God has become a myriad of life experiences. Everything from the ultra-conservative right who think that God is the sum total of the American historical understanding, to the rainbow liberal who thinks that religion is a necessary evil for the stability of the human psyche. This kind of thinking has fostered a new concept of spirituality and created a new order of the religious elite. If you cannot credential yourself with some seminary, university or college of higher learning, you are not considered to be qualified to be a leader in the church, by the clergy or the laity. Yet most non-Christians consider Christians to be psychologically inferior. I am not placing blame anywhere because there is enough blame to go around. But how have we arrived at such a place in time where this kind of thinking is so commonplace, not only in the churches but also in every echelon of human endeavor.

There is a conspiracy in this world today. It is found in our system of government, in our institutions of learning and in our social/religious endeavors: Keep them Guessing, keep modulating the frequency, never acknowledge the truth, glory in the darkness is the mentality that is slowly eroding the greatest society that has ever existed. The challenge for mankind today is to embrace not only wisdom (education) but to disdain all lies and falsehoods. If we consider ourselves to be enlightened, we must demonstrate a true example of understanding, based on knowledge and not dogma. I am a person who believes in the faithfulness of good people even before I developed a personal relationship with God. God believed in me because I believed in goodness a word that organized religion has written out of faithfulness but it's actually the very foundation faithfulness is based.

Way of the Reaper ESRI, Inc.

From the New York Times Bestselling Author and Co-Star of Fox's *American Grit* comes a rare and powerful book on the art of being a sniper. *Way of the Reaper* is a step-by-step accounting of how a sniper works, through the lens of Irving's most significant kills - none of which have been told before. Each mission is an in-depth look at a new element of eliminating the enemy, from intel to luck, recon to weaponry. Told in a thrilling narrative, this is also a heart-pounding true story of some of The Reaper's boldest missions including the longest shot of his military career on a human target of over half a mile. In Iraq and Afghanistan, Nick Irving earned his nickname in blood, destroying the enemy with his sniper rifle and in deadly firefights behind a .50 caliber machine gun. He engaged a Taliban suicide bomber during a vicious firefight, used nearly silent sub-sonic ammo, and was the target of snipers himself. *Way of the Reaper* attempts to place the reader in the heat of battle, experiencing the

same dangers, horrors and acts of courage Irving faced as an elite member of the 3rd Ranger Battalion, 75th Ranger Regiment, while also examining the personal ramifications of taking another life. Readers will experience the rush of the hunt and the dangers that all snipers must face, while learning what it takes to become an elite manhunter. Like the Reaper himself, this explosive book blazes new territory and takes no prisoners.
