BlackBerry devices and applications are selling by the millions. As a BlackBerry developer, you need an advanced skill set to successfully exploit the most compelling features of the platform. This book will help you develop that skill set and teach you how to create the most sophisticated BlackBerry programs possible. With *Advanced BlackBerry 6 Development*, you'll get a comprehensive look at the new features included with SDK 6, including the web and widgets SDK, the web browser, and more. You'll also learn how to take advantage of BlackBerry media capabilities such as the camera and video playback. The book also shows you how to send and receive text and multimedia messages, use powerful cryptography libraries, and connect with the

user's personal and business contacts and calendar. Not only will you be learning how to use these APIs, but you'll also be building a program that takes full advantage of them: a wireless media-sharing app. Each chapter's lessons will be applied by enhancing the app from a prototype to a fully polished program. Along the way, you'll learn how to differentiate your product from other downloads by fully integrating with the new BlackBerry 6 operating system. Your app will run in the browser and within device menus, just like software that comes with the phone. You will even learn BlackBerry's new Web browser features, Web standards-based software development kit, and more. Once you are comfortable with writing apps, this book will show you how to take them to the next level. You'll learn how to move from running on one phone to running on all

---

phones, and from one country to all countries. You'll additionally learn how to support your users with updates. No other resource compares for mastering the techniques needed for expert development on this mobile platform.

The first three Inspector Carlyle novels at a great price  
*London Calling* Can you win an election and cover up murder at the same time?  
When Inspector John Carlyle finds a body in a luxury London hotel room he begins a journey through the murky world of the British ruling classes which leads all the way to the top. In the middle of a General Election, a murderer

---

is stalking the man poised to be the next Prime Minister. With power almost in his grasp, Edgar Carlton will not stand idly by while his birthright is threatened. Operating in a world where right and wrong don't exist and the pursuit of power is everything, Carlyle has to find the killer before Carlton takes the law into his own hands. Never Apologise, Never Explain Jake Haggar has been kidnapped by his father who is threatening to sell the boy to a paedophile ring. Carlyle is struggling to get him back. It's not his case but it is his problem - it was his fault Jake was taken in the first place. But Carlyle's own caseload includes the murder of Agatha Mills. Her husband, Henry, has been arrested for murder but his explanation is so outlandish that Carlyle wonders if it may just be true. Agatha is the sister of William Pettigrew, a priest killed in Chile during the Fascist coup

in 1973 and after 30 years of campaigning, Agatha was about to see his killer brought to justice. So a seemingly straightforward case of murder quickly escalates into a diplomatic incident that has Carlyle, once again, clashing with his bosses and their political masters...

Buckingham Palace Blues  
When Inspector John Carlyle discovers a disorientated girl in a park near Buckingham Palace, he takes it upon himself to find out who she is and where she's from. His hunt for the identity of this lost girl takes him from Ukrainian gangsters in North London to the lower reaches of the British aristocracy. Soon, the inspector is on the trail of a child-trafficking ring that stretches from Kiev to London, and back to the palace itself...
