First released in the anthology

Dead After Dark, dive into this hot novella from #1 New York Times bestselling author J.R. Ward.

Available for the first time ever as a standalone ebook, get lost in the sinful pleasures of a vampire so obsessed with one woman, he will relinquish her blood, if only he can have her heart... Held captive by a dark, seductive vampire with an unworldly hunger, the beautiful Claire Stroughton fears her life as a lawyer has irrevocably taken a turn for the worse. But when this deeply sensual-and highly dangerous-vampire convinces Claire that his desire for her is stronger than his lust for blood, she is compelled to give everything up to him, body and soul...in The Story of Son.

Adventures of Dolly Dingle Paper Dolls Apress

Rising young comedian Moshe Kasher is lucky to be alive. He started using drugs when he was just 12. At that point, he had already been in psychoanalysis for 8 years. By the time he was 15, he had been in and out of several mental institutions, drifting from therapy to rehab to arrest to...you get the picture. But **KASHER IN THE RYE**

is not an "eye opener" to the horrors of addiction. It's a hilarious memoir about the absurdity of it all. When he was a young boy, Kasher's mother took him on a vacation to the West Coast. Well it was more like an abduction. Only not officially. She stole them away from their father and they moved to Oakland , California. That's where the real fun begins, in the war zone of Oakland Public Schools. He was more

than just out of control- his mother walked him around on a leash, which he chewed through and ran away. Those early years read like part Augusten Burroughs, part David Sedaris, with a touch of Jim Carrol...but a lot more Jewish. In fact, Kasher later spends time in a Brooklyn Hasidic community. Then came addiction... Brutally honest and laugh-out-loud funny, Kasher's first literary

endeavor finds humor in even the most horrifying situations. *Cleveland, Metropolitan Area, Alphabetical Telephone Directory* St. Martin's Paperbacks
FOOD ETHICS, 2E explores the ethical choices we make each time we eat. With twenty-six readings that bring together a diverse group of voices, this textbook dives into issues such as genetically modified foods, animal rights, population and consumption, the food industry's impact on pollution, centralized versus localized production, and more. In addition, this edition

includes new introduction, new readings, a comprehensive index, and study questions that frame these significant issues for discussion and reflection. Davie Jones—an ugly duckling growing up in small-town Mississippi with a mother who couldn't get any meaner—is positive her life couldn't be any worse. Just when she's resigned herself to her fate, she sees a

movie that will change her life—*Sixteen Candles*. But in her case, life doesn't imitate art. Tormented in school and hopelessly in unrequited love with a handsome football player, Davie finds it bittersweet to dream of Molly Ringwald endings. When a cruel school prank goes too far, Davie leaves the life she knows and reinvents herself in the glittery world of Hollywood—as a beautiful and successful lounge singer. Just as she's about to ride off into the L.A. sunset, the past comes back with a vengeance, threatening to crush Davie's dreams—and break her heart again. With

wholly original characters and a cinematic storyline, *32 Candles* introduces Ernessa T. Carter, a new voice in fiction with smarts, attitude, and sassiness to spare. *The Army at War* Grand Central Publishing
From Tokyo to Helsinki, Manhattan to Manila, Howard Rheingold takes us on a journey around the world for a preview of the next techno-cultural shift—a shift he predicts will be as dramatic as the widespread adoption of the PC in the 1980s and the Internet in the 1990s. The coming wave, says

Rheingold, is the result of supermessages via cell phones), efficient mobile communications-cellular phones, personal digital assistants, and wireless-paging and Internet-access devices that will allow us to connect with anyone, anywhere, anytime. From the amusing ("Lovegetty" devices in Japan that light up when a person with the right date-potential characteristics appears in the vicinity) to the extraordinary (the overthrow of a repressive regime in the Philippines by political activists who mobilized by forwarding text

Rheingold gives examples of the fundamentally new ways in which people are already engaging in group or collective action. He also considers the dark side of this phenomenon, such as the coordination of terrorist cells, threats to privacy, and the ability to incite violent behavior. Applying insights from sociology, artificial intelligence, engineering, and anthropology, Rheingold offers a penetrating perspective on the brave new convergence of pop culture, cutting-edge

technology, and social activism. At the same time, he reminds us that, as with other technological revolutions, the real impact of mobile communications will come not from the technology itself but from how people use it, resist it, adapt to it, and ultimately use it to transform themselves, their communities, and their institutions.

Gerrard ' s Legacy A collection of powerful magical artifacts is the only defense against the forces of evil that are arrayed

against Dominaria. Gerrard, the heir to the Legacy, together with Sisay, captain of the flying ship Weatherlight, has sought out many parts of the Legacy. Gerrard ' s Quest Sisay has been kidnapped by Volrath, ruler of the plane of Rath. Gerrard stands at a crossroads. His companion is in danger, the Legacy may be lost forever. Only he—with the loyal crew of the Weatherlight—can rescue Sisay and recover the Legacy.
The Last Good Heist John Wiley & Sons
BlackBerry devices and applications are selling by the millions. As a BlackBerry

developer, you need an advanced skill set to successfully exploit the most compelling features of the platform. This book will help you develop that skill set and teach you how to create the most sophisticated BlackBerry programs possible. With *Advanced BlackBerry Development*, you'll learn how to take advantage of BlackBerry media capabilities, including the camera and video playback. The book also shows you how to send and receive text and multimedia messages, use powerful

cryptography libraries, and connect with the user's personal and business contacts and calendar. Not only will you be learning how to use these application programming interfaces, but you'll also be building a program that takes full advantage of them: a wireless media-sharing app. Each chapter's lessons will be applied by enhancing the app from a prototype to a fully polished program. Along the way, you'll learn how to differentiate your product from other downloads by fully

integrating with the operating system. Your app will run in the browser and within device menus, just like software that comes with the phone. Once you are comfortable with writing apps, this book will show you how to take them to the next level. You'll learn how to move from running on one phone to running on all phones, and from one country to all countries. You'll additionally learn how to support your users with updates. No other resource compares for mastering the techniques needed for expert

development on this mobile platform.

Edition explains business tools, games, and great sites that deliver what you need for your BlackBerry, when you need it. National Directory of Qualified Fallout Shelter Analysts Springer Science & Business Media Despite their importance in terms of employment and income generation, inshore fisheries have been a neglected area of study. The review of the common fisheries policy, especially in the light of the need to re-examine the derogation which reserves access to the inshore zone to coastal state vessels, provides an opportunity to redress the balance. With contributions from leading authorities on fisheries management, the book takes an in-

depth look at seven European countries, examining the basis for the definition of inshore fisheries, evaluating their status, and describing the salient characteristics of their management. The national studies form the basis for cross-cultural analyses of the social organisation, cultural norms, economic objectives, and institutional structures of inshore fisheries in Europe. Finally, a number of key issues relating to the future of inshore fisheries management in a more integrated approach are examined. Overall the volume reaffirms the invaluable role played by inshore fisheries in the local and regional economies of Europe's complex coastline. *A Sidecar Named Desire*

BlackBerry For Dummies
The 4th Edition of the field's premier text on therapeutic modalities reflects evidence-based practice research and technologies that are impacting professional practice today. Step by step, you'll build a solid foundation in the theory and science that underlie today's best practices and then learn how to treat a wide range of orthopedic injuries. *Le Figaro Magazine Apress*
A rollicking illustrated history of alcohol and its literary imbibers, from Jane Austen's beer brewing to James Joyce's passion for Guinness to E.B. White's cure for writers' block—a dry martini—by celebrated illustrator Greg Clarke and award-winning

editor/art director Monte Beauchamp. “ The tools that I need for my trade are simply pen, paper, food, tobacco, and a little whiskey. ” —William Faulkner “ I keep a dictionary, a Bible, a deck of cards and a bottle of sherry in the room. ” —Maya Angelou “ A writer who drinks carefully is probably a better writer. ” —Stephen King Throughout history, there has been no greater catalyst for creativity among writers, so they claim, than a good, stiff drink. In this graphic volume, the authors take us on an unforgettable literary bar crawl, packed with historical factoids, anecdotes, booze trivia, and fascinating detours into the lives of our favorite writers, along with literary-themed cocktail

recipes such as Ernest Hemingway ’ s Death in the Afternoon and Philip Larkin ’ s Gin and Tonic set to verse. For the literary-minded drinker, whether wine, gin, vodka, beer, whiskey, or tequila is your elixir of choice, *A Sidecar Named Desire* will whet your appetite. Bottoms up! [Alfalfa, Or Lucerne](#) On Aug. 14, 1975, eight daring thieves ransacked 148 massive safe-deposit boxes at a secret bank used by organized crime, La Cosa Nostra, and its associates in Providence, R.I. The crooks fled with duffle bags crammed full of cash, gold, silver, stamps, coins, jewels and high-end jewelry. The true value of the loot has always been kept secret, partly because it

was ill-gotten to begin with, and partly because there was plenty of incentive to keep its true worth out of the limelight. It's one thing for authorities to admit they didn't find a trace of goods worth from \$3 million to \$4 million, and entirely another when what was at stake was more accurately valued at about \$30 million, the equivalent of \$120 million today. It was the biggest single payday in the criminal history of the Northeast. Nobody came close, not the infamous James "Whitey" Bulger, not John "The Dapper Don" Gotti, not even the Brinks or Wells Fargo robbers. The heist was bold enough and big enough to rock the underworld to its core, and it left La Cosa Nostra in the region awash in turmoil that

still reverberates nearly 38 years
later. "The Last Good Heist" is the
inside story of the robbery and its
aftermath.
