The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in

There may be numerous reasons for this, but one would surely be that our culture offers little guidance to men on fatherhood, particularly when it comes to fathering daughters. In fact, one might ask, what does it really mean to “ father ” a daughter? We can see

mothering all over television, advertising and film but what about fathering? Wanito Bernadin offers us a beacon; something fathers might find guidance and inspiration in. This book will help fathers and their daughters bond as each lesson and story is intended to stimulate discussion. Wanito speaks to his daughters on all kinds of subjects including the importance of reading, getting to know your own voice,

breaking bad habits, recognizing abusive behaviour, managing stress or how to cope with having made a bad decision. He explains economics in a way children can understand. He teaches them about debt management and how to evaluate investment opportunities for a brighter financial future. And so much more. But the real treasure of this book is in the wisdom Wanito offers, such as in teaching them how failure is an essential

part of growing and can lead to better things, how to move from being a victim to a victor, or how cultivating and protecting virtues like humility and kindness are integral to self respect. This is a love letter from a Godly father to his daughters. They use teams and coaches to amplify their results. Many performers who have already surmounted

exceptional tests and challenges and have succeeded in business, sports, the military, or the arts well beyond their peers think performance is only up to the individual. Many become frustrated when hours of hard work, years of experience, and expensive educations don't lead them to the top of their domain. They are already among the best, but they want to be the best. The elite realize there is only so much they can do on their own

to achieve that status. They understand they need coaches, colleagues, and competitors to provide the collaboration and competition that serves as a constant push to keep forward momentum going toward attaining that next level. In *Cultivating Excellence*, Darryl Cross uses thirty years of experience to show top performers that the key to continued enhancement of performance and success is an exceptional coach and team. They guide the

elite performers to see situations and challenges in new ways (art), to perfect their craft to the nth degree (science), and to commit to deliberate practice that eliminates performance gaps (grit) and puts the summit within reach. *Cultivating Excellence* Wanito Bernadin Air Force Handbook 10-644 Survival Evasion Resistance Escape (SERE) Operations 27 March 2017 This handbook describes the various
