Knitting Graph Paper 4:5 Ratio 100 pages This Knitting Graph Notebook is ideal to designed and formatted knitters. Knitting paper is used to design knitting charts for new patterns. Have you ever tried to design a knitting chart using commercially available graph paper, only to knit it up and find the proportions are all wrong? This is because knitting stitches are not square but commercially available graph paper is! The answer is my

special charting paper. The squares are rectangular just like knitting stitches. In addition, every 5 stitches are marked off with a heavier line so it s very easy to count where you are when following a pattern. A ratio of 4:5 is where 4 stitches are the same length as 5 rows (or 40 stitches = 50 rows). Perfectly sized at 8.5"x11" 100 Pages Not perforated Softcover bookbinding Flexible Paperback

Blank Artwork Crafting Grid Paper 8.5x11 100-Page Blank 5x5 Grid Art Graph Crafting Paper Some of our loveliest relationships are with our notebooks - those trusty places to scribble big ideas, little reminders and anything that inspires you throughout the day. 5x5 graph paper, also known as 'engineering' paper has five squares per inch, so each square measures .20" x .20". It is frequently used for math or science purposes for teens and adults. The larger quad rule sized squared paper may be better for younger children. Graph paper has many uses: Design projects, mapping for board/video/roleplay games, designing floorplans, tiling or yard landscaping, playing pen and pencil games, planning embroidery, cross stitch or knitting. Some occupational therapists use squared paper for writing practice. Artists may use grids to copy pictures. Programmers, engineers and scientists may prefer graph paper for notes that

involve formulas. Why you will love this notebook: Beautiful Cover Design 100 Pages Graph Paper 5x5 90 GSM, white paper Pocket size: 6" x 9" (15.24 x 22.86 cm) Premium Glossy Cover *Centimeter Grid Paper* Independently Published
