Give your students the tools they need to motivate themselves with tips from award-winning educator Larry Ferlazzo. A comprehensive outline of common classroom challenges, this book presents immediately applicable steps and lesson plans for all teachers looking to help students motivate

---

themselves. With coverage of brain-based learning, classroom management, and using technology, these strategies can be easily incorporated into any curriculum. Learn to implement solutions to the following challenges: How do you motivate students? How do you help students see the importance of personal responsibility? How do you deal with a student who is being disruptive in class? How do you regain control of an out-of-control class? And more! Blogger and educator Larry Ferlazzo has worked to combine literacy development with short and rigorous classroom lessons on topics such as self-control, personal responsibility, brain growth, and perseverance. He uses many "on-the-spot" interventions designed to engage students and connect with their personal interests. Use these practical, research-based ideas to ensure all of your students are intrinsically motivated to learn!
