This regulation encompasses garrison, field, and subsistence
supply operations. Specifically, this regulation comprises Army
Staff and major Army command responsibilities and includes
responsibilities for the Installation Management Command and
subordinate regions. It also establishes policy for the adoption
of an à la carte dining facility and for watercraft to provide
subsistence when underway or in dock. Additionally, the
regulation identifies DOD 7000.14–R as the source of meal
rates for reimbursement purposes; delegates the approval
authority for catered meals and host nation meals from
Headquarters, Department of the Army to the Army
commands; and authorizes the use of the Government
purchase card for subsistence purchases when in the best
interest of the Government. This regulation allows prime
vendors as the source of garrison supply and pricing and
provides garrison menu standards in accordance with The
Surgeon General's nutrition standards for feeding military
personnel. Also, included is guidance for the implementation of
the U.S. Department of Agriculture Food Recovery Program.
