NEW STUDENT GETS OLD TEACHER The bad news is that Cara Landry is the new kid at Denton Elementary School. The worse news is that her teacher, Mr. Larson, would rather read the paper and drink coffee than teach his students anything. So Cara decides to give Mr. Larson something else to read—her own newspaper, *The Landry News*. Before she knows it, the whole fifth-grade class is in on the project. But then the principal finds a copy of *The Landry News*, with unexpected results. Tomorrow's headline: Will Cara's newspaper cost Mr. Larson his job?

For fans of David Sedaris and Nora Ephron, here is a humorous, irreverent, and poignant look at the gifts, stereotypes, and inevitable challenges of aging, based on the wildly popular New York Times essay from award-winning journalist Steven Petrow. Soon after his 50th birthday, Steven Petrow began assembling a list of "things I won't do when I get old"—mostly a catalog of all the things he thought his then 70-something year old parents were doing wrong. That list, which included "You won't have to shout at me that I'm deaf," and "I won't blame the family dog for my incontinence," became the basis of this rousing collection of do's and don'ts, wills and won'ts that is equal parts hilarious, honest, and practical.

The fact is, we don't want to age the way previous generations did. "Old people" hoard. They bore relatives—and strangers—with tales of their aches and pains. They insist on driving long after they've become a danger to others (and themselves). They eat dinner at 4pm. They swear they don't need a cane or walker (and guess what happens next). They never, ever apologize. But there is another way . . . In *Stupid Things I Won't Do When I Get Old*, Petrow candidly addresses the fears, frustrations, and stereotypes that accompany aging. He offers a blueprint for the new old age, and an understanding that aging and illness are not the same. As he writes, "I meant the list to serve as a pointed reminder—to me—to make different choices when I eventually cross the threshold to 'old.'" Getting older is a privilege. This essential guide reveals how to do it with grace, wisdom, humor, and hope. And without hoarding.

Musings on joy and suffering, midlife and meaning, by a National Book

Award-nominated poet and essayist praised for his "fine ear" (*Publishers Weekly*).

Midway through the journey of his life, Dan Beachy-Quick found himself without a path, unsure how to live well. *Of Silence and Song* follows him on his resulting classical search for meaning in the world and in his particular, quiet life. In essays, fragments, marginalia, images, travel writing, and poetry, Beachy-Quick traces his relationships and identities. As father and husband. As teacher and student. As citizen and scholar. And as poet and reader, wondering at the potential and limits of literature. *Of Silence and Song* finds its inferno—and its paradise—in moments both historically vast and nakedly intimate. Hell: disappearing bees, James Eagan Holmes, Columbine, and the persistent, unforgivable crime of slavery. And redemption: in the art of Marcel Duchamp, the pressed flowers in Emily Dickinson's Bible, and long walks with his youngest daughter. Curious,

At the eve of the new millennium, teenager Alice Fell is alone on the streets of a strange city, friendless and without a pound to her name. She is not sure whether she's losing her mind, or whether she is called by inescapable visions to some special destiny. Along with a strange man named Stillman Waters, a retired occultist and spy – or so he claims – she finds herself pursued by strange creatures, and driven to steal the priceless "vanishing gem" that may contain the answers to the mysteries that plague her. A century earlier, consulting detective Sandford Blank, accompanied by his companion Roxanne Bonaventure, is called upon to solve a string of brutal murders on the eve of Queen Victoria's Diamond Jubilee. The police believe that Jack the Ripper is back on the streets, but Blank believes that this is a new killer, one whose motive is not violence or mayhem, but the discovery of the Holy Grail itself. And what of the corpse-white Huntsman and his unearthly hounds, who stalks the gaslit streets of London? And in the sixth century,

**What a Novel Idea!** Univ. Press of Mississippi

A brilliant inquiry into the origins of human nature from the author of *Rationality, The Better Angels of Our Nature, and Enlightenment Now*.

"Sweeping, erudite, sharply argued, and fun to read..also highly persuasive." --Time Updated with a new afterword One of the world's leading experts on language and the mind explores the idea of human nature and its moral, emotional, and political colorings. With characteristic wit, lucidity, and insight, Pinker argues that the dogma that the mind has no innate traits—a doctrine held by many intellectuals during the past century—denies our common humanity and our individual preferences, replaces objective analyses of social problems with feel-good slogans, and distorts our understanding of politics, violence, parenting, and the arts.

Injecting calm and rationality into debates that are notorious for ax-grinding and mud-slinging, Pinker shows the importance of an honest acknowledgment of human nature based on science and common sense.
