changed dramatically from the 1960s through the 1980s, with the rise of off-roaders, the van craze of the 1970s and minivan revolution of the 1980s, the popularization of the SUV as family car and the diversification of the pickup truck into multiple forms and sizes. Chevrolet S-10 & GMC Sonoma Pick-ups Haynes Repair Manual INSTANT NEW YORK TIMES BESTSELLER From the New York Times bestselling author of *I'm Judging You*, a hilarious and transformational book about how to tackle fear--that everlasting hater--and audaciously step into lives,

careers, and legacies that go beyond even our wildest dreams. Luvvie Ajayi Jones is known for her trademark wit, warmth, and perpetual truth-telling. But even she's been challenged by the enemy of progress known as fear. She was once afraid to call herself a writer, and nearly skipped out on doing a TED talk that changed her life because of imposter syndrome. As she shares in *Professional Troublemaker*, she's not alone. We're all afraid. We're afraid of asking

for what we want because we're afraid of hearing "no." We're afraid of being different, of being too much or not enough. We're afraid of leaving behind the known for the unknown. But in order to do the things that will truly, meaningfully change our lives, we have to become professional troublemakers: people who are committed to not letting fear talk them out of the things they need to do or say to live free. With humor and honesty, and guided by the influence of her

grandmother,  
Funmilayo Faloyin,  
Luvvie walks us  
through what we  
must get right  
within ourselves  
before we can do  
the things that  
scare us; how to  
use our voice for a  
greater good; and  
how to put movement  
to the voice we've  
been  
silencing--because  
truth-telling is a  
muscle. The point  
is not to be  
fearless, but to  
know we are afraid  
and charge forward  
regardless. It is  
to recognize that  
the things we must  
do are more

our fears. This  
book is about how  
to live boldly in  
spite of all the  
reasons we have to  
cower. Let's go!
