The author examines the theological bases of just war theory and pacifism, especially in the light of the concept of God, as that motif illuminates Chrsitian discipleship. Differences between the theory of just war and the practice of pacifism are highlighted in the overview of the history of Christian thought on the subject, and the inclusiveness of the ideal of the kingdom for pacifism is emphasized.

This book is a contribution to the Christian ethics of war and peace. It advances peacebuilding as a needed challenge to and expansion of the traditional framework of just war theory and pacifism. It builds on a critical reading of historical landmarks from the Bible through Augustine, Aquinas, the Reformers, Christian peace movements, and key modern figures like Dietrich Bonhoeffer, Reinhold Niebuhr, and recent popes. Similar to just-war theory, peacebuilding is committed to social change and social justice but includes some theorists and practitioners who accept the use of force in extreme cases of self-defense or humanitarian intervention. Unlike just-war theorists, they do not see the justification of war as part of the Christian mission. Unlike traditional pacifists, they do see social change as necessary and possible and, as such, requiring Christian participation in public efforts. Cahill argues that transformative Christian social participation is demanded by the gospel and the example of Jesus, and can produce the avoidance, resolution, or reduction of conflicts. And yet obstacles are significant, and expectations must be realistic. Decisions to use armed force against injustice, even when they meet the criteria of just war, will be ambiguous and tragic from a Christian perspective. Regarding war and peace, the focus of Christian theology, ethics, and practice should not be on justifying war but on practical and hopeful interreligious peacebuilding.

SH I m' / sis ta: A woman who loves people, follows the Prince of Peace, and never gives up her sass. Shalom, the Hebrew word often translated as "peace," was a far cry from blogger and podcaster

Osheta Moore's crazy life. Like a lot of women, she loved God's dream for a world that is whole, vibrant, and flourishing. But honestly: who's got the time? So one night she whispered a dangerous prayer: God, show me the things that make for peace. In Shalom Sistas, Moore shares what she learned when she challenged herself to study peace in the Bible for forty days. Taking readers through the twelve points of the Shalom Sistas' Manifesto, Moore experiments with practices of everyday peacemaking and invites readers to do the same. From dropping "love bombs" on a family vacation, to talking to the coach who called her son the n-word, to spreading shalom with a Swiffer, Moore offers bold steps for crossing lines between black and white, suburban and urban, rich and poor. What if a bunch of Jesus-following women catch a vision of a vibrant, whole, flourishing world? What happens when Shalom Sistas unite? Revisiting the Origins of Human Rights InterVarsity Press

Publishers Weekly starred review Parkland. Las Vegas. Dallas. Orlando. San Bernardino. Paris. Charleston. Sutherland Springs. Newtown. These cities are now known for the people who were shot and killed in them. More Americans have died from guns in the US in the last fifty years than in all the wars in American history. With less than 5% of the world's population, the people of the US own nearly half the world's guns. America also has the most annual gun deaths--homicide, suicide, and accidental gun deaths--at 105 per day, or more than 38,000 per year. Some people say it's a heart problem. Others say it's a gun problem. The authors of Beating Guns believe it's both. This book is for people who believe the world doesn't have to be this way.

Inspired by the prophetic image of beating swords into plows, Beating Guns provides a provocative look at gun violence in America and offers a clarion call to change our hearts regarding one of the most significant moral issues of our time. Bestselling author, speaker, and activist Shane Claiborne and Michael Martin show why Christians should be concerned about gun violence and how they can be part of the solution. The authors transcend stale rhetoric and old debates about gun control to offer a creative and productive response. Full-color images show how guns are being turned into tools and musical instruments across the nation. Charts, tables, and facts convey the mind-boggling realities of gun violence in America, but as the authors make clear, there is a story behind every statistic. Beating Guns allows victims and perpetrators of gun violence to tell their own compelling stories, offering hope for change and helping us reimagine the world as one that turns from death to life, where swords become plows and guns are turned into garden tools.

America's problem with race has deep roots, with the country's foundation tied to the near extermination of one race of people and the enslavement of another. Racism is truly our nation's original sin. "It's time we right this unacceptable wrong," says bestselling author and leading Christian activist Jim Wallis. Fifty years ago, Wallis was driven away from his faith by a white church that considered dealing with racism to be taboo. His participation in the civil rights movement brought him back when he discovered a faith that commands racial justice. Yet as recent tragedies confirm, we continue to suffer from the legacy of racism. The old patterns of white privilege are colliding with the changing demographics of a diverse nation. The church has been slow to respond, and Sunday morning is still the most segregated hour of the week. In America's Original Sin, Wallis offers a prophetic and deeply personal call to action in overcoming the racism so ingrained in American society. He speaks candidly to Christians--particularly white Christians--urging them to cross a new bridge toward racial justice and healing. Whenever divided cultures and gridlocked power structures fail to end systemic sin, faith communities can help lead the way to grassroots change. Probing yet positive, biblically rooted yet highly practical, this book shows people of faith how they can work together to overcome the embedded racism in America, galvanizing a movement to cross the bridge to a multiracial church and a new America.

Jesus said, "Blessed are the peacemakers." But it often seems like conflict and disagreement are unavoidable. Serious, divisive conflict is everywhere-within families, in the church, and out in the world. And it can seem impossible to overcome its negative force in our lives. In The Peacemaker, Ken Sande presents a comprehensive and practical theology for conflict resolution designed to bring about not only a cease-fire but also unity and harmony. Sande takes readers beyond resolving conflicts to true, life-changing reconciliation with family members, coworkers, and fellow believers. Biblically based, The Peacemaker is full of godly wisdom and useful suggestions that are easily applied to any relationship needing reconciliation. Sande's years of experience as an attorney and as president of Peacemaker Ministries will strengthen readers' confidence as they stand in the gap as peacemakers.

There are numerous examples throughout history of effective nonviolent action. Nonviolent protesters defied the Soviet Empire's communist rulers, Gandhi's nonviolent revolution defeated the British Empire, and Martin Luther King Jr.'s peaceful civil-rights crusade changed American history. Recent scholarship shows that nonviolent revolutions against injustice and dictatorship are actually more successful than violent campaigns. In this book, noted theologian and bestselling author Ron Sider argues that the search for peaceful alternatives to violence is not only a practical necessity in the wake of the twentieth century--the most bloody in human history--but also a moral demand of the Christian faith. He presents compelling examples of how nonviolent action has been practiced in history and in current social-political situations to promote peace and oppose injustice, showing that this path is a successful and viable alternative to violence.
