Foreword by Bill Gates LinkedIn cofounder, legendary investor, and host of the award-winning Masters of Scale podcast reveals the secret to starting and scaling massively valuable companies. What entrepreneur or founder doesn’t aspire to build the next Amazon, Facebook, or Airbnb? Yet those who actually manage to do so are exceedingly rare. So what separates the startups that get disrupted and disappear from the ones who grow to become global giants? The secret is blitzscaling: a set of techniques for scaling up at a dizzying pace that blows competitors out of the water. The objective of Blitzscaling is not to go from zero to one, but from one to one billion –as quickly as possible. When growing at a breakneck pace, getting to next level requires very different strategies from those that got you to where you are today. In a book inspired by their popular class at Stanford Business School, Hoffman and Yeh reveal how to navigate the necessary shifts and weather the unique challenges that arise at each stage of a company’s life cycle, such as: how to design business models for igniting and sustaining relentless growth; strategies for hiring and managing; how the role of the founder and company culture must evolve as the business matures, and more. Whether your business has ten employees or ten thousand, Blitzscaling is the essential playbook for winning in a world where speed is the only competitive advantage that matters. In A Question of Tradition, Kathryn Hellerstein explores the roles that women poets played in forming a modern Yiddish literary tradition. Women who wrote in Yiddish go largely unrecognized outside a rapidly diminishing Yiddish readership. Even in the heyday of Yiddish literature, they were regarded as marginal. But for over four centuries, women wrote and published Yiddish poems that addressed the crises of Jewish history—from the plague to the Holocaust—as well as the challenges and pleasures of daily life: prayer, art, friendship, nature, family, and love. Through close readings and translations of poems of eighteen writers, Hellerstein argues for a new perspective on a tradition of women Yiddish poets. Framed by a consideration of Ezra Korman's 1928 anthology of women poets, Hellerstein develops a discussion of poetry that extends from the sixteenth century through the twentieth, from early modern Prague and Krakow to high modernist Warsaw, New York, and California. The poems range from early conventional devotions, such as a printer's preface and verse prayers, to experimental, transgressive lyrics that confront a modern ambivalence toward Judaism. In an integrated study of literary and cultural history, Hellerstein shows the immensely important contribution made by women poets to Jewish literary tradition.
