Super 10 Mock Tests for IAS
Prelims General Studies Paper 2
(CSAT) Exam - 2nd Edition

EduGorilla Community Pvt. Ltd.
The definitive 1990s
blockbuster, Steven Spielberg's

Jurassic Park met with almost universal critical and popular acclaim, broke new ground with its CGI recreation of dinosaurs, and started one of the most profitable of all movie franchises. To mark the film's 30th anniversary, this exciting illustrated collection of new essays interrogates the Jurassic Park phenomenon from a diverse range of critical, historical, and theoretical angles. The primary focus is on Jurassic Park itself but there is also discussion of the franchise and its numerous spin-offs. As well as leading international scholars of film studies and

history, contributors include experts in special effects, science on screen, fan studies, and palaeontology.

Comprehensive, up to date, and accessible, *The Jurassic Park Book* appeals not only to students and scholars of Hollywood and contemporary culture, but also to the global audience of fans of the greatest of all dinosaur movies.

Media Today uses convergence as a lens that puts students at the center of the profound changes in the 21st century media world. Through the convergence lens they learn to think critically about the role of media today and what these changes mean for their

lives presently and in the future. The book's media systems approach helps students to look carefully at how media is created, distributed, and exhibited in the new world that the digital revolution has created. In this way, Media Today goes beyond the traditional mass communication textbook's focus on consuming media, to give students an in.

Super 10 Mock Tests for IAS Prelims General Studies Paper 2 (CSAT) Exam EduGorilla

Community Pvt. Ltd.

A gripping business narrative

and scientific thriller about what it takes to bring a wonder drug to market—and save countless lives. For *Blood and Money* tells the little-known story of how an upstart biotechnology company created a one-in-a-million cancer drug, and how members of the core team—denied their share of the profits—went and did it again. In this epic saga of money and science, veteran financial journalist Nathan Vardi explains how the invention of two of the biggest cancer drugs in history became (for their backers) two of the greatest Wall Street bets of all time. In the multibillion-dollar business of biotech, where pharmaceutical companies, the government, hedge funds, and venture capitalists have spent billions on funding, experimentation, and treatments, a single molecule can stop cancer in its tracks—and make the people who find that rare molecule astonishingly rich. For *Blood and Money* follows a small team at a biotech start-up in California, who have found one of these rare molecules. Their compound, known as a BTK inhibitor, seems to work on a vicious type of leukemia. When patients start rising from their hospice beds, the team knows

they're onto something big. What follows is a story of genius, pathos, and drama, in which vivid characters navigate a world of corporate intrigue and ambiguous morality. Vardi's narrative immerses readers in the recent explosion of biotech start-ups. He describes the scientists, doctors, and investors who are risking everything to develop new, life-saving treatments, and introduces suffering patients for whom the stakes are life-or-death. A gripping nonfiction read, *For Blood and Money* illustrates why it's so hard to bring new drugs to market,

explains why they are so expensive, and examines how profit-driven venture capitalists are shaping the future of medicine.

For Blood and Money: Billionaires, Biotech, and the Quest for a Blockbuster Drug EduGorilla Community Pvt. Ltd.

The authors of this book have made an in depth study of the strategies and management practices of leading media companies and have identified the core competences media companies need to have to win in the new world. The book is strongly focused on applicability and combines long standing best practice principles with

innovative approaches for staying ahead. It systematically discusses competences needed in each of the key functional areas in the media companies drawing on examples from all main media sectors.
