## **Blood Music by Greg Bear - Goodreads**

Blood Music is a science fiction novel by American writer Greg Bear. It was originally published as a short story in

1983 in the American science fiction magazine Analog Science Fact & Fiction , winning the 1983 Nebula Award for Best Novelette and the 1984 Hugo Award for Best Novelette . [Blood Music by Greg Bear – BestScienceFictionStories.com](https://www.bestsciencfiction.com) Blood Music is a 1983 award winning science fiction novelette by Greg Bear. It is about a scientist who injects himself with billions of tiny biological computers, and then gets nervous when they start changing his body. Blood Music follows the story of Vergil Ulam, a brilliant and obsessive scientist who works for... Blood Music Greg Bear Vergil Ulam is a brilliant biotechnology

---

researcher who takes matters into his own hands when his company threatens to shut his work down. Vergil's noocytes are like nano-technology living organisms that begin to evolve and multiply rapidly. Greg Bear knows his science and comes up with some big ideas and concepts...

## **Greg Bear Blood Music**

### **Audiobook**

Perhaps it's Bear's concept of an integration of nanobots forming a construct that surpasses humans' capacity,

perhaps it is a development that an altered consciousness will create on our altered world, perhaps it is his playing out of a theme of transformation that rivals 2001 but Bear's Blood Music is just pleasing and thoughtful to a superior degree for me.

*Blood Music*  
(novel) -  
*Wikipedia*  
Blood Music  
is the sort  
of  
frightening  
novel of  
biological  
horror that  
Michael  
Crichton  
used to be  
able to  
write back  
in the good  
old days of  
The  
Andromeda  
Strain, and  
it helped  
put Greg  
Bear on the  
map in the  
early years  
of his  
career.
