**The Trial of Henry Kissinger** Bantam

Jovinianus, about whom little more is known than what is to be found in Jerome's treatise, published a Latin treatise outlining several opinions: That a virgin is no better, as such, than a wife in the sight of God. Abstinence from food is no better than a thankful partaking of food. A person baptized with the Spirit as well as with water cannot sin. All sins are equal. There is but one grade of punishment and one of reward in the future state. In addition to this, he held

the birth of Jesus Christ to have been by a "true parturition," and was thus refuting the orthodoxy of the time, according to which, the infant Jesus passed through the walls of the womb as his Resurrection body afterwards did, out of the tomb or through closed doors.

The scale and the depth of Nazi brutality seem to defy understanding. What could drive people to fight, kill, and destroy with such ruthless ambition? Observers and historians have offered countless explanations since the 1930s. According to Johann Chapoutot, we need to understand better how the Nazis explained it themselves. We need a clearer view, in particular, of how they were steeped in and spread the idea that history gave them no choice: it was either kill or die. Chapoutot, one of France's leading historians, spent years immersing himself in the texts and images that reflected and shaped the mental world of Nazi ideologues, and that the Nazis disseminated to the German public. The party had no official ur-text of ideology, values, and history. But a clear narrative emerges from the myriad works of intellectuals, apparatchiks, journalists, and movie-makers that Chapoutot explores. The story went like this: In the ancient world, the Nordic-

German race lived in harmony with the laws of nature. History did not concern itself with right and wrong, only brute necessity. A remarkable work of scholarship and insight, *The Law of Blood* recreates the chilling ideas and outlook that would cost millions their lives. *The Letters of S. Ambrose, Bishop of Milan* Verso
