Come to Panama and see a small nation that acts like it is big. The Panama Canal transports ships from the Atlantic to the Pacific Ocean in less than a day. That feat alone makes Panama important to the rest of the world. But there is more to Panama than the canal. The Kuna Indians live on islands off the Caribbean coast, where they welcome visitors to observe their way of life. In the western highlands is the inactive Volcán Barú where quetzals fly. In Panama City is Casco Viejo, the old part of the city where Panama declared its independence from Colombia in 1903. The mysterious and sometimes dangerous Darién calls visitors to experience rain forests, beaches, and a spectacular collection of wildlife. And the Panama Canal always beckons to travelers who want to see how the famous locks work. You may find yourself wanting to stay in Panama rather than head home at the end of your visit.

The gentle dhobi who transforms into a killer, a prostitute who is more child than woman, the cocky, young coachman who falls in love at first sight, a father convinced that his son will die before his first birthday. Saadat Hasan Manto's stories are vivid, dangerous and troubling and they slice into the everyday world to reveal its sombre, dark heart. These stories were written from the mid 30s on, many under the shadow of Partition. No Indian writer since has quite managed to capture the underbelly of Indian life with as much sympathy and colour. In a new translation that for the first time captures the richness of Manto's prose and its combination of high emotion and taut narrative, this is a classic collection from the master of the Indian short story.

all about. Then start at the beginning reading Episodes One To Six before continuing with Episodes Seven To Twelve. Northbridge Fans – The wait is over! Pauline fights for dear life. Sarah tempts Scott. Elise comes home to an empty house and discovers it's not so empty after all. Diana discovers the campus killer's identity! And that's all just in episode seven... you won't believe what happens next! General Northbridge Description Northbridge – a town right out of a classic nighttime soap opera. Hot sex? Good, old-fashioned romance? Campus-wide scandal? Dirty secrets? Killer cliffhangers? Yeah, it's got all that! Newlywed Pauline Rondell gets more than she bargained for when her husband Scott convinces her to move to the small college town of Northbridge. She loved the glossy university brochure: The smiling football player and cheerleader crossing the quad. Ivy growing on the side of the building. Students reading under a tree ablaze with fall foliage. Pauline soon discovers the brochure left out a few important details: Sarah, her husband's old girlfriend who won't let go of the past. The professor whose desktop sees more action than a mattress salesman. The stalker lurking in the shadows. Not to mention what the rest of Pauline's new friends and neighbors in Northbridge are up to... Zero Waste Fashion Design Mitchell

The Village Girl Grew Up By: Roselidah Obunaga From her humble beginnings, Roselidah was always determined to dream big. Her faith and the support from her late parents served as catalyst

into the person who she is now. Since her youthful age and growing into adulthood, Rose has continued to pursue her love for volleyball. She has progressively coached and reached out to the communities that helped her develop as well as local communities. This story is about Rose's journey as she navigated difficult situations with both loss and triumphs. As Nelson Mandela said, "After climbing a great hill, one only finds that there are many more hills to climb." Rose believes there is still more she would like to do to expand her passion of the volleyball game". Her story is one that shows how an ordinary person can have a drastic impact on so many lives.

Major changes have occurred in the last few years in the methods of cutting and manufacturing outerwear. Light clothing companies are now manufacturing these heavy garments because of the development of fusible interlinings and new manufacturing techniques which have resulted in the deskilling of traditional tailoring methods. Outerwear has consequently assumed much greater importance in light clothing courses and this book - the first of its kind - has been written to reflect these industrial changes.

It offers a course of practical and theoretical study which is related to specific garment types and fabrics. An essential manual for students at every level. Suitable for use in CGLI, BTEC and degree courses, this uniquely comprehensive work is certain to become a standard textbook on its subject.

Modern Prairie Sewing Routledge

The joy of finding an old box in the attic filled with postcards, invitations, theater programs, laundry lists, and pay stubs is discovering the stories hidden within them. The paper trails of our lives -- or ephemera -- may hold sentimental value, reminding us of great grandparents. They chronicle social history. They can be valuable as collectibles or antiques. But the greatest

pleasure is that these ordinary documents can reconstruct with uncanny immediacy the drama of day-to-day life. The Encyclopedia of Ephemera is the first work of its kind, providing an unparalleled sourcebook with over 400 entries that cover all aspects of everyday documents and artifacts, from bookmarks to birth certificates to lighthouse dues papers. Continuing a tradition that started in the Victorian era, when disposable paper items such as trade cards, die-cuts and greeting cards were accumulated to paste into scrap books, expert Maurice Rickards has compiled an enormous range of paper collectibles from the obscure to the commonplace. His artifacts come from

around the world and include such throw-away items as cigarette packs and crate labels as well as the ubiquitous faxes, parking tickets, and phone cards of daily life. As this major new reference shows, simple slips of paper can speak volumes about status, taste, customs, and taboos, revealing the very roots of popular culture.

What's the Secret to Sewing Great-Fitting Garments? The Rub-off—the Insider's Technique for Creating a Great-Fitting Pattern! Do you love to sew your own clothes but find it difficult to make commercial patterns fit? Has your favorite blouse seen better days but is no longer available in stores? Have you gained or lost weight so that your most flattering skirt doesn't fit quite right, or would you like to

update it by remaking it in a new fabric or adding new details? If you answered “yes” to any of these questions, you'll find the solution right in your own closet—by creating customized sewing patterns using garments you already own and love to wear. In *Patternmaking for a Perfect Fit*, Hollywood and theater costume designer Steffani Lincecum demonstrates the rub-off, a method of pattern drafting used by fashion and costume industry professionals that traces an existing garment or accessory without deconstructing or damaging it. Steffani starts with the basics, outlining two rub-off methods—tracing onto paper or draping with fabric—and explaining essential tools, materials, and sewing techniques. She then shows how to duplicate a skirt, a dress, a blouse, and a handbag, from rubbing-off the original, to creating the pattern, to cutting and sewing the new version, to making adjustments and incorporating a variety of other elements and

details—not only refreshing your favorite fashions but replenishing your whole wardrobe with brand-new looks.
