Captain James Cook's three epic journeys between 1768 and 1779 were the last great voyages of discovery. This text recounts his adventures and revisits the lands and peoples Cook discovered to explore the captain's legacy in the Pacific.

Treasure Island UBC Press

An in-depth chronicle of Captain James Cook's three historic voyages recounts his expeditions charting the eastern Australian coast, exploring the northwest coast of North America, circumnavigating New Zealand, and discovering many Pacific islands, setting his accomplishments against the backdrop of the colonialism

of his era.

Ladies' Book of Etiquette, and Manual of Polit é ness Henry Holt and Company
Depicted by the man himself, The Journals of James Cook is an intimate first-hand account, providing an uncensored and reliable narrative of adventures spanning across the globe. The Journals of James Cook depict three of Captain James Cook ' s most glorious expeditions, starting in 1768 and leading to Cook ' s tragic death in 1779. Having ventured all over the Pacific, Cook encountered lands not yet charted by the British. Though his discoveries and maps inadvertently led to British colonization, Cook held a deep respect for the native people he encountered. He recorded their practices and wrote of them fondly. Cook even befriended some of the native people he encountered, including a Tahitian man who, after hearing of Cook ' s homeland, wanted to visit it as well. Per the man ' s request, Cook sailed him to Britain, where the man stayed until he and Cook

sailed back to Tahiti three years later. After charting Australia, and the whole coast of New Zealand, Cook was involved in a plot to kidnap a Hawaiian monarch and ransom them in order to recover stolen property. He was killed during this expedition, leaving behind a legacy of a detailed description of the Pacific Ocean and its coasts. James Cook ' s expeditions around the world and his detailed and innovative work as a cartographer inspired advancements in scientific, medical, historical and geological fields. His influence has also reached the literary world, inspiring novel series and characters, including the infamous Captain Hook. Exuding ambition, courage, and confidence, The Journals of James Cook provide a privileged peak into the travels and accomplishments of an adventurous, and invaluable man. Packed with wonder but free of imperialistic arrogance, The Journals of James Cook serve as a valuable and intriguing primary source of a time when places in the world were yet to be mapped. Now presented in an easy-to-read font and redesigned with a stunning new cover, James Cook ' The Journals of James Cook is accommodating to contemporary readers, providing a fresh version of the esteemed literary work while preserving its wonders and adventures. The Life of Captain James Cook Macmillan LA is a seemingly endless combination of unique geography, communities, and cultures that calls for a literary vision of its complex landscape of humanity and geography inspired by Rebecca Solnit's Infinite City

World Cruising Essentials Penguin
The bestselling author of Blue Latitudes takes us on a thrilling and eye-opening voyage to pre-Mayflower America On a chance visit to Plymouth Rock, Tony Horwitz realizes he's mislaid more than a century of American history, from Columbus's sail in 1492 to Jamestown's founding in 1607-something. Did nothing happen in between? Determined to find

out, he embarks on a journey of rediscovery, following in the footsteps of the many Europeans who preceded the Pilgrims to America. An irresistible blend of history, myth, and misadventure, *A Voyage Long and Strange* captures the wonder and drama of first contact. Vikings, conquistadors, French voyageurs—these and many others roamed an unknown continent in quest of grapes, gold, converts, even a cure for syphilis. Though most failed, their remarkable exploits left an enduring mark on the land and people encountered by late-arriving English settlers. Tracing this legacy with his own epic trek—from Florida's Fountain of Youth to Plymouth's sacred Rock, from desert pueblos to subarctic sweat lodges—Tony Horwitz explores the revealing gap between what we enshrine and what we forget. Displaying his

trademark talent for humor, narrative, and historical insight, *A Voyage Long and Strange* allows us to rediscover the New World for ourselves.

First Map: How James Cook Charted Aotearoa New Zealand Allen & Unwin

In an exhilarating tale of historic adventure, the Pulitzer Prize-winning author of *Confederates in the Attic* retraces the voyages of Captain James Cook, the Yorkshire farm boy who drew the map of the modern world. Captain James Cook's three epic journeys in the 18th century were the last great voyages of discovery. His ships sailed 150,000 miles, from the Arctic to the Antarctic, from Tasmania to Oregon, from Easter Island to Siberia. When Cook set off for the Pacific in 1768, a third of the globe

remained blank. By the time he died in Hawaii in 1779, the map of the world was substantially complete. Tony Horwitz vividly recounts Cook's voyages and the exotic scenes the captain encountered: tropical orgies, taboo rituals, cannibal feasts, human sacrifice. He also relives Cook's adventures by following in the captain's wake to places such as Tahiti, Savage Island, and the Great Barrier Reef to discover Cook's embattled legacy in the present day. Signing on as a working crewman aboard a replica of Cook's vessel, Horwitz experiences the thrill and terror of sailing a tall ship. He also explores Cook the man: an impoverished farmboy who broke through the barriers of his class and

time to become the greatest navigator in British history. By turns harrowing and hilarious, insightful and entertaining, BLUE LATITUDES brings to life a man whose voyages helped create the 'global village' we know today.

The Voyages of Captain James Cook
Createspace Independent Publishing Platform

In the tradition of A Year in Provence and Under the Tuscan Sun, acclaimed English travel writer Tahir Shah shares a highly entertaining account of making an exotic dream come true. By turns hilarious and harrowing, here is the story of his family 's move from the gray skies of London to the sun-drenched city of Casablanca, where

Islamic tradition and African folklore converge – and nothing is as easy as it seems.... Inspired by the Moroccan vacations of his childhood, Tahir Shah dreamed of making a home in that astonishing country. At age thirty-six he got his chance. Investing what money he and his wife, Rachana, had, Tahir packed up his growing family and bought Dar Khalifa, a crumbling ruin of a mansion by the sea in Casablanca that once belonged to the city ' s caliph, or spiritual leader. With its lush grounds, cool, secluded courtyards, and relaxed pace, life at Dar Khalifa seems sure to fulfill Tahir ' s fantasy – until he discovers that in many ways he is farther from home than he imagined. For in Morocco an empty house is thought to attract jinns, invisible spirits unique to the Islamic world. The ardent belief in their presence greatly hampers sleep and renovation plans, but that is just the beginning. From elaborate exorcism rituals involving sacrificial goats to dealing with gangster neighbors intent on stealing their property, the Shahs must cope with a new culture and all that comes with it. Endlessly enthralling, The Caliph ' s House charts a year in the life of one family who takes a tremendous gamble. As we follow Tahir on his travels throughout the kingdom, from Tangier to Marrakech to the Sahara, we discover a world of fierce contrasts that any true adventurer would be thrilled to call home.

Captain Cook Rediscovered

Bloomsbury Publishing

This comprehensive third volume in Jimmy Cornell's acclaimed and successful World Cruising series is the ultimate authority on boats, gear, and techniques for long-distance cruising under sail. Distilled from surveys of 15,000 sailors by the world's leading promoter of blue-water voyaging, it answers in detail the most frequently asked questions on world cruising, including what boats people are sailing, what navigation and seamanship practices work best, what equipment is really essential, and more.

A Voyage Long and Strange

Bloomsbury Publishing USA

Captain Cook Rediscovered is the

first modern study to frame Captain James Cook ' s career from a North American vantage. Although Cook is inextricably linked to the South Pacific in the popular imagination, his crowning navigational and scientific achievements took place in the polar regions. David L. Nicandri acknowledges the cartographic accomplishments of the Australasian first voyage but focuses on the second- and third-voyage discovery missions in the extreme latitudes, where Cook pioneered the science of iceberg and icepack formation. A truly modern appraisal of early polar science, Captain Cook Rediscovered resonates in the climate change era.

Dove ReadHowYouWant.com

A New York Times Notable Book for 2011 A Library Journal Top Ten Best Books of 2011 A Boston Globe Best Nonfiction Book of 2011 Bestselling author Tony Horwitz tells the electrifying tale of the daring insurrection that put America on the path to bloody war Plotted in secret, launched in the dark, John Brown's raid on Harpers Ferry was a pivotal moment in U.S. history. But few Americans know the true story of the men and women who launched a desperate strike at the slaveholding South. Now, *Midnight Rising* portrays Brown's uprising in vivid color, revealing a country on the brink of explosive conflict. Brown, the descendant of New England Puritans, saw slavery as a sin against America's founding principles. Unlike most abolitionists, he was willing to take up

arms, and in 1859 he prepared for battle at a hideout in Maryland, joined by his teenage daughter, three of his sons, and a guerrilla band that included former slaves and a dashing spy. On October 17, the raiders seized Harpers Ferry, stunning the nation and prompting a counterattack led by Robert E. Lee. After Brown's capture, his defiant eloquence galvanized the North and appalled the South, which considered Brown a terrorist. The raid also helped elect Abraham Lincoln, who later began to fulfill Brown's dream with the Emancipation Proclamation, a measure he called "a John Brown raid, on a gigantic scale." Tony Horwitz's riveting book travels antebellum America to deliver both a taut historical drama and a telling portrait of a nation divided—a time that still resonates in ours.

The Quiet Girl Bloomsbury

Continuum

Contains an exclusive preview of *Micro* by Michael Crichton and Richard Preston. In Port Royal, a cutthroat town of taverns, grog shops and bawdy houses, life can end swiftly. But for Captain Edward Hunter, this is a life destined for riches; Spanish gold is there for the taking. And law in the New World is made by those who take it into their own hands.

The Caliph's House HarperTeen
Two ships set out in search of a missing continent: the *St Jean-Baptiste*, a French merchant ship commanded by Jean de Surville, and the *Endeavour*, a small British naval

vessel captained by James Cook. Distinguished historian Geoffrey Blainey tells the story of these rival ships and the men who sailed them. Just before Christmas 1769, the two captains were almost close enough to see one another – and yet they did not know of each other's existence. Both crews battled extreme hardships but also experienced the euphoria of 'discovering' new lands. *Sea of Dangers* is the most revealing narrative so far written of Cook's astonishing voyage. It also casts new light on the little-known journey by de Surville; Blainey argues that he was in the vicinity of

Sydney Harbour months before Cook arrived. 'A master storyteller's account of the way fantasy and rumour have driven science and exploration' - Weekend Australian
'Blainey's characteristic curiosity raises new questions about Cook and his reputation' - The Age
The Horse Latitudes Penguin Group Australia

Boldly Going Where Captain Cook Has Gone Before Two centuries after James Cook's epic voyages of discovery, Tony Horwitz takes readers on a wild ride across hemispheres and centuries to recapture the Captain ' s adventures and explore his embattled legacy in today ' s Pacific. Horwitz, a Pulitzer

Prize-winner and author of *Confederates in the Attic*, works as a sailor aboard a replica of Cook ' s ship, meets island kings and beauty queens, and carouses the South Seas with a hilarious and disgraceful travel companion, an Aussie named Roger. He also creates a brilliant portrait of Cook: an impoverished farmboy who became the greatest navigator in British history and forever changed the lands he touched. Poignant, probing, antic, and exhilarating, *Blue Latitudes* brings to life a man who helped create the global village we inhabit today.

Midnight Rising Farrar, Straus and Giroux

In the early 1990s the author's quest for hot newspaper stories

takes him from the tribal wilds of Yemen to the shell-pocked shores of Lebanon; from the malarial sands of the Sudan to the eerie souks of Saddam Hussein's Iraq, a land so secretive that even street maps and weather reports are banned.

Careening through thirteen Muslim countries and Israel, he reveals a world in which the ancient and the modern collide.

Into the Blue Adlard Coles

An anthology of stories by Caribbean women writers explores such themes as residency in a tourist environment that invites visitors to make the area their own, the sexual exploitation of Caribbean women, and the region's tragic colonial history, in a volume that includes

contributions by such authors as Edwidge Danticat, Jamaica Kincaid, and Dionne Brand. Reprint.

Captain Cook Henry Holt and Company

The internationally acclaimed bestselling author of Smilla's Sense of Snow returns with this "engrossing, beautifully written tale of suspense . . . captivating" (The Miami Herald). Set in Denmark in the here and now, Peter Hoeg's The Quiet Girl centers around Kaspar Krone, a world-renowned circus clown with a deep love for the music of Johan Sebastian Bach, and an even deeper gambling debt. Wanted for tax evasion and on the

verge of extradition, Krone is drafted into the service of a mysterious order of nuns who promise him reprieve from the international authorities in return for his help safeguarding a group of children with mystical abilities -- abilities that Krone also shares. When one of the children goes missing, Krone sets off to find the young girl and bring her back, making a shocking series of discoveries along the way about her identity and the true intentions of his young wards. The result is a fast-paced, philosophical thriller blending social realism with the literary fantastic and pitting art and spirituality against corporate interests and nothing less than the will to war by the industrialized world. The Quiet Girl is a masterful, inventive novel that marks the triumphal return of one of the great writers of the international literary world.

A Book of Golden Deeds Bantam

The Horse Latitudes follows one Cavalry platoon's time in Baghdad, Iraq. The missions are long stretches of boredom broken by flashes of violence. A single sniper shot fired. An IED loosely buried in the roadside, waiting. A schoolyard of kids throwing fist-sized rocks at gun trucks. The downtime is a combination of homesickness, RPGs, and mortar fire. The Horse Latitudes observes not only firefights and their aftermath, but also the

soldiers' struggles within themselves: how to fight a faceless enemy, what it means to

serve, how one soldiers, what makes a man, what makes a good man, what it might mean to die for this, and what it might mean not to.

Rowing to Latitude Quarto Publishing Group USA

The first-ever illustrated account of the explorer and cartographer's epic eighteenth-century Pacific voyages, complete with excerpts from his journals. This is history's greatest adventure story. In 1766, the Royal Society chose prodigal mapmaker and navigator James Cook to lead a South Pacific voyage. His orders were to chart the path of Venus across the sun. That task completed, his ship, the HMS Endeavour, continued to comb

the southern hemisphere for the imagined continent Terra Australis.

The voyage lasted from 1768 to 1771, and upon Cook's return to London, his journaled accounts of the expedition made him a celebrity. After that came two more voyages for Cook and his crew—followed by Cook's murder by natives in Hawaii. The Voyages of Captain James Cook reveals Cook's fascinating story through journal excerpts, illustrations, photography, and supplementary writings. During Cook's career, he logged more than 200,000 miles—nearly the distance to the moon. And along the way, scientists and artists traveling with him documented exotic flora and fauna, untouched landscapes, indigenous

peoples, and much more. In addition to the South Pacific, Cook ' s voyages took him to South America, Antarctica, New Zealand, the Pacific Coast from California to Alaska, the Arctic Circle, Siberia, the East Indies, and the Indian Ocean. When he set out in 1768, more than one-third of the globe was unmapped. By the time Cook died in 1779, he had created charts so accurate that some were used into the 1990s. The Voyages of Captain James Cook is a handsome illustrated edition of Cook ' s selected writings spanning his Pacific voyages, ending in 1779 with the delivery of his salted scalp and hands to his surviving crewmembers. It ' s an enthralling read for anyone who appreciates history, science, art, and classic adventure.

Farther Than Any Man International Marine/Ragged Mountain Press
This “ thoroughly researched and sharply opinionated ” biography presents a nuanced portrait of the renowned 18th century navigator (The Wall Street Journal). The age of discovery was at its peak in the eighteenth century, with bold adventurers charting the furthest reaches of the globe. Foremost among these explorers was Captain James Cook of the British Royal Navy. Recent writers have viewed Cook through the lens of colonial exploitation, regarding him as a villain. While they raise important issues, many of these critical accounts overlook his major

contributions to science, navigation and cartography. In *Captain Cook*, Frank McLynn re-creates the voyages that took the famous navigator from his native England to the outer reaches of the Pacific Ocean. Although Cook died in a senseless, avoidable conflict with the people of Hawaii, McLynn illustrates that to the men with whom he served, Cook was master of the seas and nothing less than a titan. McLynn reveals Cook's place in history as a brave and brilliant yet tragically flawed man.

Cook Vintage Canada

Admiral Stavridis, a leader in military, international affairs, and national security circles, shares his love of the sea and some of the sources of that

affection. The *Sailor's Bookshelf* offers synopses of fifty books that illustrate the history, importance, lore, and lifestyle of the oceans and of those who “go down to the sea in ships.” Stavridis colors those descriptions with glimpses of his own service—“sea stories” in popular parlance—that not only clarify his choices but show why he is held in such high esteem among his fellow sailors. Divided into four main categories—The Oceans, Explorers, Sailors in Fiction, and Sailors in Non-Fiction—Admiral Stavridis’ choices will appeal to “old salts” and to those who have never known the sights of the ever-changing seascape nor breathed the tonic of an ocean breeze. The result is a

navigational aid that guides readers through the realm of sea literature, covering a spectrum of topics that range from science to aesthetics, from history to modernity, from solo sailing to great battles. Among these eclectic choices are guides to shiphandling and navigation, classic fiction that pits man against the sea, ecological and strategic challenges, celebrations of great achievements and the lessons that come with failure, economic competition and its stepbrother combat, explorations of the deep, and poetry that beats with the pulse of the wave. Some of the included titles are familiar to many, while others, are likely less well-known but are welcome additions to this encompassing collection.

Admiral Stavridis has chosen some books that are relatively recent, and he recommends other works which have been around much longer and deserve recognition.
