An epic fantasy from the New York Times—bestselling author of the Secret Histories, Nightside, and other beloved series. The Great Jordan has played the finest stages in the Forest Kingdom, performing for kings and queens, earning thunderous applause, and lining his pockets at the same time. But that was a lifetime ago. At twenty-seven, Jordan is washed up, eking out a living in backwater towns whose citizens prefer tawdry magic to true theatrical talent. Jordan's purse is nearly empty when three men approach him in an alley and offer him the role of a lifetime, which will either make his career—or end his life. They offer ten thousand ducats if the actor will impersonate the son of the late King Malcolm, whose untimely death has caused some to whisper of poisoning. Swayed by their proposal, Jordan accompanies them to Castle Midnight, where a bit of magic makes him look like royalty. But playing a prince is risky business, and Jordan will quickly find that this is a part for which there can be no encore.

Sure, you think you know the story of the fearsome red dragon, Dragonia. How it terrorized the village of Skendrick until a brave band of heroes answered the noble villagers' call for aid. How nothing could stop those courageous souls from facing down the dragon. How they emerged victorious and laden with treasure. But, even in a world filled with epic adventures and tales of derring-do, where dragons, goblins, and unlicensed prestidigitators run amok, legendary heroes don't always know what they're doing. Sometimes they're clueless. Sometimes beleaguered townsfolk are more hapless than helpless. And orcs? They're not always assholes, and sometimes they don't actually want to eat your children. Heloise the Bard, Erithea's most renowned storyteller (at least, to hear her tell it), is here to set the record straight. See, it turns out adventuring isn't easy, and true heroism is as rare as an articulate villager. Having spent decades propagating this particular myth (which, incidentally, she wrote), she finally able to tell the real story—for which she just so happened to have a front-row seat. Welcome to Erithea. I hope you brought a change of undergarments—things are going to get messy.

Glen Cook's epic fantasy noir Chronicles of the Black Company continues with Soldiers Live. When sorcerers and demigods go to war, those wars are fought by mercenaries, "dog soldiers," grunts in the trenches. And the stories of those soldiers are the stories of Glen Cook's hugely popular "Black Company" novels. If the Joseph Heller of Catch-22 were to tell the story of The Lord of the Rings, it might read like the Black Company books. There is nothing else in fantasy like them. Now, at last, Cook brings the "Glittering Stone" cycle within the Black Company series to an end . . . but an end with many other tales left to tell. As Soldiers Live opens, Croaker is military dictator of all the Taglias, and no Black Company member has died in battle for four years. Croaker figures it can't last. He's right. For, of course, many of the Company's old adversaries are still around. Narayan Singh and his adopted daughter--actually the offspring of Croaker and the Lady--hope to bring about the apocalyptic Year of the Skulls. Other old enemies like Shadowcatcher, Longshadow, and Howler are also ready to do the Company harm. And much of the Company is still recovering from the fifteen years many of them spent in a stasis field. Then a report arrives of an evil spirit, a forvalaka, that has taken over one of their old enemies. It attacks them at a shadowgate--setting off a chain of events that will bring the Company to the edge of apocalypse and, as usual, several steps beyond.
