From the New York Times bestselling author of *The Unhoneymooners* and the “delectable, moving” (Entertainment Weekly) *My Favorite Half-Night Stand* comes a modern love story about what happens when your first love reenters your life when you least expect it... Sam Brandis was Tate Jones’s first: Her first love. Her first everything. Including her first heartbreak. During a whirlwind two-week vacation abroad, Sam and Tate fell for each other in only the way that first loves do: sharing all of their hopes, dreams, and

deepest secrets along the way. Sam was the first, and only, person that Tate—the long-lost daughter of one of the world’s biggest film stars—ever revealed her identity to. So when it became clear her trust was misplaced, her world shattered for good. Fourteen years later, Tate, now an up-and-coming actress, only thinks about her first love every once in a blue moon. When she steps onto the set of her first big break, he’s the last person she expects to see. Yet here Sam is, the same charming, confident man she knew, but even more alluring than she remembered. Forced to confront the man who betrayed her, Tate must ask herself if it’s possible to do the wrong thing for the right reason... and whether “once in a lifetime” can come around twice. With Christina Lauren’s signature “beautifully written and remarkably compelling”

(Sarah J. Maas, New York Times bestselling author) prose and perfect for fans of Emily Giffin and Jennifer Weiner, *Twice in a Blue Moon* is an unforgettable and moving novel of young love and second chances.

In this extraordinary adventure, spiked with humor and insight, Isa Oehry documents a journey that began innocently under the golden light of a full moon. Mysteriously nourished, enriched, and highly energized by an unknown force under nothing but a moon surrounded by thousands of stars, she felt a prompting, inviting her to a destination yet unknown, to a hidden world concealing ancient wisdom. She spontaneously decided to set out to find it. Her search led her into a world where people, according to the laws of science, have no right to be alive. Her eyes were opened

to previously unknown and what at first sight appear as unbelievable truths. Understandings about this earth, its people, animals and plants—the entire universe—suddenly no longer applied. Although it was Isa Oehry who was the one to walk this extraordinary journey and experience the adventures, the insights are meant for all of us. This true story inspires us to look beyond the obvious, and keep our minds and hearts open for the unseen and previously unheard. It forever changes how we view the world we live in.
