Blue Pelican Java is a kinder and more gentle approach in that just the right number of relevant UIL* contest type problems are given in most lessons...the student should not feel overwhelmed. *UIL contests are the Texas version of state sanctioned, student competition....from athletics to academics.

Blue Pelican Java answer book
enfaser 'Blue Pelican Java' is a somewhat unusual high school computer science textbook. Most computer science texts will begin with a section on the history of computers followed with a flurry of definitions that are just 'so many words' to the average student. I am using the Blue Pelican Java textbook and am stuck on the project for Lesson 19.
Blue Pelican Java Answers

You are converting BankAccount objects to strings when you do

that Arrays.toString() call. For an object type, that means calling the toString() method of that object.
