The Eyes of a King Little, Brown Books for Young Readers
Immersive augmented reality brings this action-packed fantasy to life. The town of Eden Grove has a legend: In the center of a pine forest there is an aspen grove, and in the center of the aspen grove is an ancient, magnificent tree. A tree that grants wishes. Mayberry and Marshall have heard the stories about the Wishing Tree, but they know nothing like that could really exist near their dreary town. Misunderstood and restless, the teenagers wish for a lot of things, including being on another planet altogether. Somewhere with magic and adventure—someplace where they can be heroes. And then the unlikeliest thing happens: On a hike through the forest, they find the Wishing Tree. The pair make their wish, fall asleep . . . and wake up on Nith, a world that is exactly what they asked for. The alien landscape is beautiful, but it's also full of dangerous and fantastic creatures, and almost without exception, the creatures are hungry. Soon Mayberry and Marshall learn two very important facts about their wish: First, that magic comes at a very steep cost; second, that they can only be heroes if they can survive. The journey that follows will test the limits of their courage and strength . . . and change them in ways they haven't begun to imagine. This epic work brings fantasy to life, first by inviting readers into another

world, then by using cutting-edge augmented reality technology to bring the world alive in interactive 3D. Experience BETWEEN WORLDS in Augmented Reality now:

A Taste of Blood Wine Ballantine Books
For how thy memory has lingered on- In spite of cruelest winter's drear and howl- By inner mirror seen; I've dwelled upon, I must confess, my treachery most foul. Did Shakespeare pen a series of passionate sonnets, unknown to modern scholarship, ardently praising a mysterious dark-haired beauty? This tantalizing question is raised in a letter to literature professor Rose Asher. But the letter's author, Rose's star pupil, is not telling. A troubled, enigmatic young man, he plunged to his death in front of the college's entire faculty, an apparent suicide. Determined to find the truth, Rose journeys from New York to Italy, back to the magnificent Tuscan villa where as an undergraduate she first fell in love. La Civetta is a dreamlike place, resplendent with the heady scent of lemon trees and the sunset's ocher wash across its bricks and cobbles. Once there Rose finds her first love still in residence. Torn between her mission and her rekindled feelings, Rose becomes enmeshed in a treacherous tangle of secrets and scandal. A folio containing what some believe to be one of Shakespeare's lost sonnets has vanished, and literary immortality awaits whoever finds the manuscript—as do a vast Italian estate and a Hollywood movie deal. Uncertain whom she can trust and where she can turn, Rose races against time and unseen enemies in a bid to find the missing masterpiece. Lush, lyrical, and enthralling, *The Sonnet Lover* vividly brings to life the Tuscan countryside and the fascinating world of the Renaissance poets. Unmatched in her ability to evoke atmosphere and intrigue, Carol

Goodman delivers her most ambitious and satisfying work to date, a seductive novel that skillfully propels its reader headlong to the final suspenseful page.

It was shocking enough for Father Thomas Kelly to discover a community of vampires. Even more so was that two colleagues, art historian Livia Pietro and scholar Spencer George, were among them. Now they're working together in New York City. When Spencer is attacked in Central Park by a wolf, they're plunged into a world where Native American lore and the doctrines of the Catholic Church have collided, resulting in a catastrophic revelation: the wolf is a shapeshifter and he is searching for a sacred mask with power that, badly wielded, could destroy millions of lives.

Rules for Vanishing Simon and Schuster

Artfully imagined, intricately detailed, eerily poignant: these are the outstanding features of Carol Goodman's literary thrillers. She is part novelist, part craftsman--and *The Drowning Tree* is her newest masterpiece. Juno McKay intended to avoid the nearby campus of her alma mater during her fifteenth reunion weekend, but she just can't turn down the chance to see her longtime friend, Christine Webb, speak at the Penrose College library. Though Juno cringes at the inevitable talk of the pregnancy that kept her from graduating, and of her husband, Neil Buchwald, who ended up in a mental hospital only two years after their wedding, Juno endures the gossip for her friend's sake. Christine's lecture sends shockwaves through the rapt crowd when she reveals little-known details

about the lives of two sisters, Eugenie and Clare--members of the powerful and influential family whose name the college bears. Christine's revelation throws shadows of betrayal, lust, and insanity onto the family's distinguished facade. But after the lecture, Christine seems distant, uneasy, and sad. The next day, she disappears. Juno immediately suspects a connection to her friend's shocking speech. Although painfully reminded of her own experience with Neil's mental illness, Juno nevertheless peels away the layers of secrets and madness that surround the Penrose dynasty. She fears that Christine discovered something damning about them, perhaps even something worth killing for. And Juno is determined to find it--for herself, for her friend, and for her long-lost husband.

In her enthralling novels of literary suspense, Carol Goodman writes stories that resonate with emotion set in lush landscapes that entice the senses. Now, with *The Ghost Orchid*, a narrative that seamlessly weaves together the past and the present, Goodman creates her most lyrical and haunting work to date. For more than one hundred years, creative souls have traveled to Upstate New York to work under the captivating spell of the Bosco estate. Cradled in silence, inspired by the rough beauty of overgrown gardens and crumbling statuary, these chosen few fashion masterworks—and have cemented Bosco's reputation as a premier artists' colony. This season, five talented artists-in-residence find themselves drawn to the history of Bosco, from the extensive network of fountains that were once its centerpiece but have long since run dry to the story of its enigmatic founder, Aurora Latham, and the series of tragic events that occurred more than a century ago. Ellis Brooks, a first-time novelist, has come to Bosco to write a book based on Aurora and the infamous summer of 1893, when wealthy, powerful Milo Latham brought the notorious medium Corinth Blackwell to the estate to help his wife contact three of the couple's children, lost the winter before in a diphtheria epidemic. But when a séance turned deadly, Corinth and her alleged accomplice, Tom Quinn, disappeared, taking with them the Lathams' only surviving child. The more time she spends at Bosco, the more Ellis becomes convinced that there is an even darker, more sinister end to

the story. And she's not alone: biographer Bethesda Graham uncovers stunning revelations about Milo and Corinth; landscape architect David Fox discovers a series of hidden tunnels underneath the gardens; poet Zalman Bronsky hears the long-dry fountain's waters beckoning him; and novelist Nat Loomis feels something lingering just out of reach. After a bizarre series of accidents befalls them, the group cannot deny the connections between the long ago and now, the living and the dead . . . as Ellis realizes that the tangled truth may ensnare them all in its cool embrace.
