Yachting Frederick Warne Publishers

Sensational archival photography of enormous modern equipment. Enthusiasts will find great detail in the text which traces the evolution of the Euclid and Terex vehicles, provides technical specifications, and lists fascinating operating and hauling capacities.

[Asian Timber](#)

"This colossal reference book documents the timeless urge to reshape the world, and the machines used to do so from the 1088's to today. From utility tractors and loaders up to the largest diggers and bulldozers, every piece of heavy equipment is listed here by model and manufacturer, making this the most exhaustive book on the world's most hard-working vehicles and machines"--Publisher's description.
