### **2016 BMW M3 Check Engine Light**

Through on-board  
sensors, your BMW  
knows when and  
what services it  
needs and sends  
the vehicle-related  
service data  
automatically to  
BMW. Your  
preferred BMW  
Centre can access  
and evaluate this  
data, and so  
effectively prepare  
for your car's visit  
to the workshop -  
before contacting  
you to make an  
appointment.

If the check engine  
light is blinking, this  
means that there is  
a unsafe issue and  
it is recommended

to service your BMW  
M3 suddenly. Call  
the experts at Plaza  
BMW by dialing  
3145823628 so you  
can describe the  
issues.
