In spite of all the assistance offered by electronic control systems, the latest generation of passenger car chassis still relies on conventional chassis elements.

With a view towards driving dynamics, this book examines these conventional elements and their interaction with mechatronic systems.

First, it describes the fundamentals and design of the chassis and goes on to examine driving dynamics with a particularly practical focus.

This is followed by a detailed description and

explanation of the modern components. A separate section is devoted to the axles and processes for axle development. With its revised illustrations and several updates in the text and list of references, this new edition already includes a number of improvements over the first edition.

When Mahita was 15, a teacher at her Catholic school in Singapore said she could see the devil in her eyes. While growing up, then raising a family of her own, she constantly fought to understand and control this ‘ devil ’ inside her. Born to Indian parents in Singapore and raised by a Chinese amah, Mahita Vas struggled to fit into a conservative society where exuberance is frowned upon and conformity is a tradition. She spent a significant part of life feeling different, being different. Throughout her career with Singapore Airlines, then as an advertising industry executive, she led a volatile life – sometimes blissfully and enviably contented, at

other times wishing she was dead. No one, least of all Mahita, suspected she was mentally ill ... until the day her sister suggested she had ‘ inherited Daddy ’ s illness ’ . This epiphanic revelation led to a bipolar disorder diagnosis at age 41, followed by a suicide attempt where she narrowly escaped death. Praying to the Goddess of Mercy charts Mahita ’ s journey from chaos to stability. It offers insights into an illness for which there is no known cause, no cure and no immunity. It will inspire and enlighten people with mental disorders and the loved ones who suffer with them. Ultimately, it is about being true to oneself and having the courage to take charge in the pursuit of happiness. BMW 5 Series Service Manual Bentley Publishers
