The Genesis of Fiction Cambridge Scholars Publishing

De essays in deze bundel behandelen onder meer de representatie van sekse en sekserollen, de invloed van feministische kritiek, en het genderspect in de (post)moderne tijd, zoals voorkomt in Britse en Amerikaanse literaire werken en films. In deel I en II (Theory en Fiction) aandacht voor o.a: Kristeva's Desire in language, Echo door Violet Trefusis, The magic toyshop door Angela Carter, Dystopia door Margaret Atwood, The passion en Sexing the cherry door Jeanette Winterson. In deel III (Film) o.a. aandacht voor Marl è ne Dietrich; de volgende films komen aan de orde: The big heat van Fritz Lang, South Pacific, Rear window van Alfred Hitchcock, Breakfast at Tiffany's, The purple rose of Cairo, When Harry met Sally, Switch van Blake Edwards, The silence of the lambs van Thomas Harris.

Tanglewreck Walter de Gruyter GmbH & Co KG

This “thought-provoking and . . . unabashedly entertaining . . . novel defies conventional expectations and exists, brilliantly and defiantly, on its own terms” (Sarah Lotz, New York Times Book Review). Lake Geneva, 1816. Nineteen-year-old Mary Shelley is inspired to write a story about a scientist who creates a new life-form. In Brexit Britain, a young transgender doctor called Ry is falling in love with Victor Stein, a celebrated professor leading the public debate around AI and carrying out some experiments of his own in a vast underground network of tunnels. Meanwhile, Ron Lord, just divorced and living with his mom again, is set to make his fortune launching a new generation of sex dolls. Across the Atlantic, in Phoenix, Arizona, a cryogenics facility houses dozens of bodies of men and women who are medically and legally dead . . . but waiting to return to life. Since her astonishing debut *Oranges Are Not the Only Fruit*, Jeanette Winterson has achieved worldwide acclaim as “one of the most daring and inventive writers of our time” (Elle). In *Frankissstein*, she shares an audacious love story that weaves together disparate lives into an exploration of transhumanism, artificial intelligence, and queer love. Longlisted for the Booker Prize

Symbolism 2020 John Wiley & Sons

The subsequent chapters of the book deal with selected questions from Jeanette Winterson's fiction, such as gender issues, love and eroticism, language and time, constituting areas within which Winterson's characters seek their identity. As they contest and repudiate clichés, stereotypes and patterns, their journey of self-discovery is accomplished through transgression. The book analyzes how the subversion of phallogocentric narrative and scenarios entails the reenvisioning of relations between the genders and reconceptualization of female desire. The author attempts to determine the consequences of Winterson's manipulations with gender, sexuality and time, and her disruption of the binary system.

British Postmodern Fiction Boating for Beginners Jeanette Winterson

Boating for Beginners Jeanette Winterson Manchester University Press

The Encyclopedia of Twentieth-Century Fiction, 3 Volume Set McFarland

The story of Atlas and Heracles Atlas knows how it feels to carry the weight of the world; but why, he asks himself, does it have to be carried at all? In *Weight* — visionary and inventive, yet completely believable and relevant to the questions we ask ourselves every day — Winterson’s skill in turning the familiar on its head to show us a different truth is put to stunning effect. When I was asked to choose a myth to write about, I realized I had chosen already. The story of Atlas holding up the world was in my mind before the telephone call had ended. If the call had not come, perhaps I would never have written the story, but when the call did come, that story was waiting to be written. Rewritten. The recurring language motif of *Weight* is “ I want to tell the story again. ” My work is full of Cover Versions. I like to take stories we think we know and record them differently. In the retelling comes a new emphasis or bias, and the new arrangement of the key elements demands that fresh material be injected into the existing text. *Weight* moves far away from the simple story of Atlas’s punishment and his temporary relief when Hercules takes the world off his shoulders. I wanted to explore loneliness, isolation, responsibility, burden, and freedom too, because my version has a very particular end not found elsewhere. —from Jeanette Winterson’s Foreword to *Weight* Jeanette Winterson and Religion Springer

The New York Times – bestselling author’s Whitbread Prize – winning debut— “ Winterson has mastered both comedy and tragedy in this rich little novel ” (The Washington Post Book World). When it first appeared, Jeanette Winterson’s extraordinary debut novel received unanimous international praise, including the prestigious Whitbread Prize for best first fiction. Winterson went on to fulfill that promise, producing some of the most dazzling fiction and nonfiction of the past decade, including her celebrated memoir *Why Be Happy When You Can Be Normal?*. Now required reading in contemporary literature, *Oranges Are Not the Only Fruit* is a funny, poignant exploration of a young girl’s adolescence. Jeanette is a bright and rebellious orphan who is adopted into an evangelical household in the dour, industrial North of England and finds herself embroidering grim religious mottoes and shaking her little tambourine for Jesus. But as this budding missionary comes of age, and comes to terms with her unorthodox sexuality, the peculiar balance of her God-fearing household dissolves. Jeanette’s insistence on listening to truths of her own heart and mind—and on reporting them with wit and passion—makes for an unforgettable chronicle of an eccentric, moving passage into adulthood. “ If Flannery O’ Connor and Rita Mae Brown had

collaborated on the coming-out story of a young British girl in the 1960s, maybe they would have approached the quirky and subtle hilarity of Jeanette Winterson's autobiographical first novel. . . . Winterson's voice, with its idiosyncratic wit and sensitivity, is one you've never heard before." —Ms. Magazine

The Handbook systematically charts the trajectory of the English novel from its emergence as the foremost literary genre in the early twentieth century to its early twenty-first century status of eccentric eminence in new media environments. Systematic chapters address The English Novel as a Distinctly Modern Genre, The Novel in the Economy, Genres, Gender (performativity, masculinities, feminism, queer), and The Burden of Representation (class and ethnicity). Extended contextualized close readings of more than twenty key texts from Joseph Conrad's Heart of Darkness (1899) to Tom McCarthy's Satin Island (2015) supplement the systematic approach and encourage future research by providing overviews of reception and theoretical perspectives.

Winterson enfolds her seventh novel within the world of computers, and transforms the signal development of our time into a wholly human medium. The story is simple: an e-mail writer called Ali will compose anything you like, on order, provided you're prepared to enter the story as yourself and risk leaving it as someone else. You can be the hero of your own life. You can have freedom just for one night. But there is a price, and Ali discovers that she, too, will have to pay it. The PowerBook reinvents itself as it travels from London to Paris, Capri, and Cyberspace, using fairy tales, contemporary myths, and popular culture to weave a story of failed but requited love.

[Gender, Ideology](#) Peter Lang

This special anniversary volume of Symbolism explores the nexus between symbolic signification and the future from an interdisciplinary perspective. How, contributors ask, has the future been variously rendered in symbolic terms? How do symbols and symbolic reference shape our ideas of the future? To what extent are symbols constitutive of futures, and to what extent do they restrain communication about what is possible and the imagination of fundamental change? Moreover, how have symbolic practices shaped not only artistic representations of the future, but also scientific attempts at forecasting and modelling it? What, then, is the relevance of symbolism for negotiations of the future in cultural and academic production? In essays ranging from literary and film studies to the philosophy of art and ecological modelling, the volume seeks to lay groundwork in theorizing and historicising 'symbols of the future' as much as 'the future of symbolism'.

[Handbook of the English Novel of the Twentieth and Twenty-First Centuries](#) Vintage

Oranges Are Not the Only Fruit, Jeanette Winterson's delectable first novel, announced the arrival of 'a fresh voice with a mind behind it,' as Muriel Spark has written. 'She is a master of her material, a writer in whom great talent deeply abides'--and her reputation and accomplishment have grown with each of her five subsequent novels. Now, with her first collection--seventeen stories that span her entire career--Jeanette Winterson reveals all the facets of her extraordinary imagination. Whether transporting us to bizarre new geographies--a world where sleep is illegal, an island of diamonds where the rich wear jewelry made of coal--or revealing so perfectly, so exactly, the joy and pain of owning a brand-new dog, she proves herself a master of the short form. For her readers, a celebration--and for everyone else, a wonderful introduction to this highly original and consistently daring writer, who has become 'one of our most brilliant, visionary storytellers' (San Francisco Chronicle)

[The Novels of Jeanette Winterson](#) John Wiley & Sons

The highwire artist of the English novel redraws the romantic triangle for the post-Einsteinian universe, where gender is as elastic as matter, and any accurate Grand Unified Theory (GUT) must encompass desire alongside electromagnetism and gravity. One starry night on a boat in the mid-Atlantic, Alice, a brilliant English theoretical physicist, begins an affair with Jove, her remorselessly seductive American counterpart. But Jove is married. When Alice confronts his wife, Stella, she swiftly falls in love with her, with consequences that are by turns horrifying, comic, and arousing. Vaulting from Liverpool to New York, from alchemy to string theory, and from the spirit to the flesh,

Gut Symmetries is a thrillingly original novel by England's most flamboyantly gifted young writer. "Winterson is unmatched among contemporary writers in her ability to conjure up new-world wonder...A beautiful, stirring and brilliant story."--Times Literary Supplement "Dazzling for [its] intelligence and inventiveness...[Winterson] is possessed of a masterly command of the language and a truly pliant imagination."--Elle "One of our most brilliant, visionary storytellers."--San Francisco Chronicle

In this book, scholars, students and aficionados of Jeanette Winterson will find ten analyses of time, space and narrative in her works. From her very first novel, Jeanette Winterson has made her characters move in time and in space, and she has always shown a sophisticated interest in narrative forms, and this is the first book to focus entirely on these central concerns. The writers of the essays provide different perspectives on the three subjects, from postmodernism to quantum physics, queer theory to genre studies and the uncanny to stylistics. In its section on time and narrative, the volume offers a fresh approach to Winterson's works, with a concentration on autobiographical elements, love, desire, the language of quantum physics, and the queer uncanny. The next section, space and narrative, pursues the motifs of journeys, utopic spaces, cyberspace and labyrinths, and includes a chapter on the shorter fiction. The last section, which comprises essays that cover all three elements of time, space and narrative equally, examines these themes as they affect Winterson's representation of voices and corporeality, and her use of romance narrative in the children's fiction. The volume covers Winterson's major fiction, with the Introduction connecting the images of huts, rivers and fire-gazing that are found extensively in her works to the themes of time and space, and bringing the discussion up to Winterson's latest novel, The Stone Gods. A mixture of established and new scholars presents in this book an exciting array of the latest ideas on this respected and popular writer.

The Whitbread Prize – winning author of Oranges Are Not the Only Fruit delivers a novel that

“ transports us to something like the future of our own planet ” (The Washington Post Book World). On the airwaves, all the talk is of the new blue planet—pristine and habitable, like our own was sixty-five million years ago, before we took it to the edge of destruction. Off the air, Billie Crusoe and the renegade Robo sapien Spike are falling in love. Along with Captain Handsome and Pink, they ’ re assigned to colonize the new blue planet. But when a technical maneuver intended to make it inhabitable backfires, Billie and Spike ’ s flight to the future becomes a surprising return to the distant past— “ Everything is imprinted forever with what it once was. ” What will happen when their story combines with the world ’ s story? Will they—and we—ever find a safe landing place? Playful, passionate, polemical, and frequently very funny, *The Stone Gods* will change forever the stories we tell about the earth, about love, and about stories themselves. “ Scary, beautiful, witty and wistful by turns, dipping into the known past as it explores potential futures. ” —The New York Times Book Review “ [A book] that you don ’ t so much read as drink in, refuse to put down, cast inside of like a hunting dog, seeking against all odds the insight that will illuminate everything, a true answer to the fix we ’ re in. ” —Los Angeles Times “ A vivid, cautionary tale—or, more precisely, a keen lament for our irremediably incautious species. ” —Ursula K. Le Guin, bestselling author of *Changing Planes*

The PowerBook Bloomsbury Publishing

Including topics as diverse as feminism and its relationship to the marketplace, plagiarism and copyright, silence and forgetting, and myth in a digital age, this book explores the role of rewriting within feminist literature from the 1970s onwards in relation to the theme of cultural memory.

The Fiction of Rushdie, Barnes, Winterson and Carter Rodopi

A New York Times bestseller: The “ magnificent ” memoir by one of the bravest and most original writers of our time— “ A tour de force of literature and love ” (Vogue). Jeanette Winterson ’ s bold and revelatory novels have established her as a major figure in world literature. Her internationally best-selling debut, *Oranges Are Not the Only Fruit*, tells the story of a young girl adopted by Pentecostal parents, and has become a staple of required reading in contemporary fiction classes. *Why Be Happy When You Could Be Normal?* is a “ singular and electric ” memoir about a life ’ s work to find happiness (The New York Times). It is a book full of stories: about a girl locked out of her home, sitting on the doorstep all night; about a religious zealot disguised as a mother who has two sets of false teeth and a revolver in the dresser, waiting for Armageddon; about growing up in a north England industrial town now changed beyond recognition; about the universe as a cosmic dustbin. It is the story of how a painful past, rose to haunt the author later in life, sending her on a journey into madness and out again, in search of her biological mother. It is also a book about the power of literature, showing how fiction and poetry can form a string of guiding lights, or a life raft that supports us when we are sinking. Witty, acute, fierce, and celebratory, *Why Be Happy When You Could Be Normal?* is a tough-minded story of the search for belonging—for love, identity, home, and a mother.

The World and Other Places Vintage Canada

In *Vintage Living Texts*, teachers and students will find the essential guide to the works of Jeanette Winterson. *Vintage Living Texts* is unique in that it offers an in-depth interview with Jeanette Winterson, relating specifically to the texts under discussion. This guide deals with Winterson's themes, genre and narrative technique, and a close reading of the texts will provide a rich source of ideas for intelligent and inventive ways

of approaching the novels.

The Stone Gods HMH

An orphaned girl is held spellbound by the tales of a lighthouse keeper on the Scottish coast, in a novel by the Costa Award-winning author of *The Passion*. After her mother is literally swept away by the savage winds off the Atlantic coast of Salts, Scotland, never to be seen again, the orphaned Silver is feeling particularly unmoored. Taken in by the mysterious keeper of a lighthouse on Cape Wrath, Silver finds an anchor in Mr. Pew—blind, as old and legendary as a unicorn, and a yarn spinner of persuasive power. The tale he has to tell Silver is that of a nineteenth-century clergyman named Babel Dark, whose life was divided between a loving light and a mask of deceit. Peopled with such luminaries as Charles Darwin and Robert Louis Stevenson, Mr. Pew ’ s story within a story within a story soon unfolds like a map. It ’ s one that Silver must follow if she ’ s to be led through her own darkness, and to find her own meaning in life, in this novel by a winner of the Costa, Lambda, and E.M. Forster Awards, the author of *Oranges are Not the Only Fruit*; *Why Be Happy When You Could Be Normal?* and other acclaimed works. “ In her sea-soaked and hypnotic eighth novel, Winterson turns the tale of an orphaned young girl and a blind old man into a fable about love and the power of storytelling... Atmospheric and elusive, Winterson's high-modernist excursion is an inspired meditation on myth and language. ” —The New Yorker

Fit for the Future John Wiley & Sons

'There is no such thing as autobiography, there is only art and lies'. Set in a London of the near future, its three principal characters, Handel, Picasso and Sappho, separately flee the city and find themselves on the same train, drawn to one another through the curious agency of a book. Stories within stories take us through the unlikely love affairs of one Doll Sneerpiece, an 18th century bawd, and into the world of painful beauty where language has the power to heal. *Art & Lies* is a question and a quest: How shall I live?
