DISCIPLE IV UNDER THE
TREE OF LIFE is the final
study in the four-phase
DISCIPLE program and is
prepared for those who
have completed
BECOMING DISCIPLES
THROUGH BIBLE STUDY.
The study concentrates on

the Writings (Old Testament books not in the Torah or the Prophets), the Gospel of John, and Revelation. Emphasis on the Psalms as Israel's hymnbook and prayer book leads natural to an emphasis on worship in the study. Present through the entire study is the sense of living toward completion - toward the climax of the message and the promise, extravagantly pictured in Revelation. The image of the tree and the color gold emphasize the prod and promise in the Scriptures for DISCIPLE IV: UNDER THE TREE OF LIFE. The word under in the title is meant to convey invitation, welcome, sheltering, security, and rest - home at last. Commitment and Time Involved 32 week study Three and one-half to four hours of independent study each week (40 minutes daily for leaders and 30 minutes daily for group members) in preparation for weekly group meetings. Attendance at weekly 2.5 hour meetings. DVD Set Four of the five videos in this set contain video segments of approximately ten minutes each that serve as the starting point for discussion in weekly study sessions. The fifth video is the unique component that guides an interactive worship experience of the book of Revelation. Under the Tree of Life Scriptures lend themselves to videos with spoken word, art, dance, music, and drama. Set decorations differs from segment to segment depending on the related Scripture and its time period. Set decoration for video segments related to the Writings generally has a Persian theme. Set decoration for the New Testament video segments emphasizes the simpler life of New Testament times. Music for Conducting Study Pearson Education Farm tractors of all kinds from

Joanna Scott's unparalleled gift for storytelling has inspired hyperbole from critics and her devoted fanbase, which includes some of the most preeminent writers of our time. But not since Various Antidotes, a finalist for the PEN/Faulkner Award, has

she turned her talents toward short stories. At the seaside wedding of two lovers kept apart by the caprices of fate, a doting uncle looks on while his errant brother, father of the bride, struggles to free himself from a locked bathroom across town. A young woman arrives in Jazz Age New York with stars in her eyes and a few coins in her pocket and after a string of failed jobs, she thinks she's found salvation in a romance with her boss at a local greasy spoon but learns that her idea of herself and others' ideas of her are quite different. A bright business man seems content with all the trappings his good fortune affords, until a flat tire and a chance encounter with a couple of mechanics in the country upsets his entire view. Here Joanna Scott offers a group of tales that

celebrate her acknowledged sense of character, plot and her gift for capturing the breathtaking tension even in life's quietest moments.

Althusser and Law is the first book specifically dedicated to the place of law in Louis Althusser's philosophy. The growing importance of Althusser's philosophy in contemporary debates on the left has - for practical and political, as well theoretical reasons - made a sustained consideration of his conception of law more necessary than ever. As a form of what Althusser called 'Ideological State Apparatuses', law is at the forefront of political struggles: from the destruction of Labour Law to the exploitation of Patent Law; from the privatisation

of Public Law to the ongoing hegemony of Commercial Law; and from the discourse on Human Rights to the practice of judicial courts. Is Althusser still useful in helping us to understand these struggles? Does he have something to teach us about how law is produced, and how it is used and misused? This collection demonstrates that Althusser's ideas about law are more important, and more contemporary, than ever. Indeed, the contributors to *Althusser and Law* argue that Althusser offers a new and invaluable perspective on the place of law in contemporary life.
