'David Higgins is a legend. He put me in my best physical shape and he educated me on stretching, strengthening and nutrition!' Margot Robbie 'When I met David, I was broken, physically. He patiently and caringly put me together again. His combinations of strength, Pilates, stretching and active release ... are nothing short of spectacular.' Samuel L. Jackson 'Working with DH is always fantastic because of his expertise as a fully qualified trainer, personal fitness and in-depth knowledge of nutrition.' Rebecca Ferguson David Higgins's Hollywood-tested Hollywood Body Plan will transform your everyday movement and treat the aches and pains that have built up over years of sedentary living. Once you have regained control of your body, you can live without stiffness and pain and exercise without fear of injury. RESET your body with David's 21-day workout. Just 21 minutes a day. Correct poor posture and body imbalance. The first part of David's plan will strengthen your core, activate your glutes, improve lower back movement and hip flexibility as well as pull back your shoulders and neck. Take 21 minutes a day for

21 days to put yourself back on the right path physically. Combined with David's 21-day food plan, you will soon find yourself moving with confidence, exercising without pain - and losing weight and feeling great! TRANSFORM your body The second part of David's plan is a transformational workout - a more dynamic, higher intensity exercise plan, 5 days a week. Get leaner, stronger and more toned as you follow this exercise and food programme. FOREVER FIX your body David's self-care programme is the third part of the plan and will help you treat muscle soreness, neck pain or backache and keep you on track for life. David's Hollywood Body Plan is a unique and corrective approach to exercise and diet, based on his belief that until you undo all the dysfunctional movement that you have developed over the years, all the exercise and diets you try will only be short-term fixes. This book will truly reset, transform and forever fix your body for life.

Women are not small men. Stop eating and training like one. Because most nutrition products and training plans are designed for men, it 's no wonder that so many female athletes struggle to reach their full potential. ROAR is a comprehensive, physiology-based nutrition and training guide specifically designed for active women. This book teaches you everything you need to know to adapt your nutrition, hydration, and training to your unique physiology so you can work with, rather than against, your female physiology. Exercise physiologist and nutrition

scientist Stacy T. Sims, PhD, shows you how to be your own biohacker to achieve optimum athletic performance. Complete with goal-specific meal plans and nutrient-packed recipes to optimize body composition, ROAR contains personalized nutrition advice for all stages of training and recovery. Customizable meal plans and strengthening exercises come together in a comprehensive plan to build a rock-solid fitness foundation as you build lean muscle where you need it most, strengthen bone, and boost power and endurance. Because women's physiology changes over time, entire chapters are devoted to staying strong and active through pregnancy and menopause. No matter what your sport is—running, cycling, field sports, triathlons—this book will empower you with the nutrition and fitness knowledge you need to be in the healthiest, fittest, strongest shape of your life.

The body's built-in reward system, driven by the chemical dopamine, tells us to do more of the things that give us pleasure: Creative energy, falling in love, entrepreneurship, and even the continued propagation of the human race are driven by this system. Unfortunately, so is the urge to overeat. In The Hunger Fix, Dr. Pam Peeke uses the latest neuroscience to explain how unhealthy food and behavioral "fixes" have gotten us ensnared in a vicious cycle of overeating and addiction. She even shows that dopamine rushes in the body work exactly the same way with food as with cocaine. Luckily, we are all capable of rewiring, and the very same dopamine-driven system can be used to reward us for healthful, exciting, and fulfilling activities. The Hunger Fix lays out a science-based, three-stage plan to break the addiction to false fixes and replace them with healthier actions. Fitness guides, meal plans, and recipes are constructed to bolster the growth of new neurons and stimulate the body's reward system. Gradually, healthy fixes like meditating, going for a run, laughing, and learning a new language will replace the junk food, couch time, and other bad habits that leave us unhappy and overweight. Packed with practical tips, useful advice, and plenty of wit, wisdom, and inspiring stories of those who have successfully transformed their bodies, The Hunger Fix is a life-changing program for anyone (of any size) trapped by food obsession and the urge to overeat.

Healthy Body for Life: A Guide for Women Over Forty Harper Collins

New York Times bestselling author Dr. Pamela Peeke helps readers

trim their waists, shed pounds, and lengthen their lives in her witty, tough-love functional fitness and lifestyle plan. Dr. Pamela Peeke's New York Times bestseller Body-for-LIFE for Women helped scores of readers transform their bodies. Her newest book shines light on the heavy weight of the 21st century lifestyle, with its fake food, desk jobs, clutter, and endless stress, and asks readers, "If your life depended on it, could you run up four flights of stairs right now? Are you Fit to Live, not only to survive, but to enjoy life?" For most people, the answer is no and they don't know it. Combining Peeke's trademark in-your-face wit with heart-stopping reality checks, Fit to Live offers readers an active health/lifestyle assessment: How many pushups can they do in 2 minutes? How many servings of processed foods did they eat today? Peeke translates those results into research-based predictions of readers' long-term prognoses and helps readers gauge just how much fat—mental, nutritional, physical, financial, environmental—to cut from their toxic lifestyles to become Fit to Live. Showing how these five core areas intertwine, Peeke offers bottom-line strategies to adapt and adjust to life's stresses; get a stronger, leaner body; enjoy greater financial security; and create a healthier living space. Readers will become Fit to Live and lead dynamic and exciting lives, both now and for the future.

The Hunger Fix Simon and Schuster

If you want to be muscular, lean, and strong as quickly as possible without steroids, good genetics, or wasting ridiculous amounts of time in the gym and money on supplements...then you want to read this book. Here's the deal: Getting into awesome shape isn't nearly as complicated as the fitness industry wants you to believe. You don't need to spend hundreds of dollars per month on the worthless supplements that steroid freaks shell in advertisements. You don't need to constantly change up your exercise routines to "confuse" your muscles. I'm pretty sure muscles lack cognitive abilities, but this approach is a good way to just confuse you instead. You don't need to burn through buckets of protein powder every month, stuffing down enough protein each day to feed a third world village. You don't need to toil away in the gym for a couple of hours per day, doing tons of sets, supersets, drop sets, giant sets, etc. (As a matter of fact, this is a great way to stunt gains and get nowhere.) You don't need to grind out hours and hours of boring cardio to shed ugly belly fat and love handles and get a shredded six-pack. (How many flabby treadmills have you come across over the years?) You don't need to completely abstain from "cheat" foods while getting down to single-digit body fat percentages. If you plan cheat meals correctly, you can actually speed your metabolism up and accelerate fat loss. In this book you're going to learn something most guys will never know: The exact formula of exercise and eating that makes putting on 10 to 15 pounds of quality lean mass a breeze...and it only takes 8-12 weeks. This book reveals secrets like... The 6 biggest myths and mistakes of building muscle that stunt 99% of guys' muscle gains. (These BS lies are pushed by all the big magazines and even by many trainers.) How to get a lean, cut physique that you love (and that girls drool over) by spending no more than 5 percent of your time each day. The 4 laws of muscle growth that, when applied, turn your body into an anabolic, muscle-building machine. You'll be shocked at how easy it really is to get big once you know what you're doing... How to develop a lightning-fast metabolism that burns up fat quickly and leaves you feeling full of energy all day long. The carefully-selected exercises that deliver MAXIMUM results for your efforts, helping you build a big, full chest, a wide, tapered back, and bulging biceps. A no-BS guide to supplements that will save you hundreds if not THOUSANDS of dollars

each year that you would've wasted on products that are nothing more than bunk science and marketing hype. How to get shredded while still indulging in the "cheat" foods that you love every week like pasta, pizza, and ice cream. And a whole lot more! The bottom line is you CAN achieve that "Hollywood hunk" body without having your life revolve around it--no long hours in the gym, no starving yourself, no grueling cardio that turns your stomach. Imagine, just 12 weeks from now, being constantly complimented on how you look and asked what the heck you're doing to make such startling gains. Imagine enjoying the added benefits of high energy levels, no aches and pains, better spirits, and knowing that you're getting healthier every day. SPECIAL BONUS FOR READERS! With this book you'll also get a free 75-page bonus report from the author called "The Year One Challenge." In this bonus report, you'll learn exactly how to train, eat, and supplement to make maximum gains in your first year of training. By applying what you learn in the book and in this report, you can make more progress in one year than most guys make in three, four, or even five (seriously!). Scroll up, click the "Buy" button now, and begin your journey to a bigger, leaner, and stronger you!

The South Beach Diet Cookbook Rodale

New York Times Bestseller Stop—and even reverse!—age-related weight gain and muscle loss with the first-ever weight-loss plan specifically designed to shrink your belly, extend your life, and create your healthiest self at mid-life and beyond. You don't have to gain weight as you age. That's the simple yet revolutionary promise of The Whole Body Reset, which uncovers why standard diet and exercise advice stops working for us as we approach midlife—and reveals how simple changes to the way we eat can halt, and even reverse, age-related weight gain and muscle loss. The Whole Body Reset presents stunning new evidence about the power of "protein timing" for people at midlife—research that blows away current government guidelines, refutes the myth of slowing metabolisms and "inevitable" weight gain, and changes the way people in their mid-forties and older should think about food. The Whole Body Reset explains in simple, inspiring terms exactly how our bodies change with age, and how eating to accommodate those changes can make us respond to exercise as if we were twenty to thirty years younger. Developed by AARP, tested by a panel of more than 100 AARP employees, and approved by an international board of doctors, nutritionists, and fitness experts, The Whole Body Reset doesn't use diet phases, eating windows, calorie restriction, or other trendy gimmicks. Its six simple secrets and scores of recipes are easy to follow, designed for real people living in the real world. A dining guide even shows how to follow this program in popular restaurants from McDonald's to Starbucks to Olive Garden. And best of all: It works!

Catechism of the Catholic Church Image

Experience True Liberation by Seeing Your Beauty, Femininity, and Freedom From Heavens Point of View Has Christianity kept women trapped in the stone age? In many ways, yes; but this is not by Gods design. As society offers women opportunities to explore outer-space and govern nations, the church often stifles and limits them. The tide is changing, though. Amber Picotas Gods Feminist Movement is a new covenant manifesto calling women to embrace their true identity in Christ and fulfill their destiny as revolutionaries who shape the course of history with the Kingdom of God. There is a powerful new feminist movement emerging in the body of Christ. Its not politically driven and its not being championed by an uprising of angry man-haters. Based on an intense study of Scripture, factoring in historical and contextual hermeneutics and original languages, Picota shares a practical, non-legalistic, and non-traditional (yet deeply Biblical) look at topics that women commonly face, such as: Dating and Modesty Female Leaders in the Church Submission in Marriage Beauty and Self-Image Celebrate the power and beauty of womanhood. God has given you permission to change the world by being you! Break off religious traditions that keep women trapped in old school legalism and move beyond Christian clichés that minimize a womans true position in Christ!

"Once associated with gang members, criminals, and sailors, tattoos are now mainstream. An estimated twenty percent of all adults have at least one, and women are increasingly getting tattoos and are now more likely than men to have one. But many of the tattoos that women get are gender-appropriate: they are cute, small, and can be easily hidden. A small dolphin on the ankle, a black line on the lower back, a flower on the hip, and a child's name on the shoulder blade are among the popular choices. But what about women who are heavily tattooed? Why would a woman get "sleeves"? And why do some collect larger-scale tattoos on publicly visible skin, of imagery not typically considered feminine or cute, like skulls, zombies, snakes, or dragons? Drawing on five years of ethnographic research and interviews with more than seventy heavily tattooed women, 'Covered in Ink' provides insight into the increasingly visible subculture of tattooed women. Author Beverly Yuen Thompson spent time in tattoo parlors and at tattoo conventions in order to further understand women's love of ink and their imagery choices as well as their struggle with gender norms, employment discrimination, and family rejection. Still, many of these women feel empowered by their tattoos and believe they are creating a space for self-expression that also presents a positive body image. 'Covered in

Ink' investigates this complicated subculture and finds out the many meanings of the love of ink"--Page 4 of cover.

ROAR Andrews McMeel Publishing

Killing the Black Body remains a rallying cry for education, awareness, and action on extending reproductive justice to all women. It is as crucial as ever, even two decades after its original publication. "A must-read for all those who claim to care about racial and gender justice in America." —Michelle Alexander, author of *The New Jim Crow* In 1997, this groundbreaking book made a powerful entrance into the national conversation on race. In a media landscape dominated by racially biased images of welfare queens and crack babies, *Killing the Black Body* exposed America ' s systemic abuse of Black women ' s bodies. From slave masters ' economic stake in bonded women ' s fertility to government programs that coerced thousands of poor Black women into being sterilized as late as the 1970s, these abuses pointed to the degradation of Black motherhood—and the exclusion of Black women ' s reproductive needs in mainstream feminist and civil rights agendas.

" Compelling. . . . Deftly shows how distorted and racist constructions of black motherhood have affected politics, law, and policy in the United States. " —Ms.
