"The African Swine Fever Manual used to be a technical handbook about the disease. Following the China's African swine fever outbreak in August 2018, Boehringer Ingelheim began to work with experts to review relevant publications and research papers and with the help of the Chinese Veterinary Medical Association, it turned the handbook into ...

To improve data quality, compliance, and process efficiency, Boehringer Ingelheim needed to eliminate paper documentation and manual processes and implement a digital system for registering incoming samples from clinical studies. Learn how they leveraged ThingWorx for automation in clinical trials and digital transformation in the pharmaceutical industry.
