For students enrolled in Fixed Income Securities Courses or Bond Markets Courses. An applied approach to understanding bond markets. Through its applied approach, Fabozzi's Bond Markets prepares students to analyze the bond market and manage bond portfolios without getting bogged down in the theory.

A bond is a debt instrument which is also called fixed-income security and is issued for raising capital. It borrows funds for a specified period of time at a fixed or variable interest rate. They are usually issued by municipalities, companies, and by governments. Owners are termed as creditors and are given preference at the time of liquidation.
