Bonnie Forge
Books
From the
glittering courts of

Elizabethan England to the storm-tossed cliffs of the Scottish Highlands comes a dazzling tale of seduction, danger, and desire by one of America's bestselling and beloved authors, Iris Johansen. She was a beautiful pawn in a game of love and death. When Princess Kathryn Kentyre is snatched from a life of captivity by the mysterious

Black Robert of Craighdu, she is torn between absolute terror and soaring hope, He had been chosen to protect her from the dangers surrounding her, yet the moment he swept her away she knew this rogue of a Scottish laird would prove a greater threat than any she faced from her enemies. He was a warrior-chief torn between duty and desire. Sensuous as sin itself and wild as his native Scottish Highlands, Robert MacDarren had no intention of settling down with one woman. Yet

the agreement he'd struck to keep the peace required he marry the orphaned beauty and bring her back to his castle at Craighdu for safekeeping. It was to be a marriage in name only—and only for one year. He never suspected that the meek hostage he had been promised would prove to be this firebrand of a woman who would challenge his mind, around his passion, and lay siege to his heart.

Thriller.

An Eve Duncan Collection From Iris Johansen St. Martin's Press #1 New York Times bestselling author Iris Johansen explores the darkest corners of the human heart as forensic sculptor Eve Duncan closes in on the killer who stole her daughter so many years ago. As a former Navy SEAL turned cop, Joe Quinn has seen the face of evil and knows just

how deadly it can be. When he first met Eve Duncan, he never expected to fall in love with a woman whose life would be defined by her dual desires to bring home her missing daughter and discover the truth behind her disappearance---no matter how devastating. With the help of CIA agent Catherine Ling, they make a shocking discovery that sheds new light on young

Bonnie's abduction and puts Quinn squarely in the crosshairs of danger. Eve's first love, John Gallo, a soldier supposedly killed in the line of duty, is very much alive---and very much a threat. Emotionally charged, with one shock after another, Quinn reveals the electricity of Joe and Eve's first connection, and how they fell in love in the midst of haunting

tragedy. As their search takes them deeper and deeper into a web of murder and madness, Joe and Eve must confront their most primal fears . . . and test their resolve to uncover the ultimate bone-chilling truth.

Quinn Allen & Unwin
A groundbreaking look at marriage, one of the most

basic and universal of all human institutions, which reveals the emotional, physical, economic, and sexual benefits that marriage brings to individuals and society as a whole. The Case for Marriage is a critically important intervention in the national debate about the future of family. Based on the authoritative research of family sociologist Linda J. Waite, journalist Maggie Gallagher, and a number of other scholars, this book's findings dramatically contradict the anti-marriage myths that have become the common sense of most Americans. Today a broad consensus holds that marriage is a bad deal for women, that divorce is better for children when parents are unhappy, and that marriage is essentially a private choice, not a public institution. Waite and Gallagher flatly contradict these assumptions, arguing instead that by a broad range of indices, marriage is actually better for you than being single or divorced—physically, materially, and spiritually. They contend that married people live longer, have better health, earn more money, accumulate more wealth, feel more fulfillment in their lives, enjoy more satisfying sexual relationships, and have happier and more successful children than those who remain single, cohabit, or get

divorced. The Case for Marriage combines clearheaded analysis, penetrating cultural criticism, and practical advice for strengthening the institution of marriage, and provides clear, essential guidelines for reestablishing marriage as the foundation for a healthy and happy society. "A compelling defense of a sacred union. The Case for Marriage is well written and well argued, empirically rigorous and

learned, practical and commonsensical." -- William J. Bennett, author of The Book of Virtues "Makes the absolutely critical point that marriage has been misrepresented and misunderstood." -- The Wall Street Journal www.broadwaybooks.com Hide Away Macmillan When Eve Duncan had her daughter, she discovered a new kind of love. Now, nothing is more important than this

little girl. But when the seven-year-old vanishes, Eve's life becomes a nightmare. The Search St. Martin's Press Forensic sculptor Eve Duncan is shocked to discover the true identity of a woman who has escaped from a mental hospital and enlists the help of rogue FBI profiler Kendra Michaels to

classics by Truman Capote—also available are *Breakfast at Tiffany's* and *Other Voices, Other Rooms* (in one volume), *Portraits and Observations*, and *The Complete Stories*. Truman Capote's masterpiece, *In Cold Blood*, created a sensation when it was first published, serially, in *The New Yorker* in 1965. The intensely researched, atmospheric narrative of the lives of the Clutter family of Holcomb, Kansas, and of the two men, Richard Eugene Hickock and Perry Edward Smith, who brutally killed them on the night of November 15, 1959, is the seminal work of the "new journalism." Perry Smith is one of the great dark characters of American literature, full of contradictory emotions. "I thought he was a very nice gentleman," he says of Herb Clutter. "Soft-spoken. I thought so right up to the moment I cut his throat." Told in chapters that alternate between the Clutter household and the approach of Smith and Hickock in their black Chevrolet, then between the investigation of the case and the

killers' flight, Capote's account is so detailed that the reader comes to feel almost like a participant in the events. *Eve Bantam Holy reno inspo!
