How do you raise children who love to write? Jennifer Hallissy believes that if you give children a solid foundation of writing basics, they will develop a love of writing that lasts a lifetime. In this book, she shares the secrets for supporting young writers, from the smallest of scribblers to middle-schoolers mastering script. You play an important role in nurturing your child's writing development. You are your child's first writing teacher, and their most important writing role model. From teaching your child how to hold a pencil and form the letters of the alphabet, to creating writing spaces and meaningful writing rituals at home, this book gives you all of the information and inspiration you need to raise a confident writer. Fifty-two playful activities are presented as ways to invite your child to write. Each activity offers specific suggestions to meet the needs of Scribblers (pre-writers), Spellers (emerging writers), Storytellers (beginner writers), and Scholars (more experienced young writers)—providing the just-right combination of fun and functional skill development. The Write Start is a treasure trove of irresistible ideas that will help you introduce your child to the wonderful world of writing, now, and for years to come.

After Chester lands, in the Times Square subway station, he makes himself comfortable in a nearby newsstand. There, he has the good fortune to make three new friends: Mario, a little boy whose parents run the falling newsstand, Tucker, a fast-talking Broadway mouse, and Tucker's sidekick, Harry the Cat. The escapades of these four friends in bustling New York City makes for lively listening and humorous entertainment. And somehow, they manage to bring a taste of success to the nearly bankrupt newsstand. Join Chester Cricket and his friends in this classic children's book by George Selden, with illustrations by Garth Williams. *The Cricket in Times Square* is a 1961 Newbery Honor Book.

**The Cricket in Times Square** Norwood House Press  
A step-by-step guide to crafting a compelling scholarly book proposal—and seeing your book through to successful publication The scholarly book proposal may be academia's most mysterious genre. You have to write one to get published, but most scholars receive no training on how to do so—and you may have never even seen a proposal before you're expected to produce your own. **The Book Proposal Book** cuts through the mystery and guides prospective authors step by step through the process of crafting a compelling proposal and pitching it to university presses and other academic publishers. Laura Portwood-Stacer, an experienced developmental editor and publishing consultant for academic authors, shows how to select the right presses to target, identify audiences and competing titles, and write a project description that will grab the attention of editors—breaking the entire process into discrete, manageable tasks. The book features over fifty time-tested tips to make your proposal stand out; sample prospectuses, a letter of inquiry, and a response to reader reports from real authors; optional worksheets and checklists; answers to dozens of the most common questions about the scholarly publishing process; and much, much more. Whether you're hoping to publish your first book or you're a seasoned author with an unfinished proposal languishing on your hard drive, **The Book Proposal Book** provides honest, empathetic, and invaluable advice on how to overcome common sticking points and get your book published. It also shows why, far from being merely a hurdle to clear, a well-conceived proposal can help lead to an outstanding book.

Write to Protect and Serve Penguin

A Tale of Two Cities (1859) is the second historical novel by Charles Dickens, set in London and Paris before and during the French Revolution. It depicts the plight of the French proletariat under the brutal oppression of the French aristocracy in the years leading up to the revolution, and the corresponding savage brutality demonstrated by the revolutionaries toward the former aristocrats in the early years of the revolution. It follows the lives of several protagonists through these events, most notably Charles Darnay, a French once-aristocrat who falls victim to the indiscriminate wrath of the revolution despite his virtuous nature, and Sydney Carton, a dissipated English barrister who endeavours to redeem his ill-spent life out of love for Darnay's wife, Lucie Manette.

Since its publication in 1985, the "MLA Style Manual" has been the standard guide for graduate students, teachers, and scholars in the humanities and for professional writers in many fields. Extensively reorganized and revised, the new edition contains several added sections and updated guidelines on citing electronic works--including materials found on the World Wide Web. Types of Nonverbal Communication BoD – Books on Demand A pioneer in the field of cultural studies, Stuart Hall produced an impressive body of work on the relationship between culture and power. His contributions to critical theory and the study of politics, culture, communication, media, race, diaspora and postcolonialism made him one of the great public intellectuals of the late twentieth century. For much of his career, Hall was better known outside the Caribbean than in the region. He made his mark most notably in the United Kingdom as head of the Birmingham Centre for Contemporary Cultural Studies and at the Open University, where his popular lecture series was broadcast on BBC2. His influence expanded from the late 1980s onwards as the field of cultural studies gained traction in universities worldwide. Hall's middle-class upbringing in colonial Jamaica and his subsequent experience of immigrant life in the United Kingdom afforded him a unique perspective that informed his groundbreaking work on the complex power dynamics of race, class and empire. This accessible, lively biography provides glimpses into Hall's formative Jamaican years and includes segments from his hitherto unpublished early writing. Annie Paul gives us an engaging introduction to a globally renowned Caribbean intellectual.

Healthcare providers, consumers, researchers and policy makers are inundated with unmanageable amounts of information, including evidence from healthcare research. It has become impossible for all to have the time and resources to find, appraise and interpret this evidence and incorporate it into healthcare decisions. Cochrane Reviews respond to

this challenge by identifying, appraising and synthesizing research-based evidence and presenting it in a standardized format, published in The Cochrane Library ([www.thecochranelibrary.com](http://www.thecochranelibrary.com)). The Cochrane Handbook for Systematic Reviews of Interventions contains methodological guidance for the preparation and maintenance of Cochrane intervention reviews. Written in a clear and accessible format, it is the essential manual for all those preparing, maintaining and reading Cochrane reviews. Many of the principles and methods described here are appropriate for systematic reviews applied to other types of research and to systematic reviews of interventions undertaken by others. It is hoped therefore that this book will be invaluable to all those who want to understand the role of systematic reviews, critically appraise published reviews or perform reviews themselves.

This book engages recent scholarship on trans-corporeality, disability studies, and environmental justice. Ray argues that environmental discourse often frames ecological crisis as a crisis of the body, therefore promoting ecological health at the cost of social equality. Ray urges us to be careful about the ways in which we construct "others" in our arguments to protect nature.
