"The Borgias have always been fascinating. Famous for giving us some of Rome's most distinguished dignitaries in the 16 th century, but also for their Machiavellian cunning and their skills with poisons, the Borgias are a symbol of Renaissance decadence. Jodorowsky and Manara have

---

made the story of that diabolical dynasty their own, to bring us a forceful saga that combines power, betrayal, death and sacrilege"--Publisher's description.

With warmth, lucidity and

good humour, Pagnol, a

boy from the city,

recounts the glorious

summer days he spent

exploring the sun-baked Provençal countryside. He

vividly captures the

atmosphere of a

childhood filled with the

simple pleasures: a meal,

a joke, an outing shared

with his close-knit and

loving family. These heart-

warming stories remind us

of how children can invest

the smallest event or

statement with incredible

significance, how

mysterious the workings

of the adult world can

seem to them and how

painful the learning

process can often prove.

However, Pagnol's

writing is filled with

enormous optimism and

delight. And his triumph in

these classic memoirs is

to have created that rare

thing, a work suffused

with joy. 'Pagnol's place

Jodorowsky puts a supernatural spin on one of the greatest myths in the history of France, The Man in the Iron Mask, rewritten as a grand, esoteric fable. The 18th century. In a monastery in the North of Spain hides the sacred temple of the Knights of Heliopolis: an assembly of immortal alchemists cut off from the world. As disciple Seventeen prepares to complete his training and integrate order, his master Fulcanelli reveals to the other knights the terrible secret of his origins –

Seventeen is actually the hidden son of King Louis XVI and Marie-Antoinette! Will the young heir remain in the shadows, faithful to the millennial precepts of Alchemy, or reveal himself and claim the throne?

Akhmatova began the three-decade process of writing "Requiem" in 1935 after the arrests of her son, Lev Gumilev, and her third husband. The autobiographical fifteen-poem cycle primarily chronicles a mother's wait—lining up outside Leningrad Prison every day for seventeen months—for news of her son's fate. But from this limbo, Akhmatova expresses and elevates the collective grief for all the thousands vanished under the process speculate about their loved ones' fates. Similarly, Akhmatova wrote "Poem without a Hero" over a long period. It takes as its focus the transformation of Akhmatova's beloved city of St. Petersburg—historically a seat of art and culture—into Leningrad. Taken together, these works plumb the foremost themes for which Akhmatova is known and revered. When Ohio University Press published D. M.
