The leading text in the U.S. survey course.

These Truths: A History of the United States Scholarly Pub Office Univ of
Chronicles the history of America's pursuit of liberty, tracing the struggles among freed slaves, union organizers, women rights advocates, and other groups to widen freedom's promise

The Americanization of the World Harper Collins

A "deeply researched and bracing retelling" (Annette Gordon-Reed, Pulitzer Prize – winning historian) of the American Revolution, showing how the Founders were influenced by overlooked Americans—women, Native Americans, African Americans, and religious dissenters. Using more than a thousand eyewitness records, *Liberty Is Sweet* is a "spirited account" (Gordon S. Wood, Pulitzer Prize – winning author of *The Radicalism of the American Revolution*) that explores countless connections between the Patriots of 1776 and other Americans whose passion for freedom often brought them into conflict with the Founding Fathers. "It is all one story," prizewinning historian Woody Holton writes. Holton describes the origins and crucial battles of the Revolution from Lexington and Concord to the British surrender at Yorktown, always focusing on

marginalized Americans—enslaved Africans and African Americans, Native Americans, women, and dissenters—and on overlooked factors such as weather, North America's unique geography, chance, misperception, attempts to manipulate public opinion, and (most of all) disease. Thousands of enslaved Americans exploited the chaos of war to obtain their own freedom, while others were given away as enlistment bounties to whites. Women provided material support for the troops, sewing clothes for soldiers and in some cases taking part in the fighting. Both sides courted native people and mimicked their tactics. *Liberty Is Sweet* is a "must-read book for understanding the founding of our nation" (Walter Isaacson, author of *Benjamin Franklin*), from its origins on the frontiers and in the Atlantic ports to the creation of the Constitution. Offering surprises at every turn—for example, Holton makes a convincing case that Britain never had a chance of winning the war—this majestic history revivifies a story we thought we already knew.

Empire for Liberty Routledge

An award-winning historian recounts the history of American liberty through the stories of thirteen essential documents. Nationalism is inevitable: It supplies feelings of belonging, identity, and recognition. It binds us to our neighbors and tells us who we are. But increasingly -- from the United States to India, from Russia to Burma -- nationalism is being invoked for unworthy ends: to disdain minorities or to support despots. As a result, nationalism has become to many a dirty word. In *Give Me Liberty*, award-winning historian and biographer Richard Brookhiser offers up a truer and more inspiring story of American nationalism as it has evolved over four hundred years. He examines America's history through thirteen documents that made the United States a new country in a new world: a free country. We are what we are because of them; we stay true to what we are by staying true to them. Americans have always sought

liberty, asked for it, fought for it; every victory has been the fulfillment of old hopes and promises. This is our nationalism, and we should be proud of it.

Born American Born for Liberty

"A brilliant orator, a firebrand for freedom and individual rights, Henry stands as an American luminary, and Kukla's magisterial biography shines the glow of achievement on subject and author alike" (Richmond Times Dispatch). Patrick Henry restores its subject, long underappreciated in history as a founding father, to his seminal place in the story of American independence. Patrick Henry is best known for his fiery declaration, "Give me liberty, or give me death!" Born in 1736, he became an attorney and planter before being elected as the first governor of Virginia after independence, winning reelection several times. After declining to attend the Constitutional Convention of 1787, Henry opposed the Constitution, arguing that it granted too much power to the central government. He pushed vigorously for the ten amendments to the new Constitution, and then supported Washington and national unity against the bitter party divisions of the 1790s. Henry denounced slavery as evil, but he accepted its continuation. Henry was enormously influential in his time, but many of his accomplishments were subsequently all but forgotten. Jon Kukla's "detailed, compelling...definitive" (Kirkus Reviews) biography restores Henry and his Virginia compatriots to the front rank of advocates for American independence. Kukla has thoroughly researched Henry's life, even living on one of Henry's estates. He brings both newly discovered documents and new insights to Henry, the Revolution, the Constitutional era, and the early Republic. This "informational and enlightening biography of the great agitator for democracy" (Library Journal) is a vital contribution to our understanding of the nation's founding.

Born for Liberty Simon and Schuster

In the 1970s, feminist slogans proclaimed "Sisterhood is powerful," and women's historians searched through the historical archives to recover stories of solidarity and sisterhood. However, as feminist scholars have started taking a more

intersectional approach—acknowledging that no woman is simply defined by her gender and that affiliations like race, class, and sexual identity are often equally powerful—women’s historians have begun to offer more varied and nuanced narratives. The ten original essays in *U.S. Women's History* represent a cross-section of current research in the field. Including work from both emerging and established scholars, this collection employs innovative approaches to study both the causes that have united American women and the conflicts that have divided them. Some essays uncover little-known aspects of women’s history, while others offer a fresh take on familiar events and figures, from Rosa Parks to Take Back the Night marches. Spanning the antebellum era to the present day, these essays vividly convey the long histories and ongoing relevance of topics ranging from women’s immigration to incarceration, from acts of cross-dressing to the activism of feminist mothers. This volume thus not only untangles the threads of the sisterhood mythos, it weaves them into a multi-textured and multi-hued tapestry that reflects the breadth and diversity of U.S. women’s history.

ANTHEM Princeton University Press

This reader contains both classic and unusual documents describing the history of women in the United States. They provide dramatic evidence that outspoken women attained a public voice and participated in the development of national events and policies long before they could vote: Elizabeth Cady Stanton spoke out for legal equity; Ida Wells Barnett investigated and exposed lynching; Abigail Adams asked her husband to "remember the ladies"; and Amelia Barr wanted to know why "discontented" women were interested in suffrage anyway.

A History of Women in America Nimble Books

1906 bestseller shockingly reveals intolerable labor practices and unsanitary working conditions in the Chicago stockyards as it tells the brutally grim story of a Slavic family that emigrates to America full of optimism but soon descends into numbing poverty, moral degradation, and despair. A fiercely realistic American classic that will haunt readers long after they've finished the last page.

Addressed to the Inhabitants of America, on the Following Interesting Subjects, viz.: I. Of the Origin and Design of Government in General, with Concise Remarks on the English Constitution. II. Of Monarchy and Hereditary Succession. III. Thoughts on the Present State of American Affairs. IV. Of the Present Ability of America, with some Miscellaneous Reflections

Born for Liberty Harper Collins

The unforgettable saga of one enslaved woman's

fight for justice--and reparations Born into slavery, Henrietta Wood was taken to Cincinnati and legally freed in 1848. In 1853, a Kentucky deputy sheriff named Zebulon Ward colluded with Wood's employer, abducted her, and sold her back into bondage. She remained enslaved throughout the Civil War, giving birth to a son in Mississippi and never forgetting who had put her in this position. By 1869, Wood had obtained her freedom for a second time and returned to Cincinnati, where she sued Ward for damages in 1870. Astonishingly, after eight years of litigation, Wood won her case: in 1878, a Federal jury awarded her \$2,500. The decision stuck on appeal. More important than the amount, though the largest ever awarded by an American court in restitution for slavery, was the fact that any money was awarded at all. By the time the case was decided, Ward had become a wealthy businessman and a pioneer of convict leasing in the South. Wood's son later became a prominent Chicago lawyer, and she went on to live until 1912. McDaniel's book is an epic tale of a black woman who survived slavery twice and who achieved more than merely a moral victory over one of her oppressors. Above all, *Sweet Taste of Liberty* is a searing reminder of the lessons of her story, which establish beyond question the connections between slavery and the prison system that rose in its place.

From Impressionism to Post-Impressionism - Art History Book for Children | Children's Arts, Music & Photography Books Simon and Schuster

NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning *The Daily Show* with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, *The Daily Show* with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of *The Daily Show*'s most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics-a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election

coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, *The Daily Show* has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

Gingerbread for Liberty! HarperCollins College Division

The *Oxford History of the United States* is by far the most respected multi-volume history of our nation. The series includes three Pulitzer Prize winners, two New York Times bestsellers, and winners of the Bancroft and Parkman Prizes. Now, in the newest volume in the series, one of America's most esteemed historians, Gordon S. Wood, offers a brilliant account of the early American Republic, ranging from 1789 and the beginning of the national government to the end of the War of 1812. As Wood reveals, the period was marked by tumultuous change in all aspects of American life--in politics, society, economy, and culture. The men who founded the new government had high hopes for the future, but few of their hopes and dreams worked out quite as they expected. They hated political parties but parties nonetheless emerged. Some wanted the United States to become a great fiscal-military state like those of Britain and France; others wanted the country to remain a rural agricultural state very different from the European states. Instead, by 1815 the United States became something neither group anticipated. Many leaders expected American culture to flourish and surpass that of Europe; instead it became popularized and vulgarized. The leaders also hope to see the end of slavery; instead, despite the release of many slaves and the end of slavery in the North, slavery was stronger in 1815 than it had been in 1789. Many wanted to avoid entanglements with Europe, but instead the country became involved in Europe's wars and ended up waging another war with the former mother country. Still, with a new generation emerging by 1815, most Americans were confident and optimistic about the future of their country. Named a New York Times Notable Book, *Empire of Liberty* offers a marvelous account of this pivotal era when America took its first unsteady steps as a new and rapidly expanding nation.

Story of American Freedom Oxford University Press

Tells the story of the men throughout American history who used the rhetoric of liberty to further imperial ambitions, and argues that the quest for empire has guided the nation's architects from the very

beginning--and continues to do so today. By the author of *The CIA in Guatemala*.

America's Women Vintage

Records the courage and self-reliance of an Indian girl who lived alone for eighteen years on an isolated island off the California coast when her tribe emigrated and she was left behind.

Born for Liberty: A History of Women in America Rutgers University Press

The women most crucial to the feminist movement that emerged in the 1960's arrived at their commitment and consciousness in response to the unexpected and often shattering experience of having their work minimized, even disregarded, by the men they considered to be their colleagues and fellow crusaders in the civil rights and radical New Left movements. On the basis of years of research, interviews with dozens of the central figures, and her own personal experience, Evans explores how the political stance of these women was catalyzed and shaped by their sharp disillusionment at a time when their skills as political activists were newly and highly developed, enabling them to join forces to support their own cause.

Tidal Wave Henry Holt and Company (BYR)

In this eye-opening companion volume to her acclaimed history *Founding Mothers*, number-one New York Times bestselling author and renowned political commentator Cokie Roberts brings to life the extraordinary accomplishments of women

who laid the groundwork for a better society. Recounted with insight and humor, and drawing on personal correspondence, private journals, and other primary sources, many of them previously unpublished, here are the fascinating and inspiring true stories of first ladies and freethinkers, educators and explorers. Featuring an exceptional group of women—including Abigail Adams, Dolley Madison, Rebecca Gratz, Louise Livingston, Sacagawea, and others—*Ladies of Liberty* sheds new light on the generation of heroines, reformers, and visionaries who helped shape our nation, finally giving these extraordinary ladies the recognition they so greatly deserve.

History As the Story of Liberty InterVarsity Press

Traces the role of American women in history, from the Iroquois matron and Puritan "goodwife" to the dual-role career woman and mother of the eighties
