**The reign of  
queen Victoria.  
A reading book  
of history**

Rowman &

Littlefield

This book relates three years (1921-1924) in the life of Gilbert Bagnani, a young Italian archaeologist in Greece, based on his letters to his mother in Rome, at first as a non-partisan observer of, and later as an active participant in, some of the most tumultuous events in modern Greek history.

Queen Marie

Antoinette, wife of King Louis XVI of France and Queen Henrietta Maria, wife of King Charles I of England were two of the most notorious queens in European history. They both faced accusations that they had transgressed social, gender and regional norms, and attempted to defend themselves against negative reactions to their behavior. Each queen engaged with the debates of her time concerning the place of women within their families, religion, politics, the public sphere and court culture and attempted to counter criticism of her foreign origins and

political influence. The impeachment of Henrietta Maria in 1643 and trial and execution of Marie Antoinette in 1793 were also trials of monarchical government that shaped the English Civil Wars and French Revolution. Born to Rule V&R Unipress

Investigates the field of German life writing, from Rahel Levin Varnhagen around 1800 to Carmen Sylva a century later, from D ö blin, Becher, women's WWII diaries, German-Jewish memoirs, and East German women's interview literature to the autofiction of Lena Gorelik.

*Being Elizabeth* Springer Nature  
Justin Vovks In Destinys Hands is the heartbreaking

---

story of five children of Austrias iconic empress, Maria Theresa, who watched as their royal worlds were ripped apart by tragedy and epic misfortunes. These are the stories of Joseph, whose disastrous reign forced Austria to the brink of civil war; Amalia, the brazen and scandalous duchess who married a boy-prince and died exiled and forgotten; Leopold, Maria Therasas unassuming second son, who was the envy of Europe until his tumultuous reign was cut tragically short; Maria Carolina, the very Austrian queen of Naples, who ended her days fighting Napoleon with her

dying breath; and Marie Antoinette, the legendary teenage bride, who was hated and reviled as Queen of France and met her ultimate fate on the guillotine, a testimony to her mothers vain ambition. Painstakingly researched and masterfully crafted, *In Destinys Hands* brings to vivid life the world of the eighteenth century like never before. Readers will find many fascinating details in *Vovks In Destinys Hands*. *Vovk* has shed light on these individuals and provided a much needed new work on Maria Therasas progeny. Julia P. Gelardi, author of the critically acclaimed

AuthorHouse  
Julia Gelardi's *Born to Rule* is an historical tour de force that weaves together the powerful and moving stories of the five royal granddaughters of Queen Victoria. These five women were all married to reigning European monarchs during the early part of

the 20th century, and it was their reaction to the First World War that shaped the fate of a continent and the future of the modern world. Here are the stories of Alexandra, whose enduring love story, controversial faith in Rasputin, and tragic end have become the stuff of legend; Marie, the flamboyant and eccentric queen who battled her way through a life of intrigues and was also the mother of two Balkan queens and of the scandalous Carol II of Romania; Victoria Eugenie,

Spain's very English queen who, like Alexandra, introduced hemophilia into her husband's family-with devastating consequences for her marriage; Maud, King Edward VII's daughter, who was independent Norway's reluctant queen; and Sophie, Kaiser Wilhelm II's much maligned sister, daughter of an Emperor and herself the mother of no less than three kings and a queen, who ended her days in bitter exile. *Born to Rule* evokes a world of luxury, wealth, and

---

power in a bygone era, while also recounting the ordeals suffered by a unique group of royal women who at times faced poverty, exile, and death. Praised in their lifetimes for their legendary beauty, many of these women were also lauded-and reviled-for their political influence. Using never before published letters, memoirs, diplomatic documents, secondary sources, and interviews with descendents of the subjects, Julia Gelardi's *Born to Rule* is an astonishing and

memorable work of popular history. [The Reign of Constantine, 306–337](#) BoD – Books on Demand A groundbreaking account of how Britain became the base of operations for the exiled leaders of Europe in their desperate struggle to reclaim their continent from Hitler, from the New York Times bestselling author of *Citizens of London and Those Angry Days* When the Nazi blitzkrieg rolled over continental Europe in the early days of

World War II, the city of London became a refuge for the governments and armed forces of six occupied nations who escaped there to continue the fight. So, too, did General Charles de Gaulle, the self-appointed representative of free France. As the only European democracy still holding out against Hitler, Britain became known to occupied countries as “Last Hope Island.” Getting there, one young emigré declared, was “like getting to heaven.” In this epic, character-

---

driven narrative, acclaimed historian Lynne Olson takes us back to those perilous days when the British and their European guests joined forces to combat the mightiest military force in history. Here we meet the courageous King Haakon of Norway, whose distinctive “H7” monogram became a symbol of his country’s resistance to Nazi rule, and his fiery Dutch counterpart, Queen Wilhelmina, whose antifascist radio broadcasts rallied the spirits of her defeated people.

Here, too, is the Earl of Suffolk, a swashbuckling British aristocrat whose rescue of two nuclear physicists from France helped make the Manhattan Project possible. Last Hope Island also recounts some of the Europeans’ heretofore unsung exploits that helped tilt the balance against the Axis: the crucial efforts of Polish pilots during the Battle of Britain; the vital role played by French and Polish code breakers in cracking the Germans’ reputedly indecipherable

Enigma code; and the flood of top-secret intelligence about German operations—gathered by spies throughout occupied Europe—that helped ensure the success of the 1944 Allied invasion. A fascinating companion to *Citizens of London*, Olson’s bestselling chronicle of the Anglo-American alliance, *Last Hope Island* recalls with vivid humanity that brief moment in time when the peoples of Europe stood together in their effort to roll back the tide of

---

conquest and restore order to a broken continent. Praise for Last Hope Island “In Last Hope Island [Lynne Olson] argues an arresting new thesis: that the people of occupied Europe and the expatriate leaders did far more for their own liberation than historians and the public alike recognize. . . . The scale of the organization she describes is breathtaking.”—The New York Times Book Review “Last Hope Island is a book to be welcomed, both for the past it recovers and also,

quite simply, for being such a pleasant tome to read.”—The Washington Post “[A] pointed volume . . . [Olson] tells a great story and has a fine eye for character.”—The Boston Globe *Dominus Vobiscum* Random House This book explores the reign of Constantine the Great (306–337) and, more generally, the political history of the third century, thus putting Constantine's career and many of his decisions in context. It traces events under the first Tetrarchy and then explores Constantine's rise to power, his rule

and reforms, and continuity and change with regard to his predecessors. It considers how he was able to transform the empire and establish his own dynasty, highlighting his political and military prowess, and therefore provides an essential overview of the political history of the period.

and Zita were four women who were born to rule. In "Imperial Requiem," Justin C. Vovk narrates the epic story of four women who were married to the reigning monarchs of Europe's last empires during the late nineteenth and early twentieth centuries. Using a diverse array of primary and secondary sources, letters, diary entries, and interviews with descendants, Vovk provides an in-depth look into the lives of four extraordinary women who stayed faithfully at

their husbands' sides throughout the cataclysm of the First World War and the tumultuous years that followed. At the centers of these four great monarchies were Augusta Victoria, Germany's revered empress whose unwavering commitment to her husband made her a national icon; Mary, whose Cinderella story and immense personal strength made her the soul of the British monarchy through some of its greatest crises; Alexandra, the ill-fated tsarina who helped topple the

Russian monarchy through her ineffective rule; and Zita, the resolute empress of Austria whose story of loss and exile captivated the world's attention for seven decades. "Imperial Requiem" shares the fascinating story of four princesses who married for love, graced imperial thrones, and watched as their beloved worlds were torn apart by war, revolution, heartache, and loss.

 Boydell & Brewer  
 As the founder and head of Atlantic Records, Ahmet Ertegun signed and/or recorded many of the greatest musical artists of all time, from Ray Charles to Kid Rock. Working

---

alongside his older brother, Nesuhi, one of the preeminent jazz producers of all time, and the legendary Jerry Wexler, Ertegun transformed Atlantic Records from a small independent record label into a hugely profitable multinational corporation. In successive generations, he also served as a mentor to record-business tyros like Phil Spector, David Geffen, and Lyor Cohen. Brilliant, cultured, and irreverent, Ertegun was as renowned for his incredible sense of personal style and

nonstop A-list social life as his work in the studio. Blessed with impeccable taste and brilliant business acumen, he brought rock 'n roll into the mainstream while creating the music that became the sound track for the lives of multiple generations.--From publisher description. [A New Dictionary of the Portuguese and English Languages](#) Gorilla Convict Publications The number-one bestselling author delivers her most provocative, sizzling novel yet—a story of money, power,

love, and betrayal that only Barbara Taylor Bradford could write. At age twenty-five, Elizabeth Deravenel finds herself in a position few women her age could image: the head of Deravenels, a business empire that spans the globe. It's a company whose reach is wide and whose secrets are deep. Deravenels has roots that go far back in her family's history, and she knows the price that many had to pay to see it reach the success it is today. And Elizabeth is the

---

youngest executive in the company she now leads. Surrounded by rumors and disloyalty, she knows that there are many people who would give anything to take down the company—and her with it. With her enemies circling, she finds herself at a crossroad of choices involving her mind, her heart, and her destiny. As scandal surrounds the one man she's ever loved, Elizabeth discovers how the next move she makes could have deadly and final consequences. Being Elizabeth is

Barbara Taylor Bradford at her storytelling best. "Rife with dastardly internecine struggles, smoldering illicit passion, and cowardly insidious betrayals...packs as much intrigue as any Shakespearean royal drama." ---Booklist on The Heir  
**In Destiny's Hands** Harrison House Publishers  
This crossdisciplinary collection of essays combines qualitative and quantitative approaches to re-examine the most influential contemporary

theories of intercultural relations and their application in various domains including historiography, sociology and cultural studies. A particular focus lies on Central Europe, historical Banat and Transylvania, but also on the current public policies toward ethnic and religious minorities as well as recent immigrants. It argues that much more complex approaches are needed, both historically and conceptually, in exploring intercultural relations. Thus, the political

---

decision-making in East Central European countries and the European Union as a whole could benefit from a well-informed historical perspective by learning from the successes and errors of their predecessors.

*The Reign of Louis the Sixteenth; and a Complete History of the French Revolution. With Notes, Etc* St.

Martin's Press

In 1841 John Timbs wrote a book called *Popular Errors Explained*. It went on - with Timbs' other great series 'Curiosities of ...' - to become one of the great popular books of the 19th century, running

into many editions and selling hundreds of thousands of copies. Some say the popularity of his one hundred and fifty volumes led him to outsell a certain Mr Dickens. Stewart McCartney, under the Timb's title of *Popular Errors Explained* has created a new book, capturing the zeal and enthusiasm of the original, to be 'agreeable, by way of abstract and anecdote so as to become an advantageous and amusing guest at any intellectual fireside.' The book has completely new material - around 200 or so 'popular errors' from science and literature, history, sport,

popular culture and so on. Each entry will have that eyebrow raising 'I didn't know that!' or 'Surely that cannot be true!' feel. Every one will explode a commonly held misbelief.
