This book presents those concepts, and more, both in print and with directions to YouTube.com videos that give clarity that text can rarely provide. The recipes start with the simplest and stay basic and detailed. The Glossary provides not just definitions but what a cook should know about

the term. It concludes with a list of cookbooks and reference books to look to after completing this book and has a 80 + question quiz.

He lost Molly, the woman he secretly loves, when she vanished before his eyes at the exact same time that ten percent of the inhabitants of Earth disappeared. Naturally upset, Sam follows clues about the global vanishing with questionable help from his friends including a misanthropic co-worker and a childhood pal. When Molly reappears in the body of a man during a night of monster-laden devastation, Sam finally learns the truth.
