I currently have a

Solution 862 alarm, that has not been connected to power or had a battery for at least 2 years. I don't have the master code. With it being disconnected for so long, what are my chance of the settings being "default", so I can set it up again??? I have the installer manual etc, but there is nothing mentioned about that

I have a Bosch alarm

15+ years, over the years it's been upgraded to support cellular monitoring etc, and Im keen to keep the system as I haven't found a true WAF replacement for the codepad etc. that still supports monitoring here in NZ. So I've been looking at the Konnected INTERFACE kit to upgrade the system to support some more smarts via HomeAssistant, but need to ...
