[Solution Ultima 880 Quick Reference Guide - Serious Security](#)

I have a Bosch alarm system, its pretty old 15+ years, over the years it's been upgraded to support cellular monitoring etc, and Im keen to keep the system as I haven't found a true WAF replacement for the codepad etc. that still supports monitoring here in NZ. So I've been looking at the Konnected INTERFACE kit to upgrade the system to support some more smarts via HomeAssistant, but need to ...

To exit Installer ' s Programming Mode, enter 960#. Two beeps will be heard and the STAY and AWAY indicators will no longer display. The system has now returned to the disarmed state and is now ready for use. The table below is a quick guide to programming: Enter Installer ' s Programming Mode 1234# Exit Installer ' s Programming Mode 960#
